

Ceasefire between Hamas and the Usurping Jewish Entity

News:

A 4-day ceasefire between Hamas and the Usurping Jewish entity came into force on November 24, which included the release of 50 Jewish prisoners in exchange for 150 Palestinian prisoners and the access of fuel and humanitarian aid to Gaza.

Comment:

Pausing the 49-day war between the Usurping Jewish entity and the Qassam Brigades, the military wing of Hamas, since October 7, with a 4-day ceasefire is undoubtedly a sign of the success of the Qassam Brigades and the people of Gaza, and a sign that the Usurping Jewish entity is in a difficult situation.

This success stands out in several ways.

1- A small group of Muslims with limited resources dealt a major blow to the usurping Jewish entity, ending its myth of invincibility, exposing its weakness and vulnerability, and destroying its self-confidence and sense of superiority.

2- For the first time, the whole world has seen the occupation, relocation, massacre and atrocity that the Palestinian people have been experiencing for 75 years, but which were hidden and concealed. It has witnessed the genocide carried out by the Jewish entity in Gaza with ruthless, barbaric, brutal massacres that do not adhere to any values. These blood-chilling facts, which the humankind has seen clearly, ended the perception of the Jews as an oppressed people who were subjected to genocide and showed them how great a threat the Usurping Jewish entity is not only for Palestine, not only for Muslims, but for the whole mankind.

3- The events of October 7 have shown the Muslim peoples that their rulers do not represent them, and how disconnected and distant they are from them in terms of feelings and thoughts.

It made them realize the great separation and the deepening gap between themselves and those who govern them.

It made them realize how the imperialist kafir West imprisoned them in their countries through these rulers, how they cut them off from the Ummah, how they prevented them from taking action and how they stopped them.

It has taught that these rulers do not take any concrete steps in the face of what is happening in Gaza, that the occupying Jewish entity can continue its massacres in Gaza with the courage it takes from the silence of these regimes, that these regimes are an inseparable part of the problem of the usurping Jewish entity, and that it is essential to get rid of these regimes in order to liberate Palestine.

4- With their support for the Jewish entity, Western countries, especially America, have clearly revealed how far they have moved away from humanity, that they care

about nothing but their own power and interests, that they are openly hostile to Islam and Muslims, as well as the hypocrisy of the West and the falsity of Western values.

5- The fact that the peoples of both Muslim and non-Muslim countries organized large demonstrations in support of Palestine, the people of Gaza, and condemning the imperialist West along with the usurping Jewish entity, despite all restrictions and prohibitions, brought Palestine to the agenda of the whole humankind for the first time, and led to a historical break that revealed that the problem in Palestine is the Jewish entity.

6- The attitude, demeanor, stance and behavior of the people of Gaza, who were imprisoned in a camp of imprisonment and death, incapacitated and bereft, in the face of an unprecedented massacre, atrocity, genocide and destruction in the world, with the strength they derived from their faith and belief, had a great impact on both Muslim peoples and the whole humankind.

The honorable and courageous struggle of a small group of believers against a much stronger group has been watched with admiration by both Muslim peoples and the whole mankind.

Gaza triggered an awakening among Muslim peoples and destroyed the positive perception of the usurping Jewish entity and Western civilization among non-Muslim peoples. The faith that made the Muslims of Gaza so strong attracted the attention of other people and led to a turn towards Islam and sympathy for Muslims.

7- All this is a great achievement and a great victory.

Nothing will ever be the same from now on, neither in Muslim countries nor in Western countries.

Change cannot be prevented, cannot be stopped and is inevitable.

And it is only Islam that will bring about this change.

All that remains is for the Muslim peoples to unite under a Khilafah Rashidah (rightly guided Caliphate) upon the method of the Prophethood to form the great Muslim Ummah, to rip out the usurping Jewish entity from Palestine, to end the world domination of the imperialist kafir West, to show the superiority of Islam to the whole humankind through the implementation of Islam, and to restore the Muslim Ummah to the position of the best Ummah and take the leadership of the world.
