Working to establish the Khilafah (Caliphate) is not merely a political affair. It is an act of worship through which we draw closer to Allah ﷻ, for it is a resumption of the Islamic way of life, and a fulfillment of the promise of Allah ﷻ of succession (istikhlaf) and empowerment (tamkeen) for those who believe and do righteous deeds. Ramadan is a month in which good deeds are multiplied and supplicated Dua are answered; let it be a month of renewing our covenant with Allah ﷻ to support His Deen, work to establish His ruling governance, and strive for the unity of the Ummah under the banner of "There is no god but Allah ﷻ, Muhammad is the Messenger of Allah ﷻ."

Where Has the Relentless Slaughter of Darfur Reached?

(Translated)

By: Ustadh Ibrahim Othman (Abu Khalil)*

In a sudden development, the Rapid Support Forces attacked and took control of Damra Mustariha, in North Darfur State, on Monday, February 23, 2026. This area belongs to Musa Hilal, the leader of the Mahamid tribe and head of the so-called Revolutionary Awakening Council, after they bombed the area with drones on Sunday, February 22, 2026.

Although Musa Hilal openly declared his support for the army, he did not participate in the war against the Rapid Support Forces. He remained in his region throughout the conflict, and reports

indicate that he fled to Chad after his area was overrun. There are also reports confirming the death of one of his sons, and the wounding of another. It is worth noting that Musa Hilal was previously considered an instrument of the former regime, having fought alongside it against the movements, that are now fighting alongside the government under the banner of the Joint Forces. Al-Bashir had appointed him as an advisor to the Ministry of Federal Governance in 2008.

Musa Hilal founded the so-called Revolutionary Awakening Council in 2014, and later clashed with the government, particularly after the emergence of the Rapid Support Forces (RSF) led by Mohamed Hamdan Dagalo, who had previously served in Hilal's militia. Hilal engaged in military confrontations with the RSF in 2017, which resulted in his arrest, trial, and imprisonment. He was released in 2021 following a pardon from the Sovereignty Council.

The question is, why did the government sacrifice him and delay in helping him, which allowed the Rapid Support Forces to carry out their latest operations at this time?

It is known that America's plan, through this war, is to separate Darfur at the hands of its agent Mohamed Hamdan Dagalo (Hemedti). Recently, there has been much talk about a truce between the army and the Rapid Support Forces, which means that there is an American intention to put all of Darfur in the hands of the Rapid Support Forces. Therefore, the presence of Musa Hilal in Darfur, who has armed forces, in addition to his status as a tribal leader, may hinder any future negotiations. Therefore, America instructed its agent Hemedti to get rid of him, so that only some small pockets remain in Darfur, such as the Al-Tina border region with Chad, which the Rapid Support Forces are

trying to control, despite facing fierce resistance from the people of the region, especially since this region is considered a stronghold for the forces of Minawi and Jibril.

As for the remaining battlefronts, particularly in Kordofan, fighting has been virtually at a standstill for over two months, save for occasional drone and air operations conducted by the Rapid Support Forces and the army. This effectively amounts to a truce, albeit an undeclared one, despite repeated statements from the army leadership that they will not accept any negotiations until the Rapid Support Forces are eliminated. However, America insists that this war will not end in a military victory for either side, confirming its pursuit of its criminal plan to separate Darfur.

As for why America has not imposed a truce yet, despite Massad Boulos's repeated talk about it, it is a way of conditioning people to accept a truce in light of the prolonged state of neither war nor peace that still dominates the situation on the ground today. Massad Boulos, the U.S. Senior Advisor for Arab and African Affairs, had identified five points for international coordination to end the war during the UN Security Council Briefing on Sudan held on Thursday, February 19, 2026, to discuss the crisis in Sudan. In a post on the X platform, he stressed the urgent need to end more than a thousand days of pointless conflict. He made remarks at the briefing which was chaired by British Foreign Secretary Yvette Cooper, in a clear and unified message, "There is also no military solution to this conflict... we are working ... to press for an immediate humanitarian truce, and without preconditions."

The Sudanese Foreign Ministry responded in a statement to Boulos's remarks, saying that putting forward or presenting any

proposals does not necessarily mean that the government accepts or agrees to them. This language does not necessarily imply rejection. The phrase “does not necessarily mean acceptance or agreement” can be understood as allowing for acceptance and agreement, as it can be read as “does not necessarily mean rejection.” If they were rejecting the truce proposed by Boulos, they would have explicitly stated that they would not accept any proposals or suggestions from any external party, especially since the Foreign Ministry statement speaks of considering the supreme interest of the country, Sudanese national security, full national sovereignty, the unity of Sudanese territory, the unity of its institutions, and its territorial integrity. The Sudanese Foreign Ministry emphasized that Sudan is a sovereign state and makes its positions and decisions based on its supreme national interests. One fails to understand how sovereignty and independent decision-making can be discussed when America is leading Sudan by the reins, driving it towards division and fragmentation, following the same scenario as South Sudan, ultimately leading to its secession through negotiations and an agenda imposed on the country's leaders, as acknowledged by its then-president, Al-Bashir, who stated: “America is the one who separated the South!”

We do not want to hear the phrase “America is the one who separated Darfur” later on. All those concerned about the unity of Sudan and the independence of its decision must work seriously to prevent the separation of Darfur, and not be fooled so that America can implement its diabolical plan to tear Sudan apart!

As Muslims, our fundamental principle is that we should not allow non-Muslims to interfere in our affairs, regardless of the circumstances, because they are enemies of Islam and Muslims.

This is especially true of America, which has already harmed us; how can we allow it to harm us again?! A Muslim does not accept non-Muslim interference in his affairs. When the glory of Islam was at its peak, Muawiyah refused the help of the Byzantine emperor, who tried to exploit the state of war and enmity between him and Ali ibn Abi Talib (ra). The emperor sent a message to Muawiyah saying “We have learned of what has transpired between you and Ali ibn Abi Talib, and we believe that you are more deserving of the Khilafah (Caliphate) than him. If you command me, I will send you an army that will bring you Ali’s head.” Muawiyah’s response to the Byzantine emperor was of these devastating words, (أخوان تشاجرا فما بالك تدخل فيما بينهما، إن لم تخرس أرسلت لك بجيش أوله عندك، وآخره عندي يأتونني برأسك أقدمه لعلي) “Two brothers quarreled; what business is it of yours to interfere between them? If you do not remain silent, I will send you an army, the first of which will be with you, and the last with me, and they will bring me your head, which I will present to Ali.”

This is what glory was, and this is what independent authority is. We will not enjoy true independence under these man-made systems that are subservient to the disbelieving, colonialist West, and subject to its decisions and conspiracies, unless we return to our Islam and establish our lives on its basis, under its state; the Khilafah Rashidah (Rightly Guided Caliphate) on the Model of Prophethood.

