Hizb ut Tahrir Activists Abducted by Police soon after they were released from Prison; Oppressive Hasina government Follows No Rules and Principles while Fighting against Islam

On 08 June 2016, two activists of Hizb ut Tahrir named Mustafizur Rahman and Yusuf Nurani Ahmed have been arrested again from the jail gate soon after they were released on bail. After having failed to hold our brothers in the prison even by manipulating her oppressive secular legal system, criminal Hasina government's Detective Branch (DB) abducted them from Kashempur jail and their whereabouts are still kept unknown. It is as clear as day light that Hasina's government has failed politically, intellectually and legally to combat with the brave sons of this Ummah and hence it is now going down the road of abduction and kidnapping.

This puppet government backed by Kafir-Mushrik knows no rules and no principles while fighting against Islam and the brave dawah carriers who are calling for the re-establishment of the Khilafah (Caliphate) upon the methodology of the Prophethood – the forgotten obligation. The imperialist powers are desperate to deter Hizb ut Tahrir's call of Islam and thus it has resorted to all sorts of illegal means like abduction and torture. The desperation proves that the illegal government is threatened by the rise of political Islam.

O Muslims! Protest against such state terror and wanton detention. We urge you to heed our appeal to stand for Islam and stay beside the courageous workers of the Khilafah who can only bring about the desired end of this tyrannical regime.
