**Women's Global Day of Action for Palestine
A Call to Mobilize Armies**

(Translated)

On the 7th of October 2023, the Al-Aqsa Flood Operation was carried out by the Palestinian resistance in the Gaza Strip against the Zionist entity, which was represented by launching a land, sea and air attack through which resistance fighters infiltrated settlements on the Gaza envelope. As a result, this monstrous entity was exposed and appeared to the world as fragile, pitiful and weak. The false prestige was removed from it, and the illusion of his alleged power was exposed. In the face of this attack, which shocked and surprised the Jewish entity, and astonished the entire world, it realized the stark reality of this entity, and became certain that it was a monstrous entity that could be crushed and eliminated easily. A small group of Palestinian fighters were able to breach it and inflict great losses on it, the most important of which, was its "prestige!" The reactions of this usurping entity were criminal and retaliatory. It launched brutal attacks on the Gaza Strip, using various weapons and deliberately targeted residential complexes, schools, and hospitals... Its massacres multiplied under the eyes of the world and with the support of America and Western countries, killing thousands, most of them children and women. Thus, this war dropped all false masks and threw all the false slogans on the ground to reveal the truth about these countries that launched a Zionist crusade against the people of Gaza "Al-I'zza (the pride)".

What happened and is happening in Gaza in terms of sabotage, destruction, killing, abuse and displacement... confirms that the doctrinal battle waged by this usurping entity and supported by the kaffir sect is not resolved through negotiations and truces, but rather through a military force. What was usurped by force can only be restored by force. What we see of patience and strength of faith from the people of Gaza, despite the trials and tribulations they are witnessing, the loss of family and children, and their gathering of corpses and body parts, reinforces our certainty of the necessity of calling on the armies to do their part towards them and respond to our urgent and sincere call to hasten to rescue and support them.

We have been disappointed in those rulers who were exposed by the war on Gaza and the fig leaf has exposed their agency and their betrayal and hostility towards the people of their Ummah. We called on the scholars to assume their true position and reveal to the Ummah the true path to support our people in Gaza and Palestine, pushing it to demand the opening of the borders and the movement of the armies. Among them were the sincere ones who had their throats sore at the pulpits calling out, but the criminals have punished them, and today they are languishing in

prisons. Some of them sold themselves for money or position, and thus failed the blood of innocent children and women!

Since the beginning of the war on Gaza, Hizb ut Tahrir has organized several stands and protests. Speeches have been delivered in many countries, all calling for a radical solution to this genocide committed by the criminal Jewish entity. In the face of its continuation and the continuing massacres, the Women's Section in the Central Media Office of Hizb ut Tahrir, in coordination with the women of Hizb ut Tahrir globally launched an intensive global campaign leading to a **"Women's Global Day of Action for Palestine,"** on November 26, to demand the urgent mobilization of the armies of Muslim countries to rescue the women and children of Gaza and liberate the blessed land of Palestine from this usurping occupation. It was organized by the women of Hizb ut Tahrir in various countries across five continents: Palestine, Turkiye, Indonesia, Tunisia, Lebanon, Malaysia, Kenya, America, Australia, Denmark, The Netherlands, Belgium, and Britain, and included various activities (protests, stands, seminars, discussion panels). The speakers also delivered speeches, and even though they presented the subjects in different angles, their goal for their presentation was the same. They were moving, motivating words that moved what had been dormant and revived hopes in souls that would heal wounds and erase pain and sorrows. In light of the genocide that our people in Gaza are suffering, in the presence of the regimes of those agent rulers who ensure the interests of the West and normalization with the Zionist entity, the Women's Section in the Central Media Office of Hizb ut Tahrir turned to the sincere amongst the Ummah so that they would add their voices to its voice to call on the armies and incite them to fight their battle; in which there is the salvation of Gaza and the Islamic Ummah in general, and it asked the Ummah's armies to rise urgently to liberate the blessed lands of Al-Quds. It asked them to bring out a Salahuddin from among them so that he might once again bring a glory and a victory that would honour Islam and the Muslims.

We, in the Women's Section in the Central Media Office of Hizb ut Tahrir and all the women of Hizb ut Tahrir across the world, address the mothers of those in the Muslim armies, their wives, daughters, and sisters, and we appeal to them to urge them to carry out their part; to raise their resolve and rise to support their brothers, to hasten to restrain the hands of those criminals from the children of their Ummah and to defend the honour of its women.

Did these massacres not move you in a way that makes you like Khansa', pushing her sons into battle to be among the winners of one of the best two: victory or martyrdom?! Will you not work to win with them the rank of Ansar, so that they and you will have the honour of restoring the glory of Islam and the Muslims and the glory of your Ummah?! We are counting on you to push the sincere members of our armies to lift this injustice off our people in Gaza, Palestine and all Muslim countries so that they hasten to end these massacres and support their Deen. **﴿إِنْ تَنْصُرُوا اللَّهَ يَنْصُرْكُمْ وَيُثَبِّتْ﴾**

﴿أَقْدَامَكُمْ﴾ **"If you stand up for Allah, He will help you and make your steps firm"**
[Muhammad: 7].

What this group of people did, which we consider sincere to Allah is a lesson and a sign to be emulated. Let your movement be for Allah, a support for His Deen, and to make His Word the highest.

وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ
الَّذِينَ مِن قَبْلِهِمْ وَلَيَسْكُنَنَّ لَهُمُ الْبِلَادُ الَّتِي أَبْغَضُوا وَعَدَّ اللَّهُ بِقُلُوبِهِمْ وَأَمَّا
يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَن كَفَرَ مِنكُمْ فَإِنَّهُ يُكْفِرُ بِكَ وَاللَّهُ عَلِيمٌ بِالظَّالِمِينَ
