## MAKING SENSE OF COUP IN MALI

On Tuesday 18<sup>th</sup> August, 2020, all media channels broadcasted that a Military coup has taken place in Mali and President Ibrahim Boubacar Keita has been overthrown following protests over corruption, economic woes, and a worsening national security situation . Scenes of people celebrating the victory of the military mutiny was broadcasted all over symbolizing that the people are in support of the ouster of the president despite condemnation of the coup d'état abroad. "I am overjoyed, we won. We

came here to thank all the people of Mali because it is the victory of the people," Mariam Cissé, an opposition supporter, told the AFP news agency. "IBK has failed," said retired soldier Ousmane Diallo, using a common reference to the ousted president by his initials. "The people are victorious."

Mali is the eight largest country in Africa with a population of 19.1 million people. It borders seven country and is the third largest producer of Gold and Salt in

Africa. Other mineral most widely exploited include Kaolinite and Limestone. Mali is estimated to have in excess of 17,400 tonnes of uranium with a further uranium mineralized north zone realized just recently. During the scramble for Africa, Mali was evaded by France and by the year 1905, most of the area was under firm French control. In 22<sup>nd</sup> September 1960, the French Colonialist gave independence to Mali though still it remain under its influence through dubious means. In 1962 Mali was connected to French Government by agreement through creation of BCEAO. Furthermore, the use of CFA franc Zone by Mali continued to make it under dominance of the neo colonialist French Government.

Ever since the Soviet Union and America replaced Britain and France as the world's superpowers, the US has viewed Europe's control of North Africa and Sub-Saharan Africa as an arena of competition for the scrabble of natural resources. In 2002, the US government improved its ties with the Malian government with sole aim of exerting its influence against French influence. Ever since then, the two neo colonialists countries have been competing with each other over control of Mali affairs.

During the 22<sup>nd</sup> March, 2012 coup by Captain Ahmadou Haya Sanogo the French and British governments come out and condemned the coup whilst the US didn't condemn the coup but called for calm and the halting of violence. France suspended political, military and

economic cooperation and aid with Mali after the coup while the US on the other hand continued with assistance to the tune of \$137 million annually. The fact that the coup leader Captain Amadou (Ahmadou) Haya Sanogo was selected from among the Mali elite officers by the US embassy to receive anti-terrorist training in the United States and thus his coup supported by US indicated that the French influence over Mali affairs was in jeorpady. In the year 2013, under the guise of fighting terror, the French dispatch its military in Mali and defeated forces that wanted to become independent-the Ansar Deen. Election took place and French political elite retook power and reversed American attempts to influence Mali affairs.

Similar struggle by US and French government over Mali affairs has also been witnessed in recent months. Earlier

this year the United Nations Security Council had agreed that a UN peacekeeping force of 12,600 troops be deployed in Mali from 1 July which will incorporate the 6,000 West African soldiers already in the country. The US officials quietly were lobbying diplomats

from the United Nations to appoint David Gressly, a veteran American U.N. official as the U.N. special representative for Mali, overseeing a force of more than 11,000 African and

European blue helmets yet France—which maintains a counterterrorism force of more than 4,500 troops in the semiarid West African Sahel region—has been cool to the prospect of an American leading the mission, preferring that the post be filled by an African candidate from a French-speaking country thus sparking a diplomatic row.

With regards to the current coup, since the coup leaders are of US military trained, its likely that the regime coup plotters have an American blessing that ought to remove French influence in Mali affairs. Its yet to be seen how the French would retaliate only to bring back the Mali under its sphere of influence.

As for frequent occurrence of coups in Mali, its an indication of failure of demoracy as a system of governance. As long as Mali remains poor and citizens believe not in the system since because of weak government institutions that have no checks and balances existing within the political framework to ensure that no one faction can gain absolute power then it will always more likely have coups after coups that are as a result of foreign interference.

## What proposed plan to share county cash will measure:

# THE INJUSTICE OF DEMOCRACY IN REVENUE SHARING

A proposal on revenue sharing among counties that would favour densely populated regions has caused a big division in the Senate. The failure by the Senate to agree on the third basis of revenue sharing formula has consequently thrown counties deeper into financial crisis as it will now take longer for the devolved units to share out Sh316.5 billion allocated to them as equitable shareable revenue in the 2020/21 financial year. [Daily Nation

Constitutionally, revenue allocation is tasked to the Commission of Revenue Allocation (CRA) which is to make recommendations concerning the basis for the equitable

sharing of revenue raised by the national government between the national and county governments; and among the county governments.

