

Those who do Business with the Wolf Cry with the Shepherd

News:

Turkish Minister of Health Fahrettin Koca made a statement to journalists at El Arish Airport

"There is a three-way coordination team at the moment. The appropriate patients, both Egyptian, Turkish and 'Israeli', and the patients whose procedures have been completed, are decided together and their passage through the Rafah Border Gate is ensured. Therefore, we are in close communication with 'Israel' and the Minister of Health in this sense. Our desire to end this war as soon as possible. Our desire is to be able to deliver this aid to all Gazans and Palestinians who need treatment.' (A.A15.11.2023)

Comment:

What is humiliation? If I think the answer to his question is that in the face of the massacres, destruction and unprecedented cruelty experienced in Gaza over the past forty days, the rulers at the head of Muslims are burying their heads in the sand and pretending to be blind and deaf. The infidel Jewish entity is committing genocide by slaughtering thousands of children, women and the helpless without a doubt. It is even destroying cities. Nonetheless, the leaders of 57 states can't even move a step. They even shamelessly continue all kinds of relationships with this infidel being.

The leaders are trying to outgas the people with the usual messages of condemnation. During the past forty days, trade with hundreds of ships to the Jewish entity from all ports of Turkey has never stopped. The President of Religious Affairs, who calls for a boycott of the goods of the Jewish entity in the country, does not say a single word about trade with the ships. He thanks Allah for the managers who allow the products that provide food and logistics for the Jewish entity to exit from these ports! He cannot say do not be a part of this massacre.

The rulers, who have been calling for restraint in the face of the genocide carried out in the most cruel, immoral and savage way for forty days, are demonstrating the disgrace of the Jewish presence by providing food and medicine assistance to Gaza, begging permission from the Jewish presence for the evacuation of the people.

These circumstances showed the ummah again that the rulers in charge of us exist only to serve the interests of the infidels (kuffar), to control the Muslims, to prevent an operation that may occur against the infidels. Those who engage in business with the infidel, murderous Jewish entity at the same time boast about treating the patients they brought from Gaza, are like those who engage in business with the wolf, tear the lamb apart, and then mourn with the shepherd. The mask of the rulers, who show off to the public with all kinds of weapons, has fallen with the Al-Aqsa Flood. Our rulers continue to be our main problem by not taking courage from the mujahedeen that succeeded with very limited opportunities.

It is not appropriate for any honorable administrator and bureaucrat to speak other than the mobilization of the army during a massacre, to boast about bringing patients, to be proud of providing food aid. Especially to do these things with the permission of the murderer is humiliation upon humiliation.

If you really want to do something that you want to brag about, you still have the opportunity to do it. You will immediately take the armies out of the barracks and unleash them on the infidel Jewish presence. If you cut off all trade, you will go to war with them everywhere. Only when you do this, you will have the right to talk. Either you follow the obligations as a Muslim, or you will continue to be disgraced in this world and the hereafter.

Until now, your cooperation with the Jew indicates that you will not do this. But of course, our Lord will offer us Caliphs who will save us from you and protect the honor and dignity of the Ummah.

The world will be narrow to the infidel Jewish being, and wide to us.