The Tyrant Trump and his Protégé, the Jewish Entity, Launch a Brutal Attack on Iran

(Translated)

America and the Jewish entity launched a wide-ranging joint attack on Iran on Saturday, with explosions rocking the capital, Tehran, and several other cities, including Qom, Isfahan, Kermanshah, and Karaj. "US President Donald Trump announced the start of an attack on Iran, saying, "We have just begun major combat operations in Iran." 'Israeli' Channel 12 reported that "Israel" struck dozens of Iranian government targets." (Al Jazeera, 28/2/2026). Trump continued his arrogant statements, asserting that America and its military are the strongest and most powerful in the world and that he would not allow Iran to possess nuclear weapons and missiles. His protégé, Netanyahu, echoed Trump's statements. Iran, for its part: "Iranian Foreign Minister Abbas Araghchi stated that his country would use its military capabilities to defend itself within the framework of its inherent right to legitimate self-defense." (Al Jazeera, 28/2/2026). Iran launched missiles at the Jewish entity and at US bases in the Gulf.

Thus, the Jewish entity's aircraft and American aircraft, from land, sea, and air, launched an attack today on military bases and government centers in Iran, mostly concentrated in the capital, on government headquarters, and on the headquarters of the Supreme Leader and the President. Their initial statements indicated that these attacks would last for four to ten days and could become open-ended until Iran's nuclear and

missile programs are dismantled. "Israeli sources indicated that the first phase of the attacks might last four days, considering it a continuation of the 12-day war launched last summer in July 2025. Meanwhile, an American source said that the current American military campaign might last about 10 days, according to CBS News." (Al-Arabiya, 28/2/2026)

O Muslims:

This brutal attack is being carried out against Iran at a time when it was orbiting in America's sphere of influence, providing it with services in its wars on Iraq, Afghanistan, and many other parts of the region. America did not raise the issue of missiles and nuclear weapons with Iran. In fact, Obama concluded the 2015 agreement, with the participation of European countries, allowing Iran to enrich uranium up to 3.67%. Iran remained within America's orbit during those years, much like Turkey. Then, when the tyrant Trump came to power, he wanted Iran to be his subservient, agent state, says what he says and do what he wants. He initially entered into deceptive negotiations in Muscat, which lasted for about five rounds. Then came the attacks by Trump and the Jews, dubbed the "12-Day War," which is exactly what happened. Trump announced the targeting of three Iranian nuclear facilities, confirming the success of the American strike. He indicated that the Fordow, Natanz, and Isfahan nuclear sites were targeted, calling on Iran to make peace and end the war. For his part, US Secretary of Defense Pete Hegseth confirmed that the American strike had eliminated Iran's nuclear ambitions. (BBC, 22/6/2025).

Those attacks did not succeed in making Iran move from a country orbiting in the orbit to an agent state. Rather, it seems that voices appeared, albeit few, calling for disengagement even

from the orbit. So, America returned to the negotiation maneuver again, focusing on the same issues, namely the disarmament of Iran's missile and nuclear weapons. And as what happened in the first round with the attack after five rounds, it happened now with the attack after three rounds!

O Muslims:

The rulers in Muslim lands have failed to grasp the gravity of becoming allies to kuffar (disbelievers), and that it brings disgrace in this world and painful punishment in the Hereafter. **﴿الَّذِينَ يَتَّخِذُونَ الْكَافِرِينَ أَوْلِيَاءَ مِنْ دُونِ الْمُؤْمِنِينَ أَبِئْتَعُونَ عِنْدَهُمُ الْعِزَّةَ فَإِنَّ الْعِزَّةَ لِلَّهِ جَمِيعًا﴾** **“Those who choose disbelievers as allies instead of the believers. Do they seek honour and power through that company? Surely all honour and power belongs to Allah”** [An-Nisa: 139].

They do not realize that kaffir nations are primarily concerned with their own interests and harbour enmity towards Islam and Muslims day and night. If they show any satisfaction with a country that orbits in their sphere of influence or even with their agents, it is because they do not wish them well, but rather conceal and declare evil. If these rulers, whether they orbit in their sphere of influence or are their agents, understood that America does not value them if its interests require their removal, they would learn from the lessons of history. How many agents has America discarded after they had exhausted their role in serving them? If these rulers had any sense, they would reject the kuffar like a seed, but they are deaf, dumb, and blind, and they will not return. **Their loyalty to the Kafir colonizers has reached the point where when any of their countries is attacked, the others do not move to its aid. The best they do is count the dead and wounded! As is the case with the attack on Iran.**

O Muslims:

Your glory lies in the return of your Khilafah Rashidah (Rightly-Guided Caliphate). The pioneer, Hizb ut Tahrir, who does not lie to its people, has dedicated itself to sincere and serious work, by Allah's permission, to resume the Islamic way of life by establishing the Khilafah Rashidah. It is truly the pioneering party that never deceives its people, a party whose goodness shines forth, and from which all who cannot bear its goodness distance themselves. This is how we perceive it, and we believe all its members working with it are serious, diligent, and sincere workers, aspiring, by Allah's permission, to the Hereafter above all else, even more so than to this world. They strive day and night, hoping for Allah's mercy, that His promise and the glad tidings of His Messenger ﷺ may be fulfilled through them. And that is not difficult for Allah to accomplish.

This is what will save the Ummah, restore its glory, strengthen its power, and make its enemies think a thousand times before attacking it. This is only by the return of its Khilafah (Caliphate) and the earth shining with its goodness and justice. Just as the Khilafah ended the arrogance of the Caesar and Khosrau and their people, so too will it end the arrogance of their followers, such as the tyrant Trump and his ilk among the Kafir colonizers.

As for the Jewish entity, it is too insignificant to be given any weight, for it is as Allah ﷻ says: ﴿لَنْ يَضُرُّوكُمْ إِلَّا أَذَىٰ وَإِنْ يُقَاتِلُوكُمْ يُؤَلُّوكُمْ ۗ وَالْأَذَىٰ ثُمَّ لَا يُنصِرُونَ﴾ **“They can never inflict harm on you, except a little annoyance. But if they meet you in battle, they will flee and they will have no helpers”** [Aal-i-Imran: 111].

It is incapable of standing firm on its own; it is not fit for fighting except with the help of people, as Al-Qawi Al-Aziz

(Almighty, All-Powerful) says: ﴿ضُرِبَتْ عَلَيْهِمُ الدَّلَّةُ أَيْنَ مَا تُقِفُوا إِلَّا بِحَبْلِ مِنَ اللَّهِ وَحَبْلِ مِنَ النَّاسِ﴾ **“They will be stricken with disgrace wherever they go, unless they are protected by a covenant with Allah or a treaty with the people”** [Aal-i-Imran: 112].

