### **The Ummah Needs the Khilafah for Strength, not Hostile States as Allies**

The Khyber Pakhtunkhwa government has decided to convene a multi-party conference (MPC) to chalk out a strategy against what it terms 'non-provision of basic infrastructure' along the proposed western route of the China-Pakistan Economic Corridor (CPEC) project. "We will soon call a meeting of all stakeholders and opposition parties to decide how to resist the centre's move" against smaller provinces, especially KP, Chief Minister Pervaiz Khattak told a press conference at the KP House on 5 January 2016. He said that all the benefits of the corridor were being transferred to Punjab, while the western route would have nothing like in terms of utility services such as gas, electricity, telecommunication and rail links.

The debate over China-Pakistan Economic Corridor has been confined to the questioning over the distribution of its benefits, when a more fundamental question is ignored. The current regime has been following the long standing policy of looking at non-Muslim states for support and strength regardless of the hostility of those states against the Ummah. So some look towards America, which has been foremost in enmity to the Ummah, invading and destroying many countries. Others look to Russia, which has shed the blood of Muslims in rivers in Chechnya and Afghanistan, supported Central Asian tyrants against their Muslim population, as well as currently bombing the Muslims of Syria to secure the tyrant Bashar al-Assad. Yet others look to China, although it has brutally oppressed the Muslims of East Turkestan, as well as persecuted Muslims throughout China for their religious adherence.

The Khilafah state (Caliphate) upon the method of the Prophethood will not depend on belligerent nations for strength, rather it will deal with them as they deserve to be dealt with, on a war footing. Instead the Khilafah on the method of the Prophethood, wherever it will arrive first, soon inshaaAllah, will work to strengthen the Muslim Lands by unifying them as one state. The Khilafah will work aggressively from the time of its establishment to eradicate the borders that have divided and weakened the Muslims before their enemies. It will seek to gather the Muslims as the most resourceful state in the entire world, on its way to becoming the world's leading state.

### **War on Terror is a War of Subjugation that Demonizes any Resistance**

The United States has urged India and Pakistan to stay the course and not allow terrorists to prevent them from engaging to resolve bilateral issues. At a 4 January US State Department news briefing, spokesperson John Kirby also asked Pakistan to act against perpetrators of this week's deadly attack on an Indian air force base. The US official noted that terrorism was a "shared challenge" that "all countries in the region" must fight together.

“Our role has been and will continue to be one of encouraging regional cooperation and communication to get at what is actually a trans-regional threat,” Mr Kirby said. Then on 6 January, Chief of Army Staff Gen Raheel Sharif praised security forces and intelligence agencies for their achievements in operations against terrorist groups in urban areas and stressed “zero tolerance” for such outfits.

“Lauding recent phenomenal successes of security/intelligence agencies in intelligence-based operations for breaking the terror nexus across the country, COAS reiterated zero tolerance for terrorist organisations and directed all concerned to continue focused efforts till sustainable peace and security was achieved,” an ISPR statement issued after the corps commanders conference said.

The US administration is setting a new standard for oppression for its agents in the Muslims World. It maintains that a belligerent nation has the right to invade and occupy Muslim Land and then insists that the Muslims cannot fight back. If they do, they are defamed as "terrorists." And then America calls upon other nations to fight the "terrorists" on its behalf, for its own armed forces lack in bravery and tenacity, despite what they possess of plentiful and sophisticated weaponry. So this is the standard that the US has applied for itself in Afghanistan and Iraq. This is why it calls upon Pakistan to fight its battles for it as the tribal Muslims valiantly and steadfastly resist the American occupying forces in Afghanistan. This is also apparently the standard that America has allowed for the Jewish state, where Palestinian Muslims are brutally persecuted for their rightful resistance to the violation of their lands. And this is also the standard that America has set for India, which can cry "terrorism" and demand that Pakistan crushes the Kashmiri Muslim resistance, despite the fact that the Hindu state has committed all manners of atrocities against the Muslims in Kashmir during its unwanted occupation.

A sincere leadership would expose the ploy of "anti-terrorism." Rather than urging Muslims to join the folly of an international coalition against “terrorism”, it would rally the Muslim armed forces to decisively liberate the Muslim Lands. No sincere Muslim leadership will ever rule by Kufr, whether it be kingship, democracy or dictatorship, so the expectation of sincerity from the current rulers of Muslims is a fool’s paradise. Thus, the Muslims must redouble their efforts for the establishment of the Khilafah, the only true leadership that will end America’s war to subjugate other nations and deny them the right to resist.

