

The Feast of April 23 – Celebrating the Right to Childhood Exists Only for Those Children, Who Embrace Anything Else than Islam!

News:

Like the entire of the AKP gang, ruling AKP Deputy Chair Nihat Zeybekci has backed Turkey's trade relations with 'Israel' while condemning its "massacre of Muslim babies." He said, "Massacre of Muslim babies is one thing, but trade with "israel" is another thing." He justified this unjust differentiation by saying that Turkey has a free trade agreement with 'Israel' which "we sell six and buy one." (agencies; for example <https://www.duvarenglish.com/akp-deputy-chair-backs-trade-relations-with-israel-news-64230>)

Comment:

Don't put the blame on Zeybekçi alone... He is only one of the garrulous, maladroit, brainwashed children raised by the secular capitalist ideology of this secular colonial product, called Republic of Türkiye, and seated in its national assembly of Western serving puppets. He, in fact, has stated in his own words, freely and openly, what millions of Muslims across the world witness from the Turkish Government. Namely, that it is ruled by a handful of colonialist puppets, who leased out their brains and hearts to their colonialist and sionist masters, while the word "Muslim/Islam" remains most strongly as an inscription on their identity cards. These rulers and MPs, who seek to justify relations with the enemies of Islam, in particular with 'Israel' and its patron, are also a product of this ideology. So, we are not surprised when hearing AKP deputies condemning Muslims, who oppose their trade with "israel".

The whole Ummah knows, that they have sold out Allah's rule and traded the blood and honour of their Muslim Ummah for a fleeting gain... That they are filling their bellies with nothing then fire...

As stated above, he is just one of those brainwashed children raised by this ideology, which is celebrating April 23 again. Every ideology has its feast days. So has the secular, democratic, republican state of Türkiye. And April 23 – actually the day of the foundation of the secular, democratic republic of Türkiye - is celebrated as a gift to the children by its founder, Mustafa Kemal Atatürk, as a national holiday since 1921. As such, this year too, ceremonies and festivities will be held all over Türkiye. Special activities for children will be held at the Grand National Assembly building, where children will fill the seats of the parliament holding a "special parliamentary assembly" and symbolically ruling the country for one day, and electing a president to address the country on national television.

What will this symbolic president talk about in his/her speech? Probably, that they are in their thoughts with all the children across the world, especially those in Gaza, who are currently subject of a genocide... That they will grow to be best representatives of democracy and human rights in order to create a better future in which they will rescue and protect the hungry children of the conflict and war-ridden world... That they will create a better tomorrow hand in hand with all the "Turkish children" for all the children across the world... How cute, isn't it?!

These children will not recite the Qur'an on the 23rd of April in order to soothe their hurting chests in face of the atrocities, as their peers in Gaza do, when their limbs are amputated without any anaesthesia... They will not advice the adult politicians against being idle bystanders to the genocide... It is more probable that they will speak about how a true democracy is capable of rescuing the children of this world, if children embrace this ideology correctly and at an early age...

The preparations start already weeks or even months ahead, brainwashing children with the ideas of the nation's liberation from the "shackles of Islam", or the liberation of the woman from the oppression under the Islamic dress code... This is the celebration of a liberal lifestyle, that applauds hedonistic and egoistic sentiments and the rebellion against the Creator and the parents as necessary for survival. The way how these celebrations are carried out is mostly not only blasphemous, but even for the non-Muslim viewer, often at a scandalous level paedophilic. No need to go into detailed description here, as enough evidence has piled up in the media over the years. Each year we witness, how tiny children are "literally" made to prostrate in front of the values, principles, and achievements, and even the statues of Ataturk.

Every ideology has its feasts. So, this ideology celebrates the fragmentation of the Khilafah, the amputation of the Muslim lands from its main territory, Türkiye. It celebrates, that nationalist secular interests are more valuable than the bond of brotherhood among the Ummah. It celebrates the idle watching of the starvation, bombing and orphaning of Muslim children across the world, like in Nigeria, Congo, Somalia, CAR, etc. remain only some marginal reports on media. It celebrates that the Muslim folks can remain obedient when their puppet rulers call the killers of the Muslims in Syria, Yemen, or elsewhere their allies and friends... Or that the Ummah remains silent to the robbing of Muslim children from their parents in East Turkistan for indoctrination with the kufr ideas, or when Chinese security officers move in the houses of Muslim families or forcefully marry young Muslim girls. It celebrates the numbness through the anaesthesia of liberal freedoms towards the slaughter and burning to death of children in Myanmar... It celebrates its success of producing a youth, that detests martyrdom and adores worldly life, while looking away from the heroic martyrdom of thousands of Muslim children in Gaza.

So, Turkey celebrates its success of raising hypocrite children, where the right to enjoy life as a child exists only for those children, who embrace anything else than Islam!

Yes, this ideology and its advocates have all reason to celebrate. Yet, they do not regard themselves to have achieved full success. Because there are still youth protesting against the Turkish regime's silence towards the genocide in the Blessed Land, protesting against Turkey's trade with the evil occupier and murderer... So, they accuse those, who reject Turkey's subjugation to colonial siyonist interests of criminality and treason. **﴿وَلَنْ يَجْعَلَ اللَّهُ لِلْكَافِرِينَ﴾**

﴿عَلَى الْمُؤْمِنِينَ سَبِيلًا﴾ **"And Allah will never grant the disbelievers a way over the believers."**
[An-Nisa 141]

So, why would He grant these hypocrites, these supporters of genocidal murderers the rule over the Muslims any longer?! Allah (swt) is just waiting for the Ummah to raise against them unitedly.

And to those feeble politicians and rulers, who trade off their akhira for a fleeting gain, we say: **﴿قُلْ إِنْ كَانَ آبَاؤُكُمْ وَأَبْنَاؤُكُمْ وَإِخْوَانُكُمْ وَأَزْوَاجُكُمْ وَعَشِيرَتُكُمْ وَأَمْوَالٌ اقْتَرَفْتُمُوهَا وَتِجَارَةٌ تَخْشَوْنَ كَسَادَهَا وَمَسَاكِنُ تَرْضَوْنَهَا﴾** **"Say: If your fathers and your sons and your brethren and your mates and your kinsfolk and property which you have acquired, and the slackness of trade which you fear and dwellings which you like, are dearer to you than Allah and His Messenger and striving in His way, then wait till Allah brings about His command: and Allah does not guide the transgressing people."** [At-Tawbah 24].
