

Six Months of Utter Carnage in Gaza, Facilitated by the Treacherous Muslim Regimes

News:

The Muslims of Gaza have now endured six months of relentless bombings and the intensification of a brutal siege at the hands of the genocidal Zionist entity that has created an unparalleled horrific humanitarian catastrophe with indescribable levels of suffering. Over 34,000 have been slaughtered, more than half have been women and children. Massacre after massacre has been committed, including over 300 killed at the Al-Shifa Hospital. Over 70% of Gaza's homes have been damaged or destroyed. The health care system has been entirely demolished. And the people of Gaza are dying from starvation, dehydration and disease resulting from the blockade of food, medicine, clean water and fuel. The Zionist entity has committed every crime against humanity, and broken every international human rights law, emboldened by the support they have received from western colonial governments and leaders, as well as the utter inaction of the rulers and regimes of the Muslim lands to put an end to this blood bath.

Comment:

None of this could have happened without the facilitation of the cowardly leaderships of the Muslim lands who have always stood – past and present - as the main obstacle to the liberation of Palestine. In the midst of this mass slaughter, they have continued their relationships, peace agreements, normalization, commercial ties and cooperation with the genocidal Zionist entity, failing to lift a finger to protect the Palestinian Muslims from annihilation. Despite Turkish President Erdogan's fiery words against the Zionist entity, 40% of the occupation's oil continues to flow through Turkiye's Ceyhan port, fueling its war machine, and enabling it to continue its genocidal campaign. Furthermore, Ilhan Uzgel, an international relations expert and columnist for Turkiye's Kisa Dalga news portal, stated, *"Turkey could stop the working of the Kurecik radar station in Malatya in Turkey, which is crucial to the Nato missile defense system, and as far we know, it also protects the airspace of Israel,"* yet the government has failed to do so. Turkiye's leadership also maintains its trade ties with this brutal entity. The governments of Saudi Arabia, the UAE, Bahrain and Qatar have continued to allow the US to use military bases in their lands to provide protection or supply weapons to the Zionist entity to execute this bloodbath and continue its occupation.

Jordan and Egypt have maintained their humiliating peace agreements with the occupation, shamelessly waiting for the greenlight from the Zionist entity to send food and other essentials to the Muslims of Gaza. They have aided the siege on the people, allowing the Zionists to dictate what enters Gaza, rather than demolishing the occupation-imposed borders and crossings and flooding the Strip with humanitarian aid. The UAE, Bahrain, Morocco and Sudan continue to hold on to the Abraham Accords facilitating full diplomatic relations and economic, security, intelligence-sharing and military cooperation with the murderous occupation. During these past six months, the UAE has even sent a commercial shipment loaded with fresh food from Dubai, through Saudi Arabia and Jordan to the Zionist entity, using a new land bridge alternative to overcome the blockade in the Red Sea by Yemen's Houthis. The Jordanian government has also allowed the continued exportation of fresh fruits and vegetables to the genocidal occupation. This is despite the fact that Palestinian children have been dying in Gaza from starvation due to the brutal siege. Meanwhile, the regime in Saudi Arabia still expresses its desire to pursue normalization with

this blood-thirsty occupation. In an interview on the BBC in January, Saudi Arabia's ambassador to the UK confirmed that, *"absolutely there is interest"* amongst his country's leaders for an agreement with the Zionist entity, despite what he himself termed, the *"deplorable"* casualty figures and *"failure of humanity"* over Gaza.

Alongside this criminal level of betrayal of the Palestinian Muslims, the Muslim regimes have failed to send a single soldier to protect our brothers and sisters from slaughter. Rather, they have prevented their armies from moving to defend their Ummah, trying instead to desperately quell the anger of their military towards what is happening in this Blessed Land, rather than mobilizing them as Allah (swt) has commanded to liberate Palestine from this brutal occupation. Some may claim, that they have been engaging in negotiations with the Zionist entity to bring a ceasefire and end the killing. What negotiation is needed to end this bloodbath, when the mere presence of Muslim soldiers in Palestine, armed and ready to defend their Ummah would send the IDF fleeing in terror?!!

The scale of betrayal of the regimes and rulers of the Muslim lands towards the Blessed Land of Palestine, the Muslim Ummah, and the Deen of Allah (swt) is unforgivable! They are cowards and traitors – each and every one of them! They have stood idly by while Gaza and the rest of Palestine bled...following their legacy of failure to protect the Muslims of Syria, Myanmar, Kashmir, East Turkistan and elsewhere from slaughter and oppression. There is a gulf of difference between the raw anger and sentiments of the Muslims towards the occupation and its crimes, and the actions of these rulers who have engaged in business as usual with the Zionist entity. These rulers do not represent the interests or the Islamic beliefs of the Muslims in any way, and do not deserve to rule over this Ummah a single day longer. The Prophet (saw) said, *«سَيَأْتِي عَلَى النَّاسِ سِنَوَاتٌ خُدَاعَاتٌ يُصَدَّقُ فِيهَا الْكَاذِبُ وَيُكذَّبُ فِيهَا الصَّادِقُ وَيُؤْتَمَنُ فِيهَا»* **“Years of treachery will come over people in which liars are believed and the truthful are denied, the deceitful are trusted and the trustworthy are considered traitors. In those years, the Ruwaybidah will speak.”** He was asked, **“And what is Ruwaybidah?”** He said, **“The shallow man who speaks about the public affairs.”**

It is clear that Palestine will never be liberated while these Western-implemented and supported rulers and regimes remain in power. They are the tools used by Western colonial governments to keep the occupation in place and to strengthen its hand. The call therefore should not only be for this genocide to end and for Palestine to be free, but to also liberate the Muslim lands from that which keeps the Zionist entity in place - the rule of these treacherous rulers and regimes – and to replace them with the rule of the Islamic leadership of the Khilafah (Caliphate) based upon the method of the Prophethood which genuinely represents the interests of the Muslims and Islam, and that will mobilise its army to liberate every inch of the Blessed Land of Palestine.