Since the start of financial year July 2020, there has been a heated debate

Government. The CRA crafted a new formula for sharing revenue based on functions, population and poverty levels. Previously, population, poverty and land size were leveraged for resource allocation. However, in the revised method, counties with a large population but small land size will get more cash compared to those with small population but large land mass.

on revenue allocation to disburse to county government. The stalemate in the House of Senate which is mandated to, by resolution, determine the basis for allocating among the counties the share of national revenue that is annually allocated to the county level of The tug of war currently witnessed across the political class and affiliations in Kenya on the revenue allocation of 47 counties manifest the true picture of tyranny of numbers in democracies. Majority is key in maintaining political powers in the democracy, hence getting the lion's share in the so-called national cake (revenue allocation). As Democratically weaker counties with low population play foil trying to push equitable allocation of revenue reflective of equal and sustainable development in both service delivery and capital investment, the effort is like quenching the thirst by chasing a mirage.

With 2022 politics haunting, it is clear that the deal on formula to divide Sh.316.5 b (\$31m) has been complicated by politicians to serve their political ambitions. The self-centered politics groomed by the corrupt capitalist ideology put individual's interests over the ordinary citizens. This clearly spell out that revenue allocation is a tool toward achieving political goals and not to the benefit of the public as

speculated. Furthermore, the revenue collection under the capitalist regimes puts more economic and financial constraints through taxing the livelihoods (goods and services).

