## The Aleppo Lesson in Libya!

(Translated)

After what happened to the rebels in Aleppo of betrayal and fragmentation that spoiled their triumphs, and what happened of the involvement of some sides in loyalties and false promises from the puppet states of damage, which their falsity is affirmed today through gores and scattered body parts...

After this significant bitter lesson, we present this **explicit warm invitation** to all factions of the revolution in Libya who show solicitude for the revolution and those who care about this Ummah aspiring to the return of its state again:

1. Stop this dissonance and rivalry, for the devils from mankind and jinn live between one gap and another... and the enemy takes from your fragmentation, whatever your justifications are, an opportunity to install his command in Libya and to make your salvation difficult.

2. Stop relying on the states of the region, the Gulf States, and more appropriate the Western states, for their only desire is to thwart the revolution and prevent its Islamic outcomes and its tendency to the final liberation from colonialism ... and the infamies of these states is tested and known.

3. Internally, stop tribal and regional considerations, since their best upshots is further separation and dispersion, and then the domination of colonialism and exploiting you weak; strengthening yourselves over one another by the West through the supply of money and arms ... And with what it involves of fighting among Muslims, it is deemed one of the biggest prohibitions in our Sharia **وَمَنْ يَقْتُلْ مُؤْمِنًا مُّتَعَمِّدًا فَجَزَاؤُهُ جَهَنَّمُ خَالِدًا فِيهَا وَغَضِبَ اللَّهُ عَلَيْهِ وَلَعَنَهُ وَأَعَدَّ لَهُ عَذَابًا عَظِيمًا** **"But whoever kills a believer intentionally - his recompense is Hell, wherein he will abide eternally, and Allah has become angry with him and has cursed him and has prepared for him a great punishment"** [An-Nisa: 93].

Allah has ordained for us the status of brotherhood and imposed for our brotherhood the duty of reconciliation, **﴿إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ فَأَصْلَحُوا بَيْنَ أَخَوَيْكُمْ وَاتَّقُوا اللَّهَ لَعَلَّكُمْ تُرْحَمُونَ﴾** **"The believers are but brothers, so make settlement between your brothers. And fear Allah that you may receive mercy."** [Al-Hujurat: 10]

4. After the fall of the dictatorial regime, which you knew of its evil what makes blood run cold, it came to you a historic opportunity to liberate on the basis of Islam, for it is the only opponent to colonialism today and is the only contrast to the secular capitalist regime... So, do not make your political projects part of this corrupt illegitimate regime, even if the names are changed, and the titles are altered: through naming secularism a civilian government, and ruling by other than what Allah has revealed as democracy, and calling the tearing of the Ummah patriotism or others...

5. Beware or the Sincere! This savage global system runs on all issues of Muslims to deplete it and waste it, so do not be a tool of the enemy knowingly or unknowingly, and Unite on the word of Islam and overlook your minor issues ... Fight the enemies under one banner to unite the country in the first stage and then its annexation to the rest of the Muslim lands in the second phase under the shades of the state of goodness, the state of splendor; the Khilafah (Caliphate) Rashidah State on the method of the Prophethood. Anything below this is merely a futile and waste of time and disregard of the sanctity of the Ummah, or is a criminality and employment, so be not as the one who untwists her spun thread after it was strong!
