

The Selective Human Rights of the West Leave the Animals to Suffer in Gaza

News:

Al Jazeera reported on the state of Gaza Zoo during the ceasefire. The control and mass extermination of the Palestinians have meant that every living thing is a target, including the animals in the area. Gaza Zoo has suffered, with 90% of its animals left to die when the zoo keepers were forced to resign under the instruction of the Jewish entity. A terrified wolf is seen pacing the cage with its dead companions without stopping. A lone emaciated horse is shown along with the death of the rare Palestinian foxes that were being housed there.

Comment:

The barbaric nature of the secular Capitalist systems that know no boundaries in morals has resulted in such cruel actions where the enemies of Islam seek to harm every entity that is under the authority of the believers. The poor, dependent animals that are *amanah* (trust) from Allah's creation were left to starve and suffer. The Sharia laws oblige that all innocent life is protected in war, including the animals, children, the elderly and women. However, these dignities are not offered to the believers even when we follow them due to fear of Allah (swt). The recent release of Jewish hostages shows that they praised their Muslim captives with no torture trauma, even shaking their hands in "friendship". One Jewish woman wrote an extensive letter released to the media thanking the Palestinians for being so kind to her little girl so her mind would not have bad memories. Muslim prisoners released had been abused, and even their families were targeted and tortured before their release; such is the hatred of the enemies of Islam. Muhammad Nezzal, a 16-year-old teenager from Jenin at Negev Prison. Nezzal was beaten brutally several times and was released with a broken hand and a broken finger. He was a subject of medical neglect as they didn't cast his broken hand until he was released to the Red Cross. He reports a cellmate being killed by brutal beating and elder prisoners being beaten and forced to sleep on the floor, while his mother asserts the complete loss of communication since his detainment.

By Allah (swt) the evidence of the justice of Islam will be clear to the world, and the acceleration of the return of the Khilafah (Caliphate) on the way of the Prophet (saw) will be soon! The non-Muslims have witnessed a test of the bounties of Allah (swt) in the righteous treatment of the pious Muslims of Gaza, and their patience will surely be rewarded. ﴿وَسَيَعْلَمُ الَّذِينَ ظَلَمُوا أَيَّ مُنْقَلَبٍ يَنْقَلِبُونَ﴾ **"And the wrongdoers will soon know at what final place they will end up"** [Al-Shu'arā 26: 227].

Oh Muslim Ummah, do not stand by in silence as there is no excuse in matters of knowledge of the Kufr and evil without Islam; work to earn the high rewards of that are the compensation of the oppressed Ummah of Gaza and beyond.