They have severed the rope of Allah, leaving them only the rope of the people—America, Europe, and their agents, the treacherous rulers in Muslim lands—who remain unmoved by the brutal aggression of the Jews. The problem lies with the existing states in Muslim lands today, for their rulers are allied with the kafir colonizers, the enemies of Islam and Muslims. Thus, the calamity of the Muslims lies in their rulers and their allegiance to the Kafir colonizers. They obey their commands and refrain from what they forbid, instead of their allegiance being to Allah ﷻ, upholding His laws, striving in His cause, and following the example of His Messenger ﷺ. If they do this, Islam and the Muslims will be honoured, and disbelief and the disbelievers will be humiliated. ﴿وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ * بَنَصْرِ اللَّهِ يَنْصُرُ مَنْ يَشَاءُ وَهُوَ﴾ **“And on that day the believers will rejoice * at the victory willed by Allah. He gives victory to whoever He wills. For He is the Almighty, Most Merciful”** [Ar-Rum: 4-5]

The Blessed Month of Ramadan, the Month of Nasr and Clear Victory

(Translated)

In the month of Sha’ban of the second year after the Hijra, Allah Almighty made fasting the month of Ramadan obligatory. It is the month in which Allah revealed the Quran: ﴿شَهْرُ رَمَضَانَ الَّذِي أُنزِلَ فِيهِ الْقُرْآنُ هُدًى لِّلنَّاسِ وَبَيِّنَاتٍ مِّنَ الْهُدَىٰ وَالْفُرْقَانِ﴾ “The month of Ramadan [is that] in which was revealed the Quran, a guidance for the people and clear proofs of guidance and criterion” [Al-Baqara: 185]. It is the month in which Allah honored the Ummah with distinct victories and openings. As the great Battle of Badr was on the 17th of Ramadan when the polytheists of Mecca were wholly defeated... Then there were other decisive battles in this blessed month, starting with the conquest of Mecca on the 20th of Ramadan in the eighth year after the Hijra to the Battle of al-Buwayb (currently near the city of Kufa) which was the Persian

Yarmouk when the Muslims were victorious under the leadership of al-Muthanna on 12th of Ramadan of the year 13 AH, then to the opening of Amuriyah led by Al-Mu'tassim on 17th of Ramadan in the year 223 AH, and to the Battle of Ayn Jaloot when the Muslims defeated the Tatars on 25th of Ramadan in the year 658 AH to other victories in this blessed month.

So, fasting was coupled with the Noble Qur'an which cannot be afflicted by falsehood from before it or from behind it... Fasting was coupled with distinct openings and victory... Fasting was coupled with jihad... Fasting was coupled with implementation of Allah's Laws... And anyone with clear vision and insight realizes that Allah's Laws cannot be separated from one another, whether they are acts of worship or jihad or transactions or morals and conducts, or crimes and Hudud (punishments)... For all of these are from the same niche, and whoever contemplates the verses of the Noble Quran and the texts of the honorable Ahadeeth finds that this is explicitly clarified. Thus, Islam is an indivisible whole, and the call to it is one to be applied in the state, life and society. So whoever separates between the ayaat of Allah, and calls for the separation of the Deen from life, or the separation of the Deen from politics, he has committed a grave sin and a major crime that lead a person to the shame in this world and painful punishment in the Hereafter.

O Muslims, the fight against the Jews, their killing, and the removal of their entity must come under the leadership of a mujahid Khalifah Rashid (rightly guided Caliph) after this oppressive rule and the agent rulers. The glad tidings of the Messenger of Allah ﷺ will not be delayed, Allah willing, in fulfillment of what Ahmad reported from the hadith of the Messenger of Allah ﷺ: «ثُمَّ تَكُونُ مُلْكًا جَبْرِيَّةً فَتَكُونُ مَا شَاءَ اللَّهُ أَنْ تَكُونَ،

ثُمَّ يَرْفَعُهَا إِذَا شَاءَ أَنْ يَرْفَعَهَا، ثُمَّ تَكُونُ خِلَافَةً عَلَىٰ مِنْهَاجِ النَّبُوءَةِ. ثُمَّ سَكَتَ»
“Then it will be an oppressive rule, so it will be as Allah wills it to be, then He will raise it when He wishes to raise it, then it will be a Khilafah (Caliphate) on the method of the Prophethood, then he remained silent.” And also in confirmation of the hadith of the Messenger of Allah, which was extracted by Muslim, «...لَتُقَاتِلَنَّ الْيَهُودَ فَلَتَقْتُلُنَّهُمْ...» “You will fight against the Jews and you will kill them...”

In conclusion, as we must be diligent of our fast so Allah may be pleased with us and forgive our previous sins, thus we should also be diligent to work for the resumption of the Islamic way of life with the establishment of the Khilafah Rashidah (rightly guided Caliphate) so that we will be among the victors in this life with the implementation of Allah’s Laws, shaded by the banner of the Messenger of Allah ﷺ, the Rayat Al-Uqab, the banner of La Illaha Illah Allah Muhammad Rasoul Allah and likewise be the victors in the Hereafter, Allah willing, those who seek refuge in His shade on the Day when there will be no shade but His shade, so that we may attain victory in both realms. Indeed it is a great victory.

The Prime Minister of the Hindu State Visits the Jewish Entity to Strengthen their Alliance against Muslims

(Translated)

On February 25, 2026, Indian Prime Minister Narendra Modi visited Israel. Prior to that, he wrote on his X account: "I will be undertaking a State Visit to 'Israel' today and tomorrow. Our nations share a robust and multifaceted Strategic Partnership. Ties have significantly strengthened in the last few years."

Ar-Rayah Newspaper: These relations have been further strengthened by Modi's declaration that India supports the Jewish entity in its aggression against Gaza, and the genocidal war it is waging against its people. India, under his leadership, is waging a similar war against Muslims, within its own borders and in Occupied Kashmir.

The Hindu State and the Jewish entity are openly declaring their aggression against Islam and Muslims, and they are occupying Muslim lands. India annexed occupied Kashmir in 2019, and the Jews are occupying Palestine. These are two Muslim lands that must return to the Abode of Islam and be governed by Islamic Shariah Law, as Muslim lands were for over thirteen centuries.

Where is the Palestinian Cause Headed?

(Translated)

By: Dr. Muhammad Jilani

The term “Palestinian” has become internationally and regionally recognized, but it is an inaccurate description of the issue. The truth is that Palestine is part of the Islamic Ummah, and Palestine belongs to all Muslims. However, with the destruction of the Islamic state, and its division into small states, the borders between them were drawn on maps by the disbelieving colonialist. What has been termed the “Palestinian Cause” is, in reality, the issue of the Jewish occupation of Palestine, and the establishment of their monstrous entity in this blessed part of the Muslim World.

Since the Jews are a deceitful people, known for their cunning, blackmail, and constant demands, never satisfied with what they receive, the issue of the establishment and occupation of their

entity began to take on many dimensions. The Jews exploited the strategic location of their entity, in the heart of the Muslim World, a location chosen by Britain to serve as the bridgehead of the disbelieving West to prevent the re-emergence of the Khilafah (Caliphate), against which Britain conspired with Arab and Turkish nationalists, during the same period in which the decision was made to create this illegitimate entity. Therefore, the core issue is the establishment of a Jewish entity in Palestine by order of the head of disbelief at the time, Britain, and through the cheap collusion of its agents in the region, including Arabs and Turks, and with the approval of the rest of the disbelieving Western countries. Since the official establishment of the Jewish entity in 1948 on part of the land of Palestine, and its acquisition of official international support, it has formulated for itself inevitable plans to continue as a spearhead for the disbelieving colonialist in the heart of the Muslim World. These plans include three matters:

1. Expanding borders: Since Britain succeeded in establishing it in 1948, the Jewish entity has sought to seize what remains of the land of Palestine, claiming that its current borders are fragile, and lack sufficient strategic depth, especially since it expects to become a homeland for all the Jews of the world. To achieve this goal, it deliberately, and in collusion with the rulers of neighboring countries, occupied the Gaza Strip and the rest of Palestine in 1967, and the West Bank became part of Jordan. Although its expansion remained under the guise of occupation, it has established a long-term strategy to annex what it seized in 1967 to become part of itself.