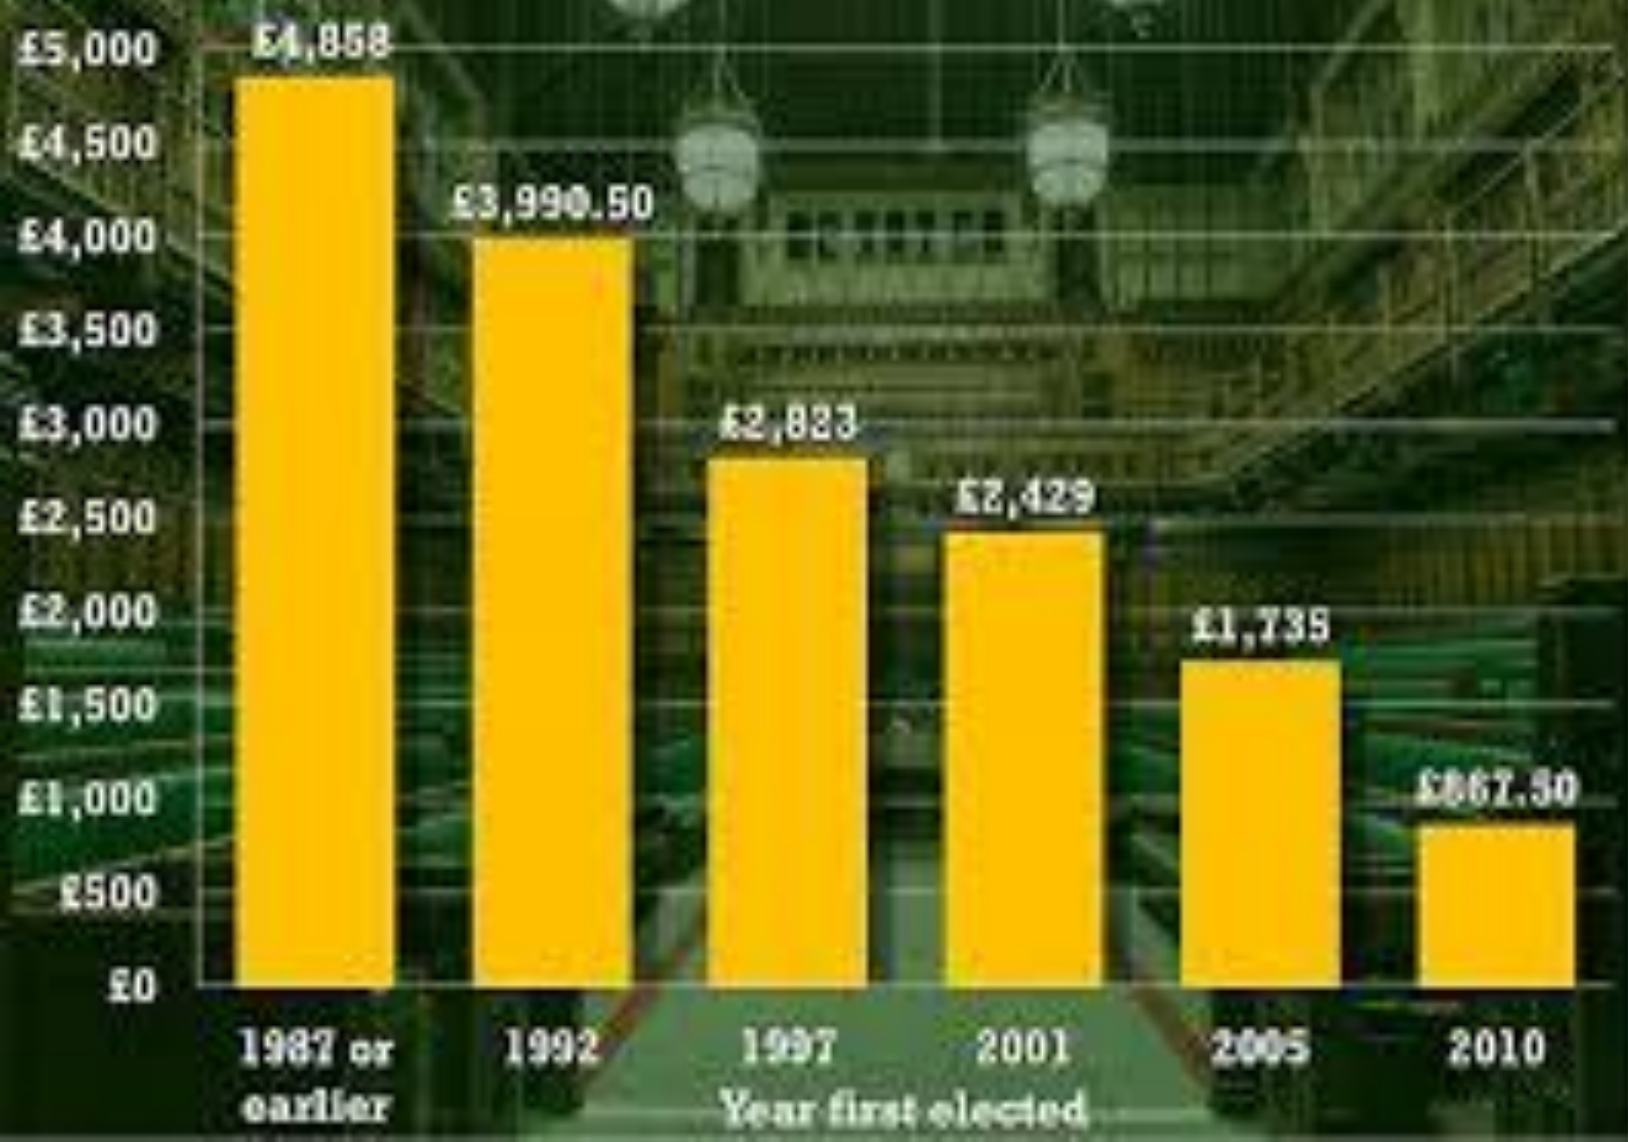

Collection and allocation of state revenues under the Khilafah (Caliphate) create a conducive atmosphere for the citizens to meet economic prosperity. In Islam, it is prohibited to tax livelihood as this will entail widespread poverty. As the collection of revenues and its allocation, these are clearly outlined by the Shariah which has drawn a distinctive line among the state property, public property and private property. There is no room for private companies to own and solely benefit from the public resources as experienced in capitalist economy, since Islam has defined the nature of the public properties and its allocation of revenues generated and therefore create robust and vibrant economy.

# ANNUAL BOOST TO AN MP'S PENSION

## **RETIRED MPS PENSION: A PLAN TO OPPRESS THE IMPOVERISHED**

On Thursday, 6 August 2020, Kenya's National Assembly adopted the 2019 Parliamentary Pension (Amendment) Bill; that when assented into law by the President will make the government to pay retired MPs at least Sh1.15 billion as a lump sum of enhanced pension (Daily Nation, Thursday, 06/08/2020).

