

The Twin Daggers of Colonialism: The Alliance of the Jewish Entity and the Hindu State Against the Muslim Ummah

The strategic landscape across Muslim lands is driven by deliberate and venomous American design of which Hindu-Jewish Alliance is an important tool. American strategy for "Greater Middle East"—stretching from the shores of the Mediterranean across to Afghanistan, Pakistan, and the borders of Central Asia—relies heavily on the empowerment of two colonial outposts: the Jewish entity in the heart of the Arab world, and the Hindu State in the Indian Subcontinent.

This strategic alignment is not an organic alliance born in a vacuum; it is the physical manifestation of America's imperial blueprint to permanently keep the Ummah divided, weak, subservient and subjugated through occupation and agent rulers. Washington has tasked these two entities with policing the vast expanse from the Mediterranean Sea to the Himalayas. The overarching objective is to encircle Muslim lands, extinguish any embers of an Islamic political revival, and secure the region's resources for Western capitalist exploitation. By anchoring the Middle East with the Jewish entity and the Subcontinent with the Hindu State, America has created a unified anvil upon which the Muslims are systematically struck with their agent rulers satisfied in compliance.

The Hindutva and Zionism Are Two Faces of One Occupation. The ruling Bharatiya Janata Party (BJP) in India, under the leadership of Narendra Modi, has fully embraced its role as an agent of this American strategy. The Hindu State meticulously studies and imports the brutal tactics perfected by the Jewish entity in Palestine to tighten its suffocating grip over Muslim-majority Kashmir. The methods of violence, the demographic alterations, and the narrative justifications are identical. As Allah the Almighty revealed regarding the reality of our enemies: ﴿لَتَجِدَنَّ أَشَدَّ النَّاسِ عَدَاوَةً لِّلَّذِينَ آمَنُوا الْيَهُودَ وَالَّذِينَ أَشْرَكُوا﴾ **“You will surely find the most intense of the people in animosity toward the believers to be the Jews and the mushrikeen.”** [TMQ Surah Al-Maidah: 82].

The deepening cooperation between New Delhi and Tel Aviv has moved far beyond diplomatic pleasantries; it has metastasized into a complete integration of warfare doctrines aimed directly at subjugating Muslims. With defense deals projected between \$8 to \$10 billion, this transactional relationship has evolved into joint co-production and deep technology transfers.

The Hindu State has become the lifeblood of the Jewish entity's military-industrial complex. According to the Stockholm International Peace Research Institute (SIPRI), the Jewish entity directed a staggering 43% of its total arms exports to India in 2021. In return, India produces components for 'Israeli' weapons and co-develops advanced systems, while receiving technology for air defense systems like the Iron Dome, Iron Beam, and "Kamikaze" loitering munitions.

The Hindu state has been an important supplier of arsenal to Jewish entity for Gaza Genocide. When the Jewish entity faced potential supply chain bottlenecks during its barbaric extermination campaign from late 2023 through 2026, the Hindu State eagerly stepped in as the critical backup supplier. Indian factories produced and exported explosives, propellants, and ammunition components to sustain the slaughter of believers in Gaza.

Joint ventures, such as Adani-Elbit Advanced Systems India Limited, manufacture Hermes 900 MALE UAVs and Heron drones on Indian soil. These are the very same drones that rain destruction upon the Muslims of Gaza and are now deployed over the valleys of Kashmir to monitor and terrorize any stirrings of resistance.

In the Cyberwarfare & Intelligence, the Hindu State has eagerly deployed the Jewish entity's cyber weapons, most notably the Pegasus spyware. The intelligence agencies of both entities share a profound, visceral hatred for the concept of Islamic political authority and Jihad, routinely exchanging intelligence under the deceptive guise of "counter-terrorism."

The Hindu regime has been actively implementing the Zionist Model in the occupied Kashmir. This blood-soaked partnership is directly mirrored in the subjugation of Kashmir. Following the

sudden abrogation of Kashmir's nominal autonomy in August 2019, diplomats of the Hindu State explicitly declared their intention to replicate the "Israeli model" of occupation.

The mass demolitions of Muslim homes, calculated demographic engineering, the granting of domicile certificates to non-locals, and heavy-handed military cordons, tortures, fake encounters, are exact carbon copies of Zionist tactics utilized in the West Bank and Gaza. This is the result of deep joint training sessions and the continuous transfer of sophisticated Israeli surveillance technologies, imposing a total digital authoritarianism.

The consequences of this mutual engagement extend far beyond the borders of Palestine and Kashmir, designed to monitor and stifle the revivalist energy pulsing from the Middle East to the Subcontinent.

America seeks to embed the Hindu State as an imperial overseer in the region through frameworks like I2U2 (India, Israel, UAE, and the US) and the proposed India-Middle East-Europe Economic Corridor (IMEC). These are strategic webs designed to bypass the political will of the Muslim Ummah. By integrating the economies of treacherous Gulf regimes with the technological hub of the Jewish entity and the industrial base of India, America aims to forge an impenetrable chain of subjugation. The US focus heavily on India to project it as a naval power in the Arabian Sea, ensuring energy choke points are secured and the surrounding Muslim states are kept permanently dependent and politically castrated.

The most sinister aspect of this dual-front strategy is its application against Pakistan—the only Muslim country possessing a nuclear arsenal capable of altering the regional and global balance of power. The Hindu and Zionist intelligence apparatuses work in tandem to keep Pakistan engaged and paralyzed.

By heavily engaging diplomatically and expanding its intelligence footprint in Afghanistan post-2021, India has successfully weaponized the Durand Line. The severe escalations and dynamics of open conflict on Pakistan's western border are deliberate outcomes designed to cultivate "strategic depth" in reverse. The goal is to keep the Pakistani military exhausted, internally fractured, and permanently facing westward. By bleeding Pakistan from the west, the Hindu State ensures its eastern flank remains unchallenged, leaving it free to consolidate its tyrannical grip on Kashmir and deepen its collaboration with the Jewish entity without fear of any military response.

The political and lobbying coordination in Western capitals is equally stark, with Indian lobbying groups actively collaborating with Zionist organizations like AIPAC to shape policies universally hostile to the Muslim Ummah. Yet, the believers know that the machinations of the colonialists are destined to fail when confronted with the unified will of the Ummah. ﴿وَيَوْمَئِذٍ يُفْرِحُ﴾ **“And that day the believers will rejoice. In the victory of Allah. He gives victory to whom He wills, and He is the Exalted in Might, the Merciful.”** [TMQ Ar-Rum 4-5].

O Officers of the Muslim Armies!

Look at how the enemies of Allah consolidate their forces, share their lethal technologies, and draw their maps of dominance across your lands, while your treacherous rulers facilitate their supply lines and sign their normalization pacts. The Jewish entity and the Hindu State thrive only because the armies of the Ummah are kept confined within artificial borders, guarding the thrones of tyrants instead of marching to liberate the oppressed.

With the events unfolding in front of us where the invincibility of these powers has been shattered, it is an opportunity and a door opened for the sincere people of power and protection to sever the intelligence networks, tear up the economic corridors of treason, and mobilize the troops. Establish the Khilafah Rashidah (Rightly-Guided Caliphate) upon the method of the Prophethood, which alone possesses the ideological clarity, the economic independence, and the military might to dismantle these occupying entities and restore the honor of the Ummah from Al-Quds to Srinagar!