2. The Judaization of the State: The local and international Zionist movement has sought to establish the Jewish entity as a

national homeland exclusively for Jews, and to maintain its Jewish character. The Jews have not concealed this strategic objective. Instead, they have forcibly displaced Palestinians from their lands, beginning in 1948. They committed massacres that instilled terror and panic, such as those in Kafr Qasim, Deir Yassin, and elsewhere. The issue of forced displacement intensified during the recent war on the Gaza Strip, and the acts of violence, killing, and house demolitions in the West Bank, displacing its inhabitants from their lands and homes. This culminated in the decision to register certain areas of the West Bank as state land, placing them under the direct control of the Jewish entity and in practice, formally annexing them.

3. Strategic Superiority: The Jewish entity insists on maintaining strategic military superiority in the region, enabling it to defend itself, and deter any military action that might threaten its existence. The Jewish entity possesses formidable conventional military power, including air defense systems, aircraft, missiles, and drones, in addition to a nuclear arsenal capable of deciding any battle that might threaten its existence. This strategic superiority strategy necessitates preventing any other state in the region from acquiring nuclear weapons, like those discussed in the case of Iran.

This is the crux of the Palestinian issue. It is not a refugee issue, nor is it about Palestine or the Palestinian people. Instead, it is about the Jewish entity, its expansion, the displacement of Palestinians to other areas, and its pursuit of strategic superiority, particularly nuclear superiority. Within the international order, at both the global and regional levels, the issue has been termed the Palestinian question, the core of which lies in two points: First, the establishment of a Palestinian state, recognized by the

Palestinians and, in particular, by the Arab states, as the state of the Palestinians who were expelled from their lands and country, to be housed in a place called the State of Palestine. The other issue is the refugee problem, which has persisted for 78 years and is to be resolved through an entity called Palestine. By making this the central issue in the region, the Jewish entity has crossed its red lines, which dictate its dismantling and the return of all of Palestine to its rightful owners, the Islamic Ummah, of which the Palestinian people are an integral part.

Therefore, countries around the world, whether Tier 1 countries, like Britain, France, Russia, and China, Tier 2 countries, like the rest of Europe, or Tier 3 countries, like those in Africa, the Middle East, and Asia, including Muslim-majority countries have been striving intensively, and continuously, to establish a state for the Palestinian people. This is not because their cause is the primary focus, but because establishing an entity for them called a Palestinian state would legitimize the Jewish entity, completely removing the label of occupation, and absolving it of being a foreign aggressor on Muslim land. Moreover, if an entity were established for all Palestinians, whether they reside within Palestine, in camps in Jordan, Syria, and Lebanon, or in the diaspora, it would create another problem for the Jews, who, as we mentioned, are a people of falsehood.

This issue arises from the perception that the previous presence of Palestinians in the area designated as a Jewish entity constituted an occupation of Jewish land by the Palestinians. Instead of the Jews being the occupiers of Palestine, the Palestinians would be seen as the occupiers of “Judea and Samaria” and historical Palestine. This is not far-fetched for the Jews, who would then demand indefinite financial compensation.

How, where, and in what form a Palestinian state would be established remains an ongoing question, not yet definitively resolved. The United States considers the annexation of 30% of the West Bank to the Jewish entity a reasonable option, with the state then established on the remaining land.

The Jewish entity, for its part, believes that East Jordan, where Palestinians constitute more than 60% of the population, is suitable as a Palestinian state, either entirely, or in a shared arrangement with Jordan. As for the Arab states, including Jordan, their opinions, acceptances, or rejections carry little weight. These are small states that have accepted a passive role in events, rather than an active one, and have accepted absolute subservience to their Western masters who created the Jewish entity to serve as their bridgehead, used to suppress any attempt to restore power to the region under the banner of Islam.

This is what the disbelieving colonialist powers are planning, this is what the Jews want in the region, and this is what the treacherous rulers of Muslims have conspired to achieve. What the Islamic Ummah undoubtedly desires is the complete uprooting of the Jewish entity, indeed the complete eradication of all puppet regimes in Muslim lands, and the establishment in their place of a single, sincere entity, founded on the aqeedah and system of Islam, carrying the Rayah banner and Liwaa' flag of Islam, devoted to the Lord of the Worlds, and answerable to none but Allah ﷻ, the One, the Almighty.

The State of Union Address of Trump Confirms Four Important Lessons for Muslims

(Translated)

By Ustadh Musab Umair, Wilayah Pakistan

On 24 February 2026, Trump delivered his State of the Union Address, the longest ever in American history. The address of Trump underlines important lessons for Muslims, because it is a speech by the head of the leading state, America, at a time of great turmoil, both within America and the world. There are four important lessons for the Muslims, confirmed by the address of Trump:

The First Lesson: Capitalism Has Failed the American People. It Has Nothing to Offer the Muslim World. Amidst an ailing economy, Trump began his address with misleading claims about the economy, inflation and unemployment. Trump claimed, “my administration has driven core inflation down.” However, the Federal Reserve’s favored measure of inflation - core Personal Consumption Expenditures (PCE) inflation, which excludes volatile food and energy prices - is rising again. Trump also claimed, “More Americans are working today than at any time in the history of our country.” However, the unemployment rate has actually increased, and 2025 was one of the worst years in decades, whilst the numbers of Americans working only increased, because of population growth. Regarding the economy in general, data from the Federal Reserve shows that the top 1% of households owned 31.7% of all U.S. wealth, in the third quarter of 2025, the highest share on record since the

Federal Reserve began tracking household wealth in 1989. Collectively, the wealthiest 1% held about \$55 trillion in assets in the third quarter of 2025 — roughly equal to the wealth held by the bottom 90% of Americans combined.

Trump has no solution to the immense concentration of wealth in the hands of the American elite, which has left most of the people in economic hardship. This is because instead of serving the people, capitalism serves the wealthy elite. Let the Muslims be witness that Western capitalism has failed the people of its leading state, so what hope is there for the Muslims in implementing the same capitalist system in their lands? And why must they implement the kufr of capitalism, when Islam provided centuries of prosperity with its Shariah Law, under the guardianship of the Khilafah (Caliphate)?

The Second Lesson: “America First” is a Policy of Penalizing and Looting the Rest of the World. Trump openly declared, “I believe the tariffs paid for by foreign countries will, like in the past, substantially replace the modern-day system of income tax, taking a great financial burden off the people that I love.” And Trump added, “trillions and trillions of dollars will continue pouring into the United States of America because we finally have a president who puts America first.” Thus, Trump is penalizing the other major powers, including the European powers, which has led to great resentment against America. This is in addition to Trump’s looting of the Muslim countries under the control of agents of the West, as was clear in his dealing with the Gulf countries, whose rulers spent freely from the wealth of the Ummah to benefit the American economy.

