

It Is Not a Matter of Possibility, It is A Matter of Faith, O Rulers!

News:

President Erdogan said about Hamas's attack on the Jewish entity, "The Palestinian issue is at the root of all the problems in our region today. It is possible for permanent peace to come to the Middle East only by reaching a final solution to the Palestinian-"Israeli" problem. As we have always stated, it is extremely important to preserve the perspective of a two-state solution. The realization of a Palestinian state that has independent and geographical integrity on the basis of the 1967 borders, with Jerusalem as its capital, is a need that can no longer be postponed," he said.

Comment:

In Palestine, the mujahideen carried out missile attacks against the usurping Jewish entity in an operation they called the "Al-Aqsa Flood". The usurping Jewish entity, which was helpless in the face of these attacks, had to take an extraordinary position and called up its reserve soldiers for duty. And what makes the usurping Jewish entity so alarming is none other than the strength of a handful of Muslims.

Since 1948, when the usurping occupying Jewish entity occupied the Blessed Land, it has committed all kinds of atrocities, taking courage from the cowardice of the Arab governments and the silence of the rulers in Turkey and other Islamic countries. The terrorist Jewish entity, which massacred Muslims at every opportunity, became desperate in the face of the attacks of Muslims this time and tried to escape around the corner. ﴿لَنْ يَضُرُّوكُمْ إِلَّا أَذًى وَإِنْ يُقَاتِلُوكُمْ يُؤْلَوْكُمْ الْأَنْبَاءُ ثُمَّ لَا يَنْصُرُونَ﴾ **"They (the Jews) can do you no harm except to hurt you. If they were to go to war with you, they would turn their backs on you and flee. Then they will not be helped."** [Aali Imran 11]

This latest operation has once again shown the whole world how powerless, cowardly and inflated balloon this entity is, which is sheltering for many decades under the Arab regimes. In addition, a handful of sincere Muslims with a very limited set of opportunities has once again shown that the issue is not a matter of possibility, but of faith by leaning your back on Allah (swt). In other words, if there is faith, there is also a possibility.

Immediately after these attacks, President Erdogan, who wants to look cute to the infidels and especially to America, called on the parties to be sober in successive statements. Erdogan continued by expressing that as Turkey, they are ready to stop the conflicts as soon as possible, do everything they can to reduce the tension that has escalated with the recent events, and all the actors who have a say in the region should sincerely contribute to peace. Continuing, Erdogan said that the Palestinian issue is at the root of all the problems in the region, and the region will long for peace unless this issue is resolved fairly.

When the Jews, a people which is cursed by the language of their prophets, have been spreading mischief in the Blessed Land for years, desecrating the Al-Aqsa

Mosque and slaughtering our Palestinian brothers, what kind of justice is Erdogan talking about?! Also, at the root of the problem is not the Palestinian issue, but rather the occupying existence of the Jewish entity in the Blessed Land. The problem will not end as long as this cancerous cell is not removed and disposed of from those soils. Again, one of the main issues is the cowardice and betrayal of the rulers at the head of the ummah. These rulers have deceived Muslims for years by saying that the Al-Aqsa Mosque is our red line for years. They shook the bloody hands of the representatives of the usurping Jewish entity. They applauded the cruelty. They sacrificed the values of Muslims for the sake of real politics. These are the real problems.

However, Erdogan should have given actual support to these operations. Even though he had an opportunity to send his armies and a historical opportunity in front of him, unfortunately, he did not take a step beyond condemning, as he has always done. On the contrary, he called on the parties to implement the two-state solution, which is the malignant American plan and is the realization of a Palestinian State with east Jerusalem as its “independent” capital on the basis of the 1967 borders that legitimize Jewish existence. In any case, the rulers dressed in this humiliating dress can never be expected to mobilize armies to liberate Al-Aqsa from the usurping Jewish entity. On the contrary, they are joining the caravan of betrayal by entering into good relations with this illegitimate entity under the name of normalization. Every day, every passing hour and every passing minute, they are adding new ones to these steps of betrayal.

Therefore, Al-Quds and Al-Aqsa Mosque will never be able to achieve freedom with these cowardly rulers' messages of condemnation and the final declarations of the Organization of the Islamic Conference containing condemnation, referring to United Nations resolutions, with these rulers who rely on infidels instead of resting their backs on Allah and this noble ummah.

The one and the only one who will liberate Palestine and put an end to this persecution, save Al-Aqsa Mosque from the dirty the infidels, uproot the usurping occupying Jewish entity from the Blessed Land and mobilize its armies is, in a word, none other than a Khilafah Rashidah (rightly guided Caliphate) upon the method of the Prophethood.
