## Under the Leadership of the Ruwaibadah Rulers of Arabs and Muslims, the Ummah's Armies and Military Capabilities Have Become Just for Show!

(Translated)

The digital and satellite media are constantly circulating news of the military exercises of the huge armies in the capitals of Islamic countries, in which their skills, weapons and updates are displayed. These news reports begin with displaying how these armies do not lack any experience, technology or equipment necessary for any country to be great, starting with the competent soldiers who are rigorously trained. Indeed, the Pakistani, Bangladeshi, Egyptian and Turkish soldier became famous for the gold medals awarded in various international military competitions... These news reports conclude with military experts and strategic analysts, some of whom, due to their large numbers, have begun to work as military analysts on satellite channels, as if they were artists for drama productions, or media professionals for interactive programs. All this is without mentioning the strategic weapons and ballistic missiles, which these armies possess, from nuclear weapons to intercontinental ballistic missiles.

In this context, the Arabic "Youm7" website reported, "The Egypt International Aviation and Space Exhibition for 2024 was inaugurated, running from September 3-5 in Alamein, Egypt. The exhibition is considered a unique global event in the field of aviation and space, in Africa and the Middle East. The air shows begin with the participation of more than 300 companies and entities from aviation manufacturers and space industries around the world, representing more than 100 countries, including Saudi Arabia. The show reveals during the events different models of civil, military and guided aircraft. The cameras at the Aviation and Space Exhibition in Alamein monitored the presence of a new Egyptian armored vehicle, on which was written "Proudly Made in Egypt." The Saudi aircraft from the F-15 series, the Eurofighter Typhoon aircraft, and the facility protection system using artificial intelligence and drones were displayed. This is in addition to a display of the high-level capabilities in the field of design, development, production, technical support, maintenance and manufacturing parts of the aircraft F15 -SA. The attendees witnessed a number of professional air shows on the sidelines of the exhibition activities, including a solo air show for the Saudi aircraft, the Eurofighter Typhoon, through the performance of several maneuvers characterized by mastery and precision."

Despite all this, the Jewish entity has been safe from all these military capabilities and weapons that are being displayed within a stone's throw of Gaza, where the Jewish state is brutalizing its people. This is whilst it would have been enough to deter the

Jewish entity by opening such exhibitions and conducting such training in Sinai, for example, and threatening to use military force against the Jewish entity. This in addition to the fact that eliminating the Jewish entity would be sufficient with an army, or even part of an army, from the armies stationed in their barracks in the Arab and Islamic countries, whether close to the borders with that monstrous entity, or far from it. However, if we know the reason for the Jews not fearing these entities, the wonder and surprise is gone. The reason is the betrayal by the rulers of the Arabs and the Muslims, and the cowardice and corruption of the commanders of those armies. This enables the Jewish entity to persist in its transgression. It does not seem that the Jewish entity will stop until it completely eliminates the people of Gaza, demolishes Al-Masjid Al-Aqsa, and builds its alleged temple.

**O the Sincere in the Armies of the Ummah in General, and the Armies of the Countries Surrounding Palestine, the Most Capable of Which are the Armies of Egypt, Jordan, Turkey and Pakistan!** You are certainly aware that the capabilities of your armies are more than enough to liberate the Blessed Land of Palestine and its sanctity, and to avenge the widows and bereaved, against the Jews and those who support and follow them. You know that the only obstacle standing in the way of achieving this are your Ruwaibidah (lowly incompetent) rulers and your military leadership that colludes with them. You know that you are capable of removing these traitors in the military and political leaderships. So be aware that the ambitions of the Jewish entity and its master America will not stop at any limit or gain. You will have been eaten on the day the “white bull” was eaten, as you merely watched. Are you waiting until the Jews dominate, and their entity extends between the Nile and the Euphrates, and they achieve what they dream of and spread their ambitions on television screens, without fear or embarrassment?! You must remedy the situation before Allah (swt) replaces you, and you are herded with your political and military leaderships into the depths of Hell, after the angels and all the people curse you. You have Hizb ut Tahrir, the most capable, the most knowledgeable, and the most fiqhi (juristically) and politically developed political and military leadership in the Islamic Ummah. If you grant it your Nussrah support, you will establish your state, the Khilafah (Caliphate) State on the Method of the Prophethood, and you will save yourselves from the fire of Hell, and the curse of the people and the angels.

﴿يَوْمَ تَقَلَّبُ وُجُوهُهُمْ فِي النَّارِ يَقُولُونَ يَا لَيْتَنَا أَطَعْنَا اللَّهَ وَأَطَعْنَا الرَّسُولَ \* وَقَالُوا رَبَّنَا إِنَّا أَطَعْنَا سَادَتَنَا وَكُبْرَاءَنَا فَأَضَلُّونَا السَّبِيلًا \* رَبَّنَا آتِهِمْ ضِعْفَيْنِ مِنَ الْعَذَابِ وَالْعَنَهُمْ لَعْنًا كَبِيرًا﴾

**“On the Day their faces are constantly flipped in the Fire, they will cry, “Oh! If only we had obeyed Allah and obeyed the Messenger!” (66) And they will say, “Our Lord! We obeyed our leaders and elite, but they led us astray from the Right Way. (67) Our Lord! Give them double ‘our’ punishment, and condemn them tremendously.” (68)” [TMQ Surah Al-Ahzab 66-68]**