Let the Muslims know that not only do they suffer through the effects of capitalism, they are also being struck by economic

colonialism. It is economic colonialism that drowns the lands of Muslims in debt, in order to make interest payments to Western financial institutions. It fills the American economy with the wealth of the Ummah, under the banner of investment by the Ruwaibadah, insignificant rulers of Muslims. And it opens doors for American companies to exploit the raw materials of the Muslims, and dominate their markets.

The Third Lesson: America Is Crippled by a Deep Internal Conflict. The address of Trump then moved on to confirm the persistent cracks in the deep state of America, due to an intense conflict between the Democrats and Republicans. These cracks first began to appear in the first term of Trump, continued within the term of Biden, and have become deeper and wider in Trump's second term. Trump attacked the Democrats saying, "They have instituted another Democrat shutdown, the first one costing us 2 points on GDP.. We have no money because of the Democrats." As for the 2026 midterm elections, scheduled for 3 November 2026, the party of Trump is facing dire prospects. So, Trump mentioned his plan to undermine the vote bank of non-whites, upon which the Democrats depend. He said, "cheating is rampant in our elections. It's rampant. It's very simple, all voters must show voter ID." Trump's Safeguard American Voter Eligibility (SAVE) Act ensures strict voter ID legislation, which impacts people of color more than the whites, even though there are already provisions in place to prevent non-citizens from voting.

The lesson for Muslims is that the United States is more deeply divided than ever before. This reduces its capabilities to dominate the Muslim World. And America's internal political conflict is accompanied by both an economic crisis and the fatigue its military suffers from, after its campaigns in the Muslims World.

So, the window to escape from American dominance is wider than ever before, were the people of power to fulfill their Shariah obligation to re-establish the Khilafah Rashidah (Rightly-Guided Caliphate).

The Fourth Lesson: The American Policy for the Muslim World is Humiliation and Loss. Then Trump moved onto discussing the world, where the Muslim countries featured prominently. Trump said, “Pakistan and India, would have been a nuclear war. 35 million people, said the prime minister of Pakistan, would have died, if it were not for my involvement. Kosovo and Serbia, Israel and Iran, Egypt and Ethiopia, Armenia and Azerbaijan, the Congo and Rwanda and, of course, the war in Gaza, which proceeds at a very low level.” He added regarding Iran, “They want to make a deal, but we haven't heard those secret words: we will never have a nuclear weapon... one thing is certain, I will never allow the world's number one sponsor of terror, which they are by far to have a nuclear weapon.”

Let the Muslims be aware of the devastating effects of Trump's foreign policy upon them, and the urgent need to escape American colonialism. Regarding the four-day war between Pakistan and India, Trump ordered Pakistan to stop fighting, not to avert nuclear war, but to reduce the losses of India. Thus, the rulers of Pakistan prevented Pakistan Army from seizing the golden opportunity to liberate Occupied Kashmir. As for the war on Gaza, Trump fully supported the Jewish entity during its committing genocide in Gaza, and then during its attacks on Lebanon, Syria, Qatar and Iran. As for Iran, Trump has made it clear that he does not accept that Muslims possess nuclear weapons. Although Trump spoke directly of Iran, it is obvious that the nuclear weapons of Pakistan are also on his radar, with his

repeated mention of Pakistan's nuclear weapons and nuclear tests.

O Muslims, and their People of Power and Protection!

The address of Trump confirms the failure of capitalism, the injustice of colonialism, the domestic conflict that cripples America's decision-making, and the lethal danger of American foreign policy. Such lessons are wasted in the case of the agents of Trump in the Muslim World. They have the mentality of slaves and cannot think of a world without a master. As for the sincere individuals within the people of power, Allah ﷻ has granted them an opportunity to bring the change that Muslims are making Dua for. So let the sincere within the armies of Muslims grant their nussrah (military support) to Hizb ut Tahrir, for the re-establishment of the Khilafah Rashidah (Rightly-Guided Caliphate) on the Method of the Prophethood. Amidst the failure of kufr and the divisions amongst the kuffar, the Khilafah will ensure the dominance of the Deen of Truth, Islam. Allah ﷻ said, **﴿الَّذِينَ يَتَّخِذُونَ الْكَافِرِينَ أَوْلِيَاءَ مِنْ دُونِ الْمُؤْمِنِينَ أَلِيبْتِغُونَ عَنْهُمْ الْعِزَّةَ فَإِنَّ الْعِزَّةَ لِلَّهِ جَمِيعًا﴾** "Those who take disbelievers as allies instead of believers - do they seek honor from them? Indeed, all honor belongs to Allah." [TMQ Surah An-Nisa: 139].

Our Salvation Will not Come from Within the Regimes that Govern Us

(Translated)

Perhaps some of us wonder why, despite America's economic crises, political divisions, and societal disintegration, it doesn't collapse? The answer is, unfortunately, because it feeds on us. Our oil, paid for in dollars, keeps America's currency dominant; our foreign reserves finance America's debt; our arms deals keep its factories running; and the subservience of our rulers to America grants it legitimacy in every forum.

In other words, we are the ones who keep America alive, allowing it to control us, kill us, and profit from our wealth. And America it destroys any of our countries, we are the ones who must rebuild it, if it allows us. Have we realized the depths of humiliation we have sunk to because of the filthiness of tyrants who rule us?!

One of our most pressing Shariah obligations today is to expose our rulers, indeed to overthrow them, and establish the Khilafah (Caliphate) to create a true Islamic government that declares its loyalty (walaah) to the Ummah, not to the West, and rules by the Shariah Law of Allah ﷻ, not by the laws of colonialism. Allah ﷻ said, ﴿الَّذِينَ آمَنُوا يُقَاتِلُونَ فِي سَبِيلِ اللَّهِ وَالَّذِينَ كَفَرُوا يُقَاتِلُونَ فِي سَبِيلِ﴾ **“Those who believe fight in the cause of Allah, and those who disbelieve fight in the cause of false deities. So fight against the allies of Satan. Indeed, the plot of Satan has ever been weak.”** [TMQ Surah An-Nisaa: 76]. It is a roadmap that divides the world into two categories, with no third option: those who fight for the Cause of Allah ﷻ, and those who fight for tyranny. Any regime that fights Islam, besieges its propagation, or normalizes relations with occupation is an ally of tyranny.

This lineage of betrayal did not begin with the current regime; it is the genetic code of the post-colonial state. It began with Ayub Khan, who shackled the nation to the American chariot through SEATO and CENTO, turning the unparalleled power of the Muslim army into a rental force for the West against Communism, while surrendering the rivers of Kashmir to India in the Indus Waters Treaty. The baton of treachery was passed to Yahya Khan and Zulfikar Ali Bhutto, whose collusion in the separation of East Pakistan and the subsequent Simla Agreement transformed the Ceasefire Line into the Line of Control (LoC), effectively partitioning Kashmir and burying the demand for Jihad under the weight of “bilateralism.” Then came Zia-ul-Haq, who deceived the sincere Mujahedeen; he fought America’s war against the Soviets in Afghanistan, using the blood of the believers to break the Red Army, yet he arrested the march of Islam before it could establish a Khilafah, ensuring the region remained within the American orbit.

