Iran's Rulers are a Vocal Phenomenon and a Show of Fireworks and Have Nothing to do with Victory or Liberation

(Translated)

The commander of the Iranian Revolutionary Guards, Major General Hossein Salami, confirmed at the opening of the "Nasrallah" security combat maneuvers that "the Zionist entity is mistaken if it thinks that Hezbollah will exit the arena by assassinating its leaders," noting that "the party is a great movement that cannot be extinguished or ended." He threatened the Jewish entity, saying: "Today, we have you in our sights, and we will fight until the end, and we will not allow you to control the fate of Muslims, and we will take revenge, and you will receive painful blows, and you must wait."

Thus, the leaders of Iran are not ashamed to repeat phrases of threats and intimidation to the usurping, criminal Jewish entity, without seeing any real action or actual movement from them on the level of the crime and the situation.

It has become clear to everyone with sight and insight that they are liars and deceivers, as they left the Jews to destroy the Gaza Strip for more than a year until it became piles of rubble, in a brutal war that claimed the lives of more than 146 thousand martyrs and wounded, most of them children and women, and more than 10 thousand missing, and they did not have the chivalry to move to support them, but rather left them to face the Jews, America, Britain, Germany and other colonial and arrogant countries with their bare chests.

Then the Jewish entity began its brutal aggression against Lebanon and Dahieh, south of Beirut, the stronghold of the Iranian party in Lebanon, and assassinated its first and second rank leaders. So, Iran left it to face the Jewish army, its air force, its incendiary penetrating bombs, and its deadly guided missiles. It did not support it, but rather left it to face its fate alone, in a scene dripping with humiliation and failure.

Now, the leaders of Iran continue their resonant speeches and hollow threats, as if they are nothing more than a sonic phenomenon, and even when they threaten, fume and thunder, their actions are limited to a show-off that carries a message that will not hurt an enemy or stop aggression.

Palestine and Lebanon have a great right over Iran, as Palestine has the right to have armies mobilized for its sake with their planes, missiles, drones and tanks; to fight the Jewish entity in a real war that will uproot it, and not a harsh blow that may hurt it but will keep it and not eliminate it, as if we are in a wrestling ring in a sports match!

As for Lebanon, it has the right to have armies mobilized to support it, defeat the Occupation and avenge the blood of its martyrs and wounded, not festivals and speeches, nor even with wary military support from behind a curtain.

Every free and honorable person in the Muslim armies must join the caravan of sincere workers to remove the rulers from their thrones and establish the second Khilafah Rashidah (rightly guided Caliphate) on the path of the Prophethood, uniting the Ummah and marching with its armies towards Palestine and Lebanon to cleanse them of the Jews. Otherwise, our Ummah will continue to suffer pain, killing, and destruction.
