

Muslim Rulers Normalize with Jews, but not with the Muslims of Palestine

(Translated)

News:

The Moroccan monarch, King Mohammed VI, has affirmed on 23 December 2020 that his state always holds the Palestinian issue at the status the Moroccan Sahara issue. He stated that, "Morocco's work to consolidate its Moroccans will never be, neither today nor in the future, at the expense of the Palestinian people's struggle for their legitimate rights," indicating that he "will continue his constructive engagement towards the establishment of a just and lasting peace in the Middle East region". Morocco affirmed that its relations with "Israel" are old and that it will not initiate relations from scratch; instead, it will renew them and give them the character of continuity. Moroccan Foreign Minister Nasser Bourita in an interview to the American Axios website on 23 December 2020, said that Morocco wants to be a bridge builder between Jews and Muslims in the region, and can also help in the "Israeli"-Palestinian peace process.

Comment:

Immediately after the normalization with the Jewish entity by the Gulf States, Morocco and Sudan, we begin to witness the influx of Jews into the capitals of such states, even without an entry visa, to the point that a wailing wall was opened for Jews on the Dubai skyline. On the other hand, we begin to see some Gulf dignitaries, who are divorced from their people, investing under the weapons of the Jews in the occupied Blessed Land of Palestine, reflecting the warmth and intimacy of relations between the Jewish entity and the regimes present in the Islamic lands. This affirms the Jewishness of those rulers and their complete loyalty to the Jews. This also confirms their lies and hypocrisy towards the Blessed Land of Palestine, and their dedication in transferring its ownership to Jews.

Since the establishment of the usurping Jewish entity in 1948, Palestinian refugees began to move into its regional states, particularly into the neighboring states such as Jordan, Lebanon and Egypt. Since then, Palestine refugees have known hunger and deprivation due to the conduct of the racist regimes over them. They were not treated as people or even as those grieving a great loss. Instead, they were, and are still, treated as strangers that are unwelcomed forever, depriving them of the least of humanitarian rights, as well as the Islamic brotherly rights over their brothers and neighbors.

The refugees were herded into camps such that these nations did not take care of them. Instead, some of their affairs were taken care of by the United Nations, the very colonialist institution that created the usurping Jewish entity on their land. As for the Gulf States, they were, and still are, asking for visas from every Palestinian who wants to work or visit, in addition to the fact that they did not accept any refugee from there. Such visas are conditional on the basis of good conduct and behavior. The most important condition for the visa applicant is that he is not involved in any hostility against the Jewish entity absolutely.

In the case of the Jordanian regime, it does not allow entry or passage to any Palestinian who heads towards any other nation via Jordan, even to perform Hajj or Umrah, if he is active in any activity against the Jewish entity or if he is an active Dawah Carrier. Similar to the Jordanian regime is Erdogan's Turkish regime, where the Jewish occupier can land in the Turkish airport without a visa and is free to roam, invest and work as if he were native to Turkey. In contrast, Palestinians cannot head to Turkey, even for medical treatment, except by submitting a stack of papers to the Turkish consulate in the Jewish entity, seeking a medical or visiting visa, by paying up to 200 dollars per visit in fees. As for Morocco, the mere visit by the people of Palestine is itself a dream that cannot be realized on the ground. So whoever from amongst the people of Palestine wishes to visit Morocco must submit the reasons for which he wants to visit. The reasons, obstructive by design, must be submitted to the Moroccan Consulate in Jordan, and then wait for a long period of time for an affirmative or negative response.

The veneer of "reasonable" language attempted by the Arab rulers is exposed by their despicable actions with al-Quds, its precincts and its people. Thus, they are two-faced hypocrites. Their "reasonable" words are confined to the rights of Jewish entity and dealing with it, whilst their words are false and fraudulent regarding the rights of the Blessed Land and its people. They use such language to justify their treason against the Blessed Land and their normalization with those upon whom is the wrath of Allah (swt). Thus they try to appease their Islamic people, who yearn for the day of fighting and killing the Jews.

In recent times, it has become clear that the Jewish entity and these regimes, including the authority of Abbas, are constraining the people of Palestine in their livelihood and movement, so that they will accept any solution for their issue, even if it is by establishing a state on less than twenty percent of their own land, as stipulated by the treacherous Oslo Accords. There is a clear message that they all want to exterminate Palestinian people or expel them from their land, so that the blessed land is given to the Jews. Perhaps, the distrust of such regimes and the rulers in Allah (swt), the Subduer, the Almighty, is what made them inclined towards Shaytan and his army. It takes only a blink of an eye, within the command of Allah (swt), for the Ummah to revive from its decline, by overthrowing the thrones of such hypocrites, trampling over them to establish the Khilafah (Caliphate) on the Method of Prophethood that will mobilize an army to kill Jews and liberate Palestine from their filth. It is reported from Abdullah bin Umar (ra) that the Messenger of Allah (saw) said, «تَقْتُلُونَ أَنْتُمْ وَيَهُودُ حَتَّى يَقُولَ الْحَجَرُ يَا مُسْلِمُ هَذَا يَهُودِيٌّ وَرَأَيْتُ تَعَالَ فَافْتُلُهُ» **"You and the Jews would fight against one another until a stone would say: O Muslim, here is a Jew behind me; come and kill him."** (Muslim)