The betrayal deepened under the democratic masks of Benazir Bhutto and Nawaz Sharif. Benazir, seeking Western validation and aided in securing India’s Western flank and allowing it to concentrate its forces against the Kashmiri Muslims. Nawaz Sharif, in his obsession with “peace for business” and the Lahore Declaration, stabbed the Kashmir Jihad in the back during Kargil, withdrawing the victorious forces upon a single phone call from Bill Clinton. This paved the way for the tyrant Pervez Musharraf, who coined the slogan “Pakistan First” to justify “America First.” He provided the airbases, logistics, and intelligence that allowed the US to bomb the Muslims of Afghanistan into dust, while simultaneously banning the Kashmir Jihad groups, labelling the sincere liberators as “terrorists” to appease his Western masters.

The darkest chapter, however, was written by the modern triumvirate of Ashfaq Parvez Kayani, Raheel Sharif, and Qamar Javed Bajwa. Kayani and Raheel burned the tribal areas of Pakistan in the “War on Terror,” killing thousands of their own citizens to secure the American occupation across the border. Yet, it was General Bajwa who drove the final nail into the coffin of Kashmir. When India revoked Article 370 on August 5, 2019, annexing Kashmir and turning it into a concentration camp, Bajwa and the Imran Khan government offered nothing but empty rhetoric and a 30-minute silence. Behind closed doors, Bajwa enforced a shameful ceasefire on the LoC, allowing India to move its troops from the border to crush the internal resistance in the Valley. This was the “Bajwa Doctrine” a shift from “Geopolitics to Geoeconomics” - which was nothing but a fancy term for selling the blood of Kashmir in exchange for IMF loans and FATF compliance. The current regime of Shahbaz Sharif and Asim Munir is merely the custodian of this graveyard, continuing the policy of “normalization” with an India that openly threatens the Muslims, all while begging the West for a few billion dollars to keep the ventilator running.

O Khawaja Asif! O Rulers of Pakistan!

Kashmir is a witness to your admission. The mountains of the Valley, soaked in the blood of the martyrs, are testifying against you. The “usage” you complain of was your own choice; you sold your Akhira for the worldly gain of power. You reduced the Lion of the Ummah—the Pakistan Army—into a border guard for the US and India. You are not victims; you are accomplices. The cries of the mothers in Srinagar, the blinded eyes of the youth hit by pellets, and the unmarked graves are not asking for your “moral

support” or your complaints about being discarded. They are cursing your betrayal.

To the Sincere Officers of the Pakistan Armed Forces:

This confession of the defense minister is a slap on your face. Your leadership admits they are “toilet paper” for the West. How long will you carry the dirty work of these agents? How long will you allow your strength to be used to secure American interests while the Muslims of Kashmir are ground to dust? These rulers have sold you, and they have sold the Ummah. They are destined for the dustbin of history, remembered only as the traitors who facilitated the implementation of Kufr on a land liberated by Muhammad bin Qasim. It is time to shred this contract of slavery. It is time to grant your Nussrah to re-establish the Khilafah, which will wipe away this humiliation, liberate Kashmir through the roar of Jihad, and treat the West not as a master, but as an enemy to be confronted. Allah ﷻ said, **﴿إِلَّا الَّذِينَ ءَامَنُوا وَعَمِلُوا الصَّالِحَاتِ وَذَكَرُوا﴾** **اللَّهُ كَثِيرًا وَأَنْتَصَرُوا مِنْ بَعْدِ مَا ظَلَمُوا ۗ وَسَيَعْلَمُ الَّذِينَ ظَلَمُوا أَيَّ مُنْقَلَبٍ يَنْقَلِبُونَ ﴿** **“And those who have wronged are going to know to what [kind of] return they will be returned.”** [TMQ Ash-Shu’ara: 227].

Islam Makes Dawah for Reconnecting the Aqeedah to Ruling Governance

(Translated)

When Islam established the supremacy of Islamic Shariah Law, it did not intend it as mere slogans to be chanted, but instead as a comprehensive system from which laws are derived, relationships are regulated, and by which politics, economics, social familial relations, and all other aspects of life are governed. Here, sovereignty is not a cultural choice among many, but a commitment stemming from the belief that Allah ﷻ is the Most Knowledgeable of the interests of His servants, and that His Shariah Law is the most capable of guaranteeing justice and stability for them.

Islam calls for reconnecting the aqeedah to ruling governance, ensuring that Deen is not confined to individual conduct, and that the affairs of the Ummah are not managed in isolation from its

faith. It is a project based on the supremacy of Islamic Shariah Law, and the unity of the Ummah, seeing in this the foundation for escaping the cycles of turmoil, dependency, and contradiction.

This Dawah is not a call for confrontation or isolation, but instead a Dawah for a serious re-examination of the question: How do we live according to Islam? And how do we make its Shariah rulings a solution to people's problems and a genuine way of life that addresses their crises, not merely a heritage invoked on special occasions? When these questions are re-posed with awareness and honesty, the path towards a system emanating from Islam itself becomes the only option in the arena of thought and action, and is capable of giving the Ummah clarity of vision and steadfastness in direction.

A Series of Profound Political Lessons

(Translated)

Establishing Deen in society requires a material force to protect it. Intellectual conviction without authority is insufficient, and nussrah (military support) is not a mere alliance of interests, but a comprehensive, ideological commitment. The work to establish an Islamic state has gone through clear stages, encompassing an intellectual Dawah, interaction with society, and simultaneously seeking nussrah (military support) from those with military power and protection, culminating in the establishment of the state.

When we connect these understandings to reality, we find that many reformist groups and projects falter, because they either confine themselves to preaching without striving to find those who will protect their thoughts, or they enter into deals that empty their project of its substance. Or they treat Deen as a tool to gain power, not as a way of life. Thus, they ask - as the Banu

Amir ibn Sa'sa'ah did — about their share of power before confirming their sincerity in offering nussrah (military support).

Therefore, understanding this stage reshapes our perspective on the issue of change: the Dawah to Islam needs a protective environ, the project needs a material force to support it, and nussrah (military) is not a slogan but a commitment whose cost is borne by those who offer it. Whoever contemplates the visiting of the Prophet ﷺ tour of the Arab tribes realizes that the building of the state was not born of a moment, but rather the fruit of long patience, clarity of vision, and steadfastness on ideology until the sincere environ was prepared, the Ansaar (ra) said, علام “On what basis do we pledge Bayah of allegiance to you?” [Bukhari and Muslim]. When they knew the cost, it said, لا نقيله ولا نستقبله “We will not dismiss it nor will we accept its dismissal.” [Ibn Hajar Al-Asqalani]

﴿تَحْسَبُهُمْ جَمِيعًا وَقُلُوبُهُمْ شَتَّى﴾

“You would think they are united, but their hearts are divided.” [TMQ Surah Al-Hashr: 14]

(Translated)

On 14 February 2026, during the Munich Security Conference, attended by all the major European powers, the US Secretary of State, Marco Rubio, stated, “For the United States and Europe, we belong together.”

