

The Jewish Entity Will Not Survive an Attack from the Missiles of the Khilafah Rashidah

News:

“Satellite images of a target on Tuesday—the Nevatim air base in southern ‘Israel’, home to its F-35 jet fighters—show that as many as 32 Iranian missiles managed to land within the base’s perimeter, according to analysis by Professor Jeffrey Lewis, at the Middlebury Institute for International Studies in Monterey, California.” [[Wall Street Journal](#)]

Comment:

Allah (swt) has informed the believers that the Jews will only fight when they are within their fortified strongholds. Allah (swt) said, **لَا يُقَاتِلُونَكُمْ جَمِيعًا إِلَّا فِي قُرَىٰ مُّحَصَّنَةٍ أَوْ مِنْ ۞** **وَرَاءِ جُدُرٍ ۚ بَأْسُهُمْ بَيْنَهُمْ شَدِيدٌ ۚ تَحْسَبُهُمْ جَمِيعًا وَقَلُوبُهُمْ شَتَّىٰ ۚ ذَٰلِكَ بِأَنَّهُمْ قَوْمٌ لَا يَعْقِلُونَ ۞** **“Even united, they would not dare fight against you except ‘from’ within fortified strongholds, or from behind walls. Their malice for each other is intense: you think they are united, yet their hearts are divided. That is because they are a people with no ‘real’ understanding.”** [TMQ Surah Al-Hashr 59:14].

The “Iron Dome”, “David’s Sling” “Arrow 2”, “Arrow 3” were the fortified walls the Jews thought would protect them. The fact is that the military of Iran demonstrated the ability to breach this multi-walled fortress. Iran used ballistic missiles for the attack. Some reported the use of conventional Shahab-3 variant ballistic missiles, which have a poor accuracy of hitting a target within a radius of a 2500m CEP (Circular error probable). Others report the use of Khybershikan, Fattah and Emad type modern variants were used which have an estimated target accuracy of 10m. The Emad variant of the Shahab-3 type missiles can carry a payload of up to 750kg, whereas the Fattah and Khybershikan payload is up to 500kg. The latter missiles separate from the delivery vehicle, and have maneuverable entry capability, hence making their interception much harder.

As for the results of the attacks, despite the breach, the rulers of Iran did not use the missiles to their full potential. The missiles targeted two air force bases namely, Nevatim and Tal Nof, along with the Mossad headquarters. However, the satellite images available show limited damage to the runway, and a few structures, at the Nevatim airbase in the Negev Desert, which houses F-35 fighter jets. The missiles targeting the Mossad fell 700 m off target, creating a 20 ft wide crater in the middle of a road. The small crater sizes left behind by the Iranian missiles, with many falling significantly short of their target, raises the legitimate question of whether there was a serious intent to cause significant damage in the first place.

An air-dropped 900kg Joint Direct Attack Munition (JDAM) creates a 50 ft wide crater, with a blast radius of 200 ft. So, why did high kinetic energy weapon systems, moving at hypersonic speeds at impact, and with similar explosive capabilities,

produce much smaller craters? Clearly, the Iranian leadership intentionally reduced the destructive capability of these weapon systems. Like the other rulers of Muslims, the rulers of Iran limit the use of the military capabilities of the Ummah to achieve nationalist interests. The red lines for the rulers of Muslims are set by America and its regional order.

Allah (swt) has commanded the Muslims to prepare weapons that strike terror into the hearts of the enemies. Allah (swt) said, ﴿وَأَعِدُّوا لَهُمْ مَا اسْتَطَعْتُمْ مِنْ قُوَّةٍ وَمِنْ رِبَاطِ الْخَيْلِ تُرْهِبُونَ بِهِ عَدُوَّ اللَّهِ وَعَدُوَّكُمْ وَعَآخِرِينَ مِنْ دُونِهِمْ لَا تَعْلَمُونَهُمُ اللَّهُ يَعْلَمُهُمْ ۗ وَمَا تُنْفِقُوا مِنْ شَيْءٍ فِي سَبِيلِ اللَّهِ يُوَفَّ إِلَيْكُمْ وَأَنْتُمْ لَا تُظْلَمُونَ﴾ **“Prepare against them what you believers can of military power and cavalry to deter Allah’s enemies and your enemies, as well as other enemies unknown to you but known to Allah. Whatever you spend in the cause of Allah will be paid to you in full and you will not be wronged.”** [TMQ Surah Al-Anfal 8:60].

By the Grace of Allah (swt), the Ummah possesses missiles that are capable of destroying the strategic infrastructure and military capabilities of the Jewish entity. It has brilliant sons and daughters around the world that can make significant developments in missile technology. However, the Ummah lacks a sincere leadership that will use missiles to their full potential. The current rulers of Muslims have divided and weakened the Ummah through nationalism. They ensure the dominance of the American global order. They multiply the military strength of the Ummah by zero. The Ummah will never see victory under the current rulers and their nation states.

It is clear now to all of us that the Ummah must demand that its armies uproot the rulers of Muslims. The Ummah must demand that the armies give their Nussrah to Hizb ut Tahrir for the establishment of the Khilafah Rashidah (Rightly Guided Caliphate) on the Method of Prophethood. It is the Khilafah Rashidah that will mobilize armies to liberate occupied land, and establish a world order on the basis of the dominance of the Deen.