### **When Will the Muslim Armed Forces be Mobilized against India's Terrorism?**

The All Parties Hurriyat Conference (APHC) condemned on 6 January 2016 the attack on an Indian airbase in Pathankot and called it a conspiracy to derail talks between Islamabad and New Delhi. APHC Chairman Mirwaiz Maulvi Umar Farooq said that the gunmen responsible - mostly suspected to belong to the banned Jaish-i-Mohammed group - “were elements who seek to vitiate the atmosphere” between the two countries. A meeting of the APHC’s Executive Council chaired by Maulvi Farooq condemned the attack. “It is highly positive to see that these efforts have been led at the highest levels of political leadership both in India and Pakistan and that the two prime ministers have personally committed themselves towards the pursuit of peace. We appreciate their courage and we urge them to take the peace process forward in a bold way and to focus on taking bold steps to resolve issues, especially the main issue of Kashmir,” the APHC said.

Neither sporadic attacks on the Indian military nor political dialogue will bring ever peace for the Muslims of Kashmir. The solution lies in the mobilization of the Muslim armed forces against the brutal Indian occupation of the Muslim Lands of Kashmir. The current rulers have rapidly whipped together a grand coalition of 34 states in response to Obama's call for a

coalition against "terrorism." Now that they are gathered, the current rulers will as always await for direction from their Western masters, whether it is against the Muslims of Syria and their blessed revolution to re-establish the Khilafah or Muslims elsewhere. However, it never prevailed upon them to gather forces to strike at the terrorism that has existed for nearly seven decades, in the form of the occupations by the Jewish and Hindu States.

It is the Khilafah (Caliphate) upon the method of the Prophethood alone that will gather the immense military power of the Islamic Ummah as an effective liberating force to finally and decisively end the occupation of Muslim Lands.

### **Pakistan Armed Forces Must Liberate Muslims of Syria from the Tyrant Bashar**

Pakistan reaffirmed on 7 January 2016 its support to Saudi Arabia, which is embroiled in a tense standoff with Iran, and the counter-terrorism coalition that it (Riyadh) was setting up. The reiteration of support for the Saudi government was made during a shortened visit by Saudi Foreign Minister Dr Adel Al-Jubeir to Islamabad for discussions on his country's diplomatic row with Iran and the multinational coalition against terrorism it (Saudi Arabia) had announced. "People of Pakistan held the Kingdom of Saudi Arabia in high esteem and also had deep respect for the Custodian of the Two Holy Mosques. ... (they) will always stand shoulder to shoulder with the people of Saudi Arabia against any threat to its territorial integrity and sovereignty," PM Sharif told FM Jubeir, while assuring him of Pakistan's unconditional support.

The regime is expanding Pakistan's military involvement with the current Arab regimes. On 30 October 2015 a joint training exercise was carried out by Pakistan & Saudi special forces in Jhelum, Pakistan. Then came the "Islamic Alliance Against Terrorism", established under the leadership of Saudi Arabia, which is a military coalition of 35 countries was announced on 15 December 2015. On 26 December 2015, Pakistan and Royal Bahrain Navies conducted a bilateral naval exercise titled "Shaheen Al Jazeera". The exercise was conducted between Pakistan's Special Services Group-Navy (SSG-N) and the Bahrain Navy special forces at Karachi. On 3 January 2016, a joint exercise of Pakistan Special Services Group (SSG) and Bahrain National Guard Special Operation Unit (SOU) was conducted in the gulf state of Bahrain.

After the American failure to suppress the desire of Islam and its Khilafah in Syria and in the Muslim World, she has decided to form a military alliance of the treacherous rulers of Muslims, under the leadership of the so-called Guardian of the Haramain. America knows that if she intervenes to stop the establishment of Khilafah in Syria or anywhere else, then her opposition will confirm to the Muslims that their Khilafah has arrived. In the last fifteen years, military intervention by America and its crusader alliance in Afghanistan and Iraq, as well as political conferences hosted in Western capitals, have failed to deceive and defeat the Muslims. So now America is playing its very last card by ordering the ruler of the most sacred land, wearing Islamic garb as a deception, to formulate a political and military alliance to prevent America's greatest fear, the return of the Khilafah on the Method of the Prophethood.

It is upon the sincere within Pakistan's armed forces to reject the alliance of treachery, grant the Nussrah to re-establish the Khilafah (Caliphate) upon the method of the Prophethood and secure the liberation of Syria from the tyrant Bashar.
