

NATO Secretary General Mark Rutte's Visit to Türkiye

News:

NATO Secretary General Mark Rutte visited Türkiye and met with President Erdoğan, Foreign Minister Hakan Fidan and Defense Minister Yaşar Güler.

Comment:

NATO's new Secretary General Mark Rutte said during his visit to Türkiye, "Türkiye is the 2nd largest army of the NATO."

Being the 2nd largest army of the NATO, which serves the interests of colonialist, kafir America and Europe, is more of a shame than a praise for the Turkish army.

The magnitude of this shame will be better understood when it is taken into account that many NATO member countries are coconspirators in the massacre and genocide carried out by the occupying Jewish entity in Gaza.

How can the army of Türkiye, whose people are Muslims, unite with these murderous, genocidal, enemies of Islam, Muslims and humanity with the same goals and interests?

How is it that a hundred years ago, our armies were fighting these colonialist kafir enemies, but now they are serving their interests?

How did our worst enemies become friends and allies?

This is one of the great shifts of axis that we have experienced in the absence of Islam and the Khilafah (Caliphate).

This is the sad story of an army that has led the world for centuries, shaped the world, and won great victories against the colonialist crusader westerners.

This is one of the devastating reflections of the fact that the secular Republic of Türkiye is a westernization project that serves the interests of the colonialist West.

Just as the colonialist kuffar turned the army of Türkiye, whose people are Muslims, into an army that serves the interests of NATO, a crusader-Zionist alliance, it is vitally important that we detach our armies from them and return our armies to the bosom of Muslims and Islam.

As long as we do not correct this great shift in our armies and re-establish the Khilafah Rashidah (rightly guided Caliphate) upon the method of the Prophethood, which will transform these armies into armies loyal to Allah, His Messenger, Islam and Muslims, the Muslim Ummah will not be able to get rid of the humiliation and backwardness it is experiencing.