The decision is meant to entrench the status-quo and prioritize it over the most pressing issues facing Kenyans who are facing havoc in their lives as a result of the following:

**First**, the latest Covid-19 pandemic has shuttered their socio-economic backbones to an extent numerous business are shutting down while others are engaged in processes of retrenching some of their employees in order to mitigate the effects of the global pandemic. In addition, the government is exploiting the pandemic to rip financial benefits from financial institutions and so-called development partners by taking new loans and seeking financial aid under the pretext of fighting the disease.

**Second**, rising public debt that grew from Sh5.7 trillion in 2019 to Sh6.65 trillion by May 2020! Making Kenya's

debt status an alarming issue that forced international organizations to review Kenya's debt stress position from moderate to high and so the future is getting miserable (The Star, Monday, 20/07/2020). The debts are growing based on the government's appetite to embark on ghost elephant projects that hoodwink the citizens that their completion will overhaul their living conditions; but, instead they are nothing but conduits of financial embezzlement and entrenchers of corruption! Matters will worsen since Cabinet approved in March, 2020 the Public Debt and Borrowing Policy 2020 to facilitate the borrowing by county governments (The Star, Monday, 27/07/2020).

**Third**, the education sector has grind to a halt with parents not knowing what the future hold for their children as the 2020 school calendar was cancelled in totality. Investment both financial and psychological have gone in vain. All as a result of not have enough funds to meet the cost of the infrastructure development in compliance to the Covid-19 safety measures.

**Four**, increasing exploitative tax measures that are imposed by the government that is hell bent to tighten the economic nooses on the necks of the citizens by the new 3% patriotism tax on small businesses and 15%

presumptive tax. Furthermore, making life further unbearable to most citizens who are living from hand to mouth throughout their lives!

The above reasons are just among many that expose the fact that secular capitalist regimes are not founded upon the basis of protecting and managing the affairs of its people in a humane manner. Alas! They are there to serve a few coteries who brand themselves to be leaders and strive to perpetuate the status-quo by rewarding and cushioning themselves from economic fires by using the backs of the feeble voting machine "citizens"! Since the regimes are only focused on meeting their egocentric interests and benefits.

On the contrary, in the Khilafah (Caliphate) system of governance led by a pious Muslim leader, the Khalifah (Caliph) is in charge of citizens both Muslims and non-Muslims in such a manner that he understands the role assigned to him by Allah (swt) of him and the rights that his citizens were accorded by Allah (swt). The Khalifah is responsible of the flock (citizens) and he will be held accountable in the Day of Judgement.

أَنَّ عَنْهُمَا اللَّهُ رَضِيَ عُمَرُ بْنُ اللَّهِ عَنِ  
وَسَلَّمَ عَلَيْهِ اللَّهُ صَلَّى اللَّهُ رَسُولَ

عَنْ مَسْنُونٍ وَكُلُّكُمْ رَاعٍ كُلُّكُمْ أَلَا قَالَ  
رَاعٍ النَّاسِ عَلَى الَّذِي فَإِلَامَامٍ رَعِيَّتِهِ  
رَعِيَّتِهِ عَنْ مَسْنُونٍ وَهُوَ

Abdullah ibn Umar reported: The Messenger of Allah, peace and blessings be upon him, said, "**Every one of you is a shepherd and is responsible for his flock. The leader (Khalifah) of people is a guardian and is responsible for his subjects...**" Islam guarantees the individual citizens of the Khilafah their basic needs; food, clothing and shelter, the Khilafah will strive to deliver social needs; health education amongst others and at the same time provide avenues to meet luxurious needs.

In the Khilafah system no one is above the law and everyone deserves to be treated as per the dictates of the Islamic Shari'ah irrespective of either they are serving in leadership or not, color, tribe or status. Hence, favoritism and discrimination in whatever form are not tolerated at all! Therefore, let us work together day and night in order to remove the global status-quo and bring change under the just Khilafah.