Ar-Rayah Magazine: Despite the commonality between America and Europe, the Western powers are divided because they pursue disparate material interests. Ar-Rayah Newspaper: Throughout its history, Europe has been crippled by wars between its constituent states, including the two World Wars. America itself fought European colonialism to achieve

independence, and now struggles fiercely to remove remaining European influence.

O Muslims: There is no expression that is better than the Speech of Allah ﷻ to describe the conflict between the US and Europe. Allah ﷻ said, ﴿بَأْسُهُمْ بَيْنَهُمْ شَدِيدٌ تَحْسَبُهُمْ جَمِيعًا وَقُلُوبُهُمْ شَتَّى﴾ **“Their enmity is great among themselves. You would think they are united, but their hearts are divided.”** [TMQ Surah Al-Hashr: 14]. The Shariah Qaidah (Islamic principle) is العبرة بعموم اللفظ أو بخصوص السبب “The expression is by the generality of the wording and not by the specificity of the cause of revelation.” It is a fact that the kuffar were divided in the time of the Prophet ﷺ, just as it is a fact that the kuffar are divided today. Despite their shared enmity towards Islam, the Western powers are crippled by internal conflict. The issue for the Islamic Ummah is not just to know this fact, but to use it as an opportunity in order to establish the dominance of Islam. It is not enough for the Ummah to be a mere spectator as the most corrupt leaderships on the face of the earth compete over the riches of humanity, as if it were spoils of war for them. The Islamic Ummah must fulfill its Shariah obligation to become a practical actor on the world stage, leading humanity from the narrowness of Western colonialism to the justice of Islam.

Trump's Board of Peace: The Conspiracy of a Modern Dar Al-Nadwah

(Translated)

By: Ustaadh Salah al-Din al-Uzbeki

Despite the change in executors and means on the stage of history, the essence and methods of the conflict between truth and falsehood have not changed in practice. The Kuffar of Mecca would gather in the council hall known as Dar Al-Nadwah near Al-Kaaba Al-Sharif and devise some of the most malicious and cunning plans to eradicate the Islamic Dawah, weaken the Muslims, and break the will of the Messenger of Allah ﷺ. Dar Al-Nadwah was not merely a building; it was a center for systematic political decision-making against Islam. The leaders of Quraysh gathered there and plotted to assassinate the Messenger of Allah ﷺ and completely eliminate his Dawah. Based on Abu Jahl's proposal, the Kuffar agreed to select a strong young man from each tribe, armed with a sharp sword, who would attack the Prophet ﷺ simultaneously and kill him. The evil objective was to spread blood vengeance across all the tribes, and ensure that Banu Hashim could not avenge the killing of the Messenger of Allah ﷺ. They were determined to strangle Islam from Dar Al-Nadwah and put an end to its future.

Today, the "Board of Peace" project, promoted by Trump, and the evil forces surrounding him, with regard to the Blessed Land of Palestine and its Gaza, is a contemporary manifestation that is perhaps no less dangerous than that historical conspiracy orchestrated by the elites of Dar Al-Nadwah. The purpose of the "Board of Peace" is to achieve the same ancient objective under

the cover of “peace and prosperity”: emptying Gaza of its people, transforming it into an economic zone under American control, and uprooting the Islamic will and the spirit of Iman through collective sedition, just as was plotted in Dar Al-Nadwah.

Behind Trump’s recent statements praising Gaza’s strategic potential, and speaking of turning it into a beautiful resort, like the French Riviera, lies a plan to deprive Muslims of their Blessed Land of Palestine and persuade them to abandon their aqeedah through materialistic deception.

Just as the elders of Dar Al-Nadwah besieged the Muslims in the Shi'b Abi Talib, tested them with famine, and then sought to force them to accept their terms, today the imposed starvation and mass killing practiced against the people of Gaza are two weapons used to compel Muslims to consent to the “Board of Peace” project itself.

What is most sorrowful and painful is that Dar al-Nadwa today has not been built only in Washington but also in the palaces of some rulers of Muslim lands. These ominous centers of sedition are now thriving in capitals such as Cairo, Riyadh, Abu Dhabi, and Amman, and the “Board of Peace” specifically intends the participation of these regional “elders,” and the imposition of American control over Gaza through their own hands. While the leaders of these states, particularly the Egyptian regime, take pleasure in serving the Jewish entity by besieging and strangling Gaza, the UAE, Morocco, and Bahrain plan to lead the scheme for the disarmament of Gaza, under the pretext of “economic development,” the expulsion of Muslims from their lands, and participation in the Abraham Accords.

Participation in Trump’s Board of Peace and support for the kuffar’s plans to sell Gaza and humiliate Muslims is the ugliest

betrayal of Allah ﷻ, of the Messenger of Allah ﷺ, and of the pure blood that was shed in Gaza. This is not merely a political alliance but complicity with tyrants who seek to eradicate Islam and legitimize their crimes. Allah ﷻ said, ﴿لَا يَتَّخِذِ الْمُؤْمِنُونَ الْكَافِرِينَ أَوْلِيَاءَ﴾ **“Let not believers take disbelievers as allies rather than believers. And whoever does that has nothing with Allah ﷻ.”** [TMQ Surah Aali Imran:28]

Participation in this “Board of Peace” means betrayal of the cries of oppressed children, relinquishing the rights of women subjected to violence, and handing over the Blessed Lands of the Muslims as a gift to the Jewish entity. The consequence of this major crime will not be merely a cursed page in history but a painful torment before Allah ﷻ on the Day of Resurrection. O rulers, your agreements with the heirs of Dar Al-Nadwah are a poisoned dagger plunged into the body of the Islamic Ummah. This resembles the plan of the kuffar who wanted to take one young man from each tribe to kill the Prophet ﷺ together so that they would share the responsibility, and the Muslims would be unable to take revenge on any one of them. O rulers, you are attempting to suppress and strangle the will of Gaza through this kind of collective international betrayal.

Yet history bears witness that the conspiracies of Dar Al-Nadwah could not break the steadfastness and resilience of the Messenger of Allah ﷺ and his noble Companions (ra), and that Allah ﷻ granted His Prophet ﷺ an escape from these plots, and victory (nashr) for the establishment of the Islamic state. Likewise, the Board of Peace projects promoted today by Trump, and the agent rulers, are doomed to shatter before the will of the Ummah. Gaza is not real-estate for sale. It is a sanctity of dignity

and honor for the Islamic Ummah. We must state clearly that the only solution to stop the oppression in Gaza and all of Palestine, to protect the honor and dignity of Muslims, and to smash the “Board of Fitnah” is the establishment of the Khilafah Rashidah (Rightly-Guided Caliphate)! Until a Khaleefah (Caliph) assumes leadership of the Muslims, one who defends them, instills fear in the disbelievers, and establishes justice according to the system of Islam, the tragedy of Gaza will continue and the blood of Muslims will keep flowing. Muslims do not need the “peace” drawn up by colonialists but rather true divine justice under the Rayah banner of the Khilafah (Caliphate), which will rescue them from the modern Dar Al-Nadwah, from internal traitors, and will protect their land and their honor.

