### Comment:

This NSC (National Security Committee) meeting was attended by the services chiefs, key cabinet members and others. Surprising is the surprise shown by these leaders to the accusations of Trump, as these are the very same authorities who had allowed the land of Pakistan to be used in American interest, who have destroyed the riches of Pakistan to gain their personal riches, who took pride in becoming an ally of Kuffar and abandoned their Muslim brothers.

When America invaded Afghanistan after 9/11 in guise of eliminating Taliban, and Pakistan under Pervez Musharraf supported it in this so called "War on Terror", giving it access and selling them their own Muslim brothers, they actually were being a very active part of a 'War of Greed'. The money that Trump has mentioned has gone into the personal accounts of many. America actually paid these clowns to perform, and they did perform, but little did they know that it was like selling your soul to the devil. If it was giving them small gains it expected tremendous gains for itself. And those gains included maintaining authority in the region and getting hold of hidden resources. The resources that Allah has blessed all Muslim lands with, and for which those lands are being raided and looted. Sadly the accomplices in that looting are other Muslim lands bound in their nationalistic interests. From the time that the Saud clan played a vital role in the destruction of the Khilafah many have been playing in the hands of the enemy. Invasion of Iraq needed Iran's help. Egypt and Jordan provided their airbases for attacks on Palestine and Syria. Pakistan provided its land to America against Afghanistan twice, during first the Russian invasion and now with the Taliban.

We need to understand that belief in Allah (swt) and His obedience is the only right way to live for a Muslim. We cannot be allies with the enemies of Allah. What benefit has it brought to the Muslims to be an ally of America? Nothing but humiliation and mockery. All we see is destroyed lands, enslaved minds and bodies. Pakistan needs to understand that Afghanistan is not the enemy, but the colonialist slave mentality ruling over all the Muslim lands is the real enemy. The real fear is not what America will do if we displease it, but what will happen to us if we displease Allah (swt). This is the time to stand together firmly for your own and your brother's right. This is not the time to give justifications and remind America of the services you have already provided it, but to repent your previous mistakes and work for the establishment of Khilafah (Caliphate) upon the methodology of the Prophethood and that my dear brothers and sisters can be the only safe haven for all Muslims.