## **UAE AGREEMENT WITH THE JEWS ... BETRAYAL ON THE LINE OF THE OBSERVED HYPOCRISY (TRANSLATED)**

In a joint statement on 13th August 2020, the UAE, America and the Jewish entity announced an agreement between US President Donald Trump, Prime Minister of the Jewish entity Netanyahu, and Abu Dhabi Crown Prince Mohammed bin Zayed to conduct full bilateral relations between the Jewish entity and UAE. The Almighty said about these:

يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا الْيَهُودَ وَالنَّصَارَىٰ أَوْلِيَاءَ بَعْضُهُمْ أَوْلِيَاءُ بَعْضٍ وَمَنْ يَتَوَلَّهُمْ مِنْكُمْ  
فَإِنَّهُ مِنْهُمْ إِنَّ اللَّهَ لَا يَهْدِي الْقَوْمَ الظَّالِمِينَ \* فَتَرَى الَّذِينَ فِي قُلُوبِهِمْ مَرَضٌ يُسَارِعُونَ فِيهِمْ  
يَقُولُونَ نَخْشَى أَنْ تُصِيبَنَا دَائِرَةٌ فَعَسَى اللَّهُ أَنْ يَأْتِيَ بِالْفَتْحِ أَوْ أَمْرٍ مِّنْ عِنْدِهِ فَيُصْبِحُوا عَلَىٰ مَا  
أَسْرَوْا فِي أَنفُسِهِمْ نَادِمِينَ

"O you who have believed, do not take the Jews and the Christians as allies. They are [in fact] allies of one another. And whoever is an ally to them among you - then indeed, he is [one] of them. Indeed, Allah guides not the wrongdoing people. \* So you see those in whose hearts is disease hastening into [association with] them, saying, "We are afraid a misfortune may strike us." But perhaps Allah will bring conquest or a decision from Him, and they will become, over what they have been concealing within themselves, regretful." [Al-Ma'ida: 51-52

normalization with the Jewish entity. Allah (swt) says:

وَمِنَ الْأَعْرَابِ مَنْ يَتَّخِذُ مَا يُنْفِقُ مَغْرَمًا  
وَيَتْرَبُّصُ بِكُمْ الدَّوَائِرَ عَلَيْهِمْ دَائِرَةُ السَّوْءِ  
وَاللَّهُ سَمِيعٌ عَلِيمٌ

"And among the bedouins are some who consider what they spend as a loss and await for you turns of misfortune. Upon them will be a misfortune of evil. And Allah is Hearing and Knowing." [At-Tawba: 98].

].

The Islamic Ummah was not surprised by this betrayal announced by the UAE, and how can it be surprised when it has tasted from these Ruwaibidah agent rulers, varieties of betrayal, treason, lack of religiousness and absence of chivalry, enough to be considered by tens of generations?! Indeed, the rulers of the Gulf States, in particular, have made every effort in recent years to make the world aware of their intention to follow America's plan for

This cursed audacity on the Blessed Land (Palestine) can only be stopped by the Islamic Ummah through the action it took in liberating Al-Aqsa Mosque from the abomination of the Crusaders, it is the same action that the Ummah is praising its heroism, and the same action for which the Ummah continues to name its sons Omar, Khalid and Salahuddin... Every time the Islamic Ummah wanted to liberate Bayt al-Maqdis (Jerusalem), it marched to it with the armies of the Khilafah (Caliphate). But where are the armies of the Khilafah today?

## O Muslims:

We are aware that no matter how much the West repeats the "Play: The Muslim ruler who declares his abdication of Palestine", your conviction that the Jewish entity is doomed to extinction at the hands of the Islamic Ummah will not change. Rather, we are aware that your real position is what the Caliph Abdel Hamid, may Allah have mercy on him, wrote when he said: "... while I am alive, to have the scalpel cut my body is less painful than to witness Palestine being detached from the Khilafah state and this is not going to happen."

**Here we repeat the question: Where are the armies of the Khilafah today?!**

The answer is that the armies of the Khilafah will be born the moment immediately after the announcement of the pledge of allegiance (Bayah) for the Caliph, this is because the Bayah is initiated only by those who can give the caliph an army with which he protects Dar al-Islam (Abode of Islam) and opens the country, in the way that the Ansar said in the second pledge of Aqabah, in which the first Islamic state

was established. Albara bin Ma'roor said to the Prophet (saw):

والذي بعثك بالحق لنمنعك مما نمنع منه " أزرنا، فبايعنا يا رسول الله، فنحن والله أهل الحرب"

"Indeed, by the One Who sent you with the truth as the Messenger, we shall protect you like we protect our children therefore, take our pledge O Messenger of Allah, We by Allah are the sons of battles."

