

Trump's Gaza Plan Is an Evil Betrayal Plan Aimed at Destroying the Palestinian Cause

News:

US President Donald Trump announced that "Israeli" Prime Minister Benjamin Netanyahu had accepted a 20-point plan that would end the war in the Gaza Strip. Trump and Netanyahu held a joint press conference after their meeting in Washington. Trump said that peace in Gaza was very close to being achieved and thanked Netanyahu for approving the plan (DW Turkish 29.09.2025).

Comment:

As the war in Gaza enters its third year, Trump, the biggest supporter of this genocide, announced a so-called peace plan regarding Gaza on September 29th. The plan was first announced as 21 items; later it was revised in line with the interests of the US and the Jewish entity and reduced to 20 items.

As anyone who reads it will easily understand that Trump's Gaza plan is an evil plan of betrayal aimed at completely liquidating the Palestinian cause by disarming the resistance, because each article of the plan contains unconditional surrender for the mujahideen and the Palestinian people.

The first article calls for Gaza to be "purified from radicalism and terrorism". In other words, Muslims in Gaza who defend their land and sacred values against the occupier are labeled as "terrorists." There is not a single reference to the crimes of the real terrorist, baby-killing Israel. The fourth article conditions the release of all captives held by Hamas. In return, it is said that 1,700 Palestinian prisoners will be released. But there is no guarantee in this regard either; because the Jewish presence can arrest the prisoners it has released whenever it wants.

The main articles that form the essence of the plan are the sixth and thirteenth articles. According to these two articles, the Qassam mujahideen will surrender their weapons to the enemy and the tunnels and weapons production facilities in Gaza will be destroyed. Thus, the people of Gaza will be left completely at the mercy of the Jewish entity. If these happen, humanitarian aid will enter Gaza and reconstruction and development activities will begin. However, this aid will not be given according to humanitarian needs; it will be given in limited amounts, little by little, and again in a slow manner. Moreover, not to the whole of Gaza, but to the "terror-free" areas, as they call them. At the same time, there is no guarantee that the occupation will end. The issue was left vague by saying "if it is made sure that the terror ends" in Gaza. This means that the occupation will never end!

Netanyahu summarized what the plan meant after his meeting with Trump: "Instead of Hamas isolating us, we turned the tables and isolated Hamas." "Now the whole world, including the Arab and Muslim world, is pressuring Hamas to accept the

conditions we set." "To release all our hostages, both the living and the deceased, while the IDF remains in most of the Strip." Yes, as Trump and Netanyahu have constantly said, the purpose of the plan is to take over Gaza and continue the occupation and atrocities, and at no paid price in a Gaza without weapons and resistance.

The saddest part is the betrayal of the so-called Muslim leaders whom Netanyahu said, "is pressuring Hamas to accept the conditions we set." These leaders are responsible for Gaza being so abandoned and the infidels being so arrogant and reckless. They neither fear God nor are they ashamed from the Ummah. No matter how much Trump insults them, they do not leave him; they compete with each other to meet him for 5 minutes and gain legitimacy from him. These leaders first showed up at Trump's table in New York, and then immediately expressed their satisfaction when Trump announced his treason plan.

Now these leaders are preparing for a great betrayal that will pass as a black stain on history under the pretext of stopping the bloodshed in Gaza and regional peace. Turkey, Qatar, Jordan, Pakistan, Saudi Arabia, and Indonesia have all been working hard to get the mujahideen to lay down their weapons. Because they gave a written commitment to Trump on this issue. It is not only limited to this; at the same time, some of these countries will send their armies to Gaza. Not to protect the people of Gaza, but to protect the terrorist soldiers of the Jewish presence from Palestinian Muslims. Moreover, these countries want to rebuild Gaza, which the Jews have turned into ruins, by shouldering the expenses and in the end, they want to present Gaza as a trophy to the infidel Trump by giving away the wealth of the ummah. In return, they will receive only a "well done" from Trump, and then they will quickly move on to normalization with the Zionist entity. Indeed, such a great humiliation has never been seen in the history of the Islamic ummah.

Therefore, it is the duty of every Muslim who supports the Palestinian cause to reject this treacherous plan and its defenders—which means political suicide, which is considered a great sin in the sight of Allah (swt)—to oppose them, and to work to neutralize the plan.

As Martyr Yahya Sinwar said: "This city (Jerusalem–Gaza) will expose all normalizers, disgrace all collaborators, and reveal the true face of those who give up and compromise."

Until Allah's (swt) help reaches those who are patient and trust in Him.