Let the following stern warning from Allah ﷻ be a lesson to those who participate in these gatherings of discord and play with the fate of the Ummah. Allah ﷻ said, ﴿وَلَا تَحْسَبَنَّ اللَّهَ غَافِلًا عَمَّا يَعْمَلُ﴾ **“And never think that Allah is unaware of what the wrongdoers do. He only delays them for a Day when eyes will stare in horror.”** [TMQ Surah Ibrahim: 42]

Whoever Desires Nasr (Support) Must First Seek It Within Themselves

(Translated)

Steadfastness in upholding Islamic law is not a rigidity in the face of reality, but rather a vision amidst the storms. It is knowing that the path may be long, and trials may intensify, but the truth will not be lost as long as there are those on earth who uphold it sincerely. True victory does not begin the day cities are conquered or banners are raised, but rather the day a person triumphs over their fear, desires, and hesitation, and chooses to remain sincere to what they believe.

Such has been the Way of Allah ﷻ with nations: if the heart is sound, the path is straight, and if the path is straight, empowerment (tamkeen) comes at the time Allah chooses, not the time people rush for.

This is not passive waiting, but rather action, patience, and unwavering certainty that guides one, step by step, until the idea becomes reality, patience becomes victory, and the promise becomes a truth witnessed by all, after a few have believed in it.

Whoever desires nasr should first seek it within themselves: in the sincerity of their intention, in the clarity of their principles, and in their conviction that the truth, even if its manifestation is delayed, will never be defeated. So, seek out the sincere and be among them. Allah Almighty said, ﴿وَلَيَنْصُرَنَّ اللَّهُ مَن يَنْصُرُهُ إِنَّ اللَّهَ لَقَوِيٌّ عَزِيزٌ * الَّذِينَ إِذَا مَكَتَاهُمْ فِي الْأَرْضِ أَحَقَمُوا الصَّلَاةَ وَآتَوُا الزَّكَاةَ وَأَمَرُوا بِالْمَعْرُوفِ وَنَهَوْا عَنِ الْمُنْكَرِ وَلِلَّهِ “And Allah will surely support those who support Him. Indeed, Allah is Powerful and Exalted in Might. * Those who, if We give them power in the land, establish Salah and give Zakah and enjoin what is right and forbid what is evil. And to Allah belongs the outcome of all matters.” [TMQ Surah Hajj: 40-41]

International Capitalist Institutions are Tools of Colonialism

(Translated)

On February 11, 2026, the Syrian Ministry of Finance held a meeting between the Governor of the Central Bank of Syria, Abdul Qader Hasriya, and a delegation from the World Bank. The meeting focused on mechanisms to support the economy and anticipated recovery projects.

Hasriya revealed that work is underway on three major projects in cooperation with the World Bank, noting that these projects represent a fundamental pillar in the path to economic recovery and strengthening financial stability in Syria.

Ar-Rayah Newspaper: The history of the World Bank is replete with interference in the policies of borrowing countries, and its harsh conditions that harm them and their economies. It is notorious for its bias in favor of wealthy nations that control the

majority of its shares, and it neglects to finance productive projects that benefit borrowing countries.

Its deliberate mismanagement leads to loans ending up in the pockets of officials, and the conditions it imposes for what it calls economic reform, such as privatization and reducing government spending, lead to poverty. Examples of its disastrous consequences include the fate of its failed projects around the world. In India, it funded dam projects, which brought no benefits other than the displacement of residents; the forest investment project in Indonesia, which destroyed the environment; energy projects in Pakistan; roads in Vietnam; agriculture in Nigeria; infrastructure loans in Argentina; a water project in Mozambique; and other countries that suffered its consequences.

The fundamental solution for the economy is what Allah ﷻ has commanded us to do: the complete implementation of His Shariah Law, including the economic system, under the Khilafah (Caliphate) on the Method of Prophethood.

The US Announces That It Will Provide Consular Services in West Bank Settlements

(Translated)

The US Embassy in occupied Al-Quds posted on its X platform on February 24, 2026, a tweet that said that as part of efforts to reach all Americans abroad, “consular officers will be providing routine passport services in Efrat on Friday, February 27.” Efrat is a settlement built on land seized by Jews south of Bayt Lahm (Bethlehem). The embassy also stated that it will provide consular services in the settlement of Illit, near Bethlehem.

Ar-Rayah Newspaper: This move comes after the US ambassador to the Jewish entity stated on February 21, 2026, that he sees no problem with the Jewish entity taking over the entire Middle East, considering the land of the Jews to be from the Nile to the Euphrates. He said, “It would be fine if they took it all,” and described it as “a land that God gave, through Abraham, to a people that he chose.”

America is deceiving Muslims by claiming it doesn't recognize the settlements, until the day it does. Then, the next step will be the occupation of other countries in the region stretching from the Nile to the Euphrates. This began with the occupation of southern Syria, whose president, Ahmed al-Sharaa, displayed humiliation and submission before it, carrying out the orders of his master, Trump.

The Blessed Month of Ramadan is an Opportunity to Sharpen Resolve to Support the Great Deen of Islam

(Translated)

Muslims, as they watch the campaign of the disbelievers against their Deen and Ummah, must not forget that they are commanded by their Lord, the Almighty, to prepare. The Noble Quran, which is in their hands, proclaims the words of Allah ﷻ, the Most High, ﴿وَأَعِدُّوا لَهُمْ مَا اسْتَطَعْتُمْ مِنْ قُوَّةٍ وَمِنْ رِبَاطِ الْخَيْلِ تُرْهِبُونَ بِهِ عَدُوَّ اللَّهِ وَعَدُوَّكُمْ وَأَخْرَيْنَ مِنْ دُونِهِمْ لَا تَعْلَمُونَهُمُ اللَّهُ يَعْلَمُهُمْ﴾ "And prepare against them whatever you are able of power and of steeds of war by which you may terrify the enemy of Allah and your enemy and others besides them whom you do not know but whom Allah knows. And whatever you spend in the cause of Allah will be fully repaid to you, and you will not be wronged." [TMQ Surah Al-

Anfal: 60]. Allah ﷻ has granted us the blessing of reaching this great month, which empowers us in our disposition, and transforms our behavior from one of fear of the enemy's threats and mobilization, to one of strength and certainty in the victory of Allah ﷻ, the All-Powerful, the All-Wise. If the enemy conspires to weaken our military power, Ramadan offers an opportunity to strengthen our aqeedah and steadfastness, and to sharpen our resolve to support this great Deen.

Ramadan is the time when the Muslims' material preparations match those of their enemy and ultimately prevail. Through piety and repentance to Allah, dispositional readiness is achieved, while material readiness, by Allah's permission and power, will be mobilized. Allah ﷻ will mobilize the people of military power and prevention to support us, turning the tide against the oppressors and restoring strength to our hands, by the grace of Allah ﷻ. Let this month be known as the month of victories, for our history provides ample evidence that Ramadan is indeed the month of preparation, readiness, and triumph.