Therefore, today and at this moment we are awakening the chivalry of Islam in the people of power and strength, to work with Hizb ut Tahrir to give Bayah for an imam of the Muslims "caliph", so with him, they remove the dagger planted in the back of the Islamic Ummah, namely the traitorous rulers, then with him, they remove the dagger planted in the heart of the Islamic Ummah, which is the Jewish entity, the usurper of the Blessed Land. Allah (swt) says:

يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَتَصَرُّوا اللَّهَ يَنْصُرْكُمْ )  
(وَيُثَبِّتْ أَقْدَامَكُمْ)

"O you who have believed, if you support Allah, He will support you and plant firmly your feet." [Muhammad: 7].

## **ISLAM AND MUSLIMS ARE ATTACKED ON THE PRETEXT OF FIGHTING TERRORISM: WHERE IS THE SHIELD AND GUARDIAN FOR ISLAM AND MUSLIMS?**

On Sunday, 16 August 2020, the Muslims in Kenya once again woke up to the news of the abduction of, Sheikh Khalid Swaleh, Ustadh Juma Shamte and Hassan all from Markaz Noor located in Mtondia, Kilifi County. The captors are alleged to be officers from Anti-Terror Police Unit (ATPU) who raided the premises at 1am (Daily Nation, 16/08/2020). This incident comes just 3 months after another brutal event that took place on Saturday, 30/05/2020 at Kibundani area in Kwale County, where the Muslims woke up to the news of the killing of a Muslim man, Mohamed Rahma Mapenzi (41 years old) his two children, Swalia Rahma (6 years old) and Idd Rahma (3 years old). Furthermore, his remaining family members were fatal wounded with his eight months' pregnant wife, Mwanahalima Mwachili lost her pregnancy while she was admitted in

Msambweni Hospital in critical condition (The Standard, 31/05/2020). It is our duty to be concerned with what is happening to our Muslim brothers and sisters since Allah (swt) says: **إِنَّمَا إِخْوَةٌ الْمُؤْمِنُونَ** "The believers are but brothers" (Al-Hujurat: 49: 10) and the Prophet (saw) said: **حَتَّىٰ أَحَدَكُمْ يُؤْمِنُ لَا لِنَفْسِهِ يُجِبُّ مَا لِأَخِيهِ يُجِبُّ** "None of you will have faith till he wishes for his (Muslim) brother what he likes for himself" (Sahih al-Bukhari).

The above incidences are just some of the oppressive events that the Muslims are facing in Kenya and across the world under the pretext of fighting terrorism and extremism. The above actions expose the following:

First, Islam and Muslims are the scapegoat in the fight against terrorism and extremism in Kenya and beyond. As long as the state security apparatus invoke the terror 'license' then your goose is cooked and the so-called

principle of innocent until proven guilty under a competent justice system that is above state and Western influence is a myopic fallacy!

Second, Islam and Muslims are facing perpetual evil plots from all corners of the globe by the enemies of Islam and Muslims who are determined to use all their resources to ensure that the light of Islam does not penetrate and dominate the global political and socioeconomic sphere at an ideological level. However, Allah (swt) says: **الْمَكْرِبِينَ خَيْرٌ وَاللَّهُ ۖ وَاللَّهُ وَيَمَكُرُ وَيَمَكُرُونَ** "And they are planning and Allah is planning but indeed Allah is the best planner" (Al-Anfal 8:30).

Third, Islam and Muslims are facing social attacks from liberal value system imposed on them by the secular capitalist ideology that is determined to ensure Muslims adopt the fit in mentality disguised as 'Moderate Islam' that is designed to ensure the Muslims seek guidance from Washington, London and Paris etc. Consequently, end up with secular identities but remain with Islamic names.

Fourth, Islam and Muslims are facing evil economic machinations to an extent that any Muslim who volunteers and commit himself/herself to acts of charity is branded as a 'financier of terrorism

and extremism.’ Hence, he/she is economical destroyed, causing Muslims to suffer in silence due to witnessing their brothers and sisters are languishing in economic misery with no support from secular capitalist greed regimes.

Fifth, the so-called protectors and defenders of human rights and rule of law are nowhere when Islam and Muslims are facing these heinous attacks. However, when they resolve to come out they appear for just public relations exercises and seek to rip moral and financial support from the masses by hoodwinking them that indeed they are working for the said malicious double-standard approach agenda anchored on the viewpoint that ‘Terrorists and Extremists’ have no rights since they are a threat to humanity.

Sixth, the so-called Muslim rulers and leaders both locally and internationally are nothing but just an extension of the state machinery who have sold their souls to the devil and so they conspire against the Islam and Muslims and plot together with the enemies. Therefore, they are in-charge of the extra judicial massacres committed on the Muslims by legislating anti-terrorism and anti-extremism laws. The list is endless from

Pakistan, Somalia, Saudi Arabia, Yemen, Jordan, Egypt, Uzbekistan, Tunisia,

Russia, China (Xinjiang), Afghanistan amongst other nations.

Seventh, Islam and Muslims are choking, cannot breathe due to pain and are at crossroad after exploring all the available man-made options and failed. Some of the options include participating in secular democratic elections hoping to alleviate their situations by choosing political masqueraders who use Islamic sentiments to ascend to power but deliver nothing. Nevertheless, they turn out to be brutal perpetrators of oppression against Muslims in all spheres of life namely politically and socioeconomically. Therefore, every election cycle their hopes get dimmer! They are left with the question; what is the way out of this systemic persecution committed against them?

The radical answer to the above question is none other than embracing the call for ideological change based on

the Islamic Shari'ah whose sources are: Qur'an, Sunnah, Ijma' of Sahaba and Qiyas. Since we are in this current state of misery by going against the Islamic Shari'ah by not implementing it. Allah (swt) says: **لَهُ فَإِنَّ ذِكْرِي عَنِ اعْرَضَ وَمَنْ أَلْقِيَمَةِ يَوْمَ وَنَحْشُرُهُ ضَنْكًا مَعِيشَةً** **أَعْمَى** "And whoever turns away from My remembrance- indeed, he will have a depressed life, and We will gather him on the Day of Resurrection blind" (TaHa 20: 124).

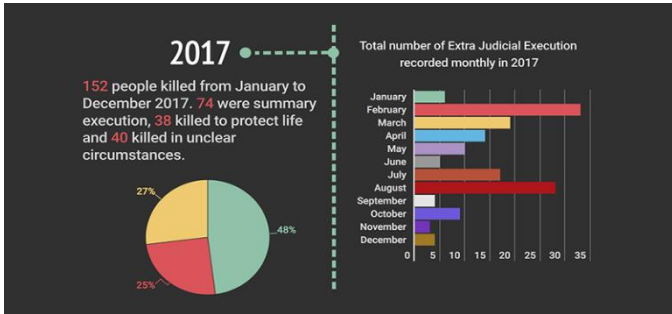

Instead we have embraced the man-made constitutions and laws that run our lives. We chose mankind to legislate/judge for us instead of Allah (swt) who says: **حُكْمًا اللَّهُ مِنْ أَحْسَنُ وَمَنْ أَلْحَكُمُ إِنِ** **اللَّهُ** "The decision is only for Allah" (Al-An'am 6: 57), **اللَّهُ إِلَّا أَلْحَكُمُ إِنِ** "Legislation is not but for Allah" (Yusuf 12: 40). We must firmly remember and believe what Allah (swt) says: **الَّذِينَ إِنِ**

**إِلَّا سَلَّمَ اللَّهُ عِنْدَ** "Indeed, the religion (Ideology) in the sight of Allah is Islam" (Aal-Imran: 19). Our convictions must respond to the call of Allah (swt): **يَا أَيُّهَا** **وَلَا كَافَّةُ السِّلْمِ فِي أَدْخُلُوا ءَامَنُوا الَّذِينَ** **لَكُمْ إِنَّهُ الشَّيْطَانِ خُطُوتٍ تَتَّبِعُوا** **مُبِينٌ عَدُوٌّ** "Oh you who believe! Enter in Islam completely, and do not follow Satan's footsteps, indeed he is an evident enemy to you" (Al Baqarah 2: 208).

Our way out of this perpetual desolation lies in joining efforts with Hizb ut Tahrir and working together for the reestablishment of the Islamic State of Khilafah (Caliphate) based on the method of Prophethood. The Khilafah under a sincere Muslim leader, the Khalifah (Caliph) will be a fortified shield and guardian of Islam, Muslims and non-Muslim citizens wherever they are irrespective of their color, race, status or tribe. It has been narrated on the authority of Abu Huraira that the Prophet of Allah (saw) said **جُنَّةُ الْإِمَامِ إِنَّمَا** **بِهِ وَيَتَّقَى وَرَأْيِهِ مِنْ يُقَاتَلُ** "The Imam (Khalifah) is a shield for them (Muslims). They fight behind him and they are protected by (him from tyrants and aggressors)." (Muslim). It is also a great sin not to strive for the reestablishment of the Khilafah. The Prophet (saw) said: **مَعِيشَةً لَهُ فَإِنَّ ذِكْرِي عَنِ اعْرَضَ وَمَنْ** **أَعْمَى أَلْقِيَمَةِ يَوْمَ وَنَحْشُرُهُ ضَنْكًا**

“Whoever removes his hand from obedience (to the Khalifah) will meet Allah with no proof for himself, and whoever dies without the pledge of allegiance (to the Khalifah) upon his neck dies a death of jahiliyya” (Muslim).

It is only the Islamic ideology under the Khilafah reestablished on the method of Prophethood that guarantees true tranquility, dignity, respect and honor to not only the Muslims but humanity across the world that are languishing from daily catastrophes perpetuated by the Western colonialists led by America and her allies. There is no alternative apart from #ReturnTheKhilafah which is the only demand of our time and only hope for Islam, Muslims and the entire mankind after exhausting all man-made options mentally inconceivable from the east to the west and from the north to the south.

The time is now to invest efforts where they will count both in this temporary world and the everlasting hereafter. There is no wasting energy in that which displeases Allah (swt) such as

joining secular capitalist political parties that call for democratic solutions where the proponents and winners are agents of colonial masters. Instead, join and be part of the Islamic party of Hizb ut Tahrir founded upon the Islamic ideology whose eyes are focused on delivering global ideological change based on Islam by resuming the Islamic way of life by reestablishing the Khilafah a shield, guardian and mother of all Islamic obligations. Allah (swt) says:

الْعَزِيزُ وَهُوَ يَشَاءُ مَنْ يَنْصُرُ اللَّهَ يَنْصُرْ  
 وَلَكِنَّ وَعْدَ اللَّهِ لَا يُخْلَفُ لَا إِلَهَ إِلَّا اللَّهُ وَعَدَّ الرَّحِيمُ  
 “In the victory of Allah. He gives victory to whom He wills, and He is the Exalted in Might, the Merciful. It is the promise of Allah. Allah does not fail in His promise, but most of the people do not know” (Ar-Rum 30:5–6).

## Press Release

### **Hizb ut Tahrir / Kenya Official Launching of Campaign under the Slogan: 'Every One of Us is a Shepherd'**

The Coronavirus pandemic which continues to claim the lives of many people globally has also led to the suspension of most economic activities, devastating people's means of livelihood. It has also led to the closure of learning institutions which has resulted into another crisis in Kenya; a surge in school girl pregnancies. Data on teenage pregnancies was released recently that shows about 152,820 school girls across the country became pregnant since the closure of schools. Although the government has dismissed the figures terming them as obnoxious, the fact still remains that sexual acts are among the evils rampant in secular society.

With a high concern, Hizb ut Tahrir / Kenya is launching a massive campaign under the theme: "Every One of Us is a Shepherd" starting 25th August 2020 until 31st December 2020.

A series of events during the campaign will include public talks in Mosques, street walks and live debates, among others. The main topics of discussion being how Capitalism and its flawed creed of secularism has attributed not only to a social crisis but all crises in every aspect of life. The Ummah that include the parents and guardians will be reminded of their responsibility to protect their children from Western cultural invasion by ensuring that they establish the Islamic Identity in their children.

We urge the public to join us in this campaign as it is part of the noble task of enjoining the Maa'ruf (good) and forbidding the Munkar (evil).
