O Soldiers of Egypt (Kinana): When will you Erase the Shame of the Treasonous Regime and Wash Your Hands Off it?

(Translated)

A few days ago, the Egyptian regime denied receiving a cargo ship in the port of Alexandria loaded with shipments of weapons and explosives for the Jewish entity, despite the overwhelming evidence that the Egyptian regime received it, facilitated its arrival, and provided the necessary support and supplies until its shipment reaches the usurping entity to complete its march of killing our people in the Blessed Land. The matter did not end there, and the controversy did not end until people saw a warship belonging to the usurping entity passing through the Suez Canal, carrying the Egyptian flag next to its flag. They saw it and looked at it with eyes filled with anger at a regime that besieges our people in Gaza, supports their killer, and even participates in killing them.

In an excuse worse than the sin, the regime's mouthpieces came out to justify this passage by claiming that the Suez Canal is an international waterway subject to international agreements that Egypt cannot prevent any ship from crossing, even if it belongs to a hostile country, even if it is a warship raising its flag next to the Egyptian flag during this passage, as if the regime is mocking the people and annoying them with its actions and provoking them with its behavior as if it is sticking its tongue out at them!

International agreements are only binding subordinate and agent states, and are not binding to strong states that possess sovereignty, especially if they conflict with their interests. That is why we find the Egyptian regime justifying its subservience and submission with international agreements, while if these agreements conflict with America's interests, we would find it roaring and claiming heroism and summoning up bravado that it does not possess.

The regime's position is not strange or surprising; its position is known, as it has always been a faithful guardian of the Jewish entity that usurped the Blessed Land, and this was reinforced by the treasonous and declared normalization agreement called Camp David.

What is truly surprising is the position of those who remain silent about this regime's humiliation and its apparent treason that the media filter can no longer hide, but rather their justifications have become uglier than the crime itself.

The duty of Egypt and its army is to reject all treasonous agreements, starting with the canal transit agreements, passing through the Camp David Agreement and ending with the subsequent trade and economic agreements, and to declare a comprehensive war on the usurping entity until the liberation of all of Palestine. We know for certain that this is what every member of the Egyptian (Kinana) army desires, and nothing prevents him from doing so or stands between him and achieving it except the regime of subservience that controls the army and makes it a servant of the usurping entity.

O soldiers of Egypt (Kinana): You were and still are a shield for the Ummah and a weapon in its hand, so regain your freedom, side with your Ummah, cut the ropes of the rulers that surround you, and renounce their privileges, ranks, and salaries. Put your hands in the hands of those who will lead you to a paradise whose width is the heavens and the earth, and carry with them the concerns of your Ummah and regain with them its authority anew under the shadow of the Khilafah Rashida (Rightly-Guided Caliphate) on the method of Prophethood, which will purify the Blessed Land from the Jews through you, so come to arms and success.

﴿وَ اتَّقُوا فِتْنَةً لَا تُصِيبَنَّ الَّذِينَ ظَلَمُوا مِنكُمْ خَاصَّةً وَاعْلَمُوا أَنَّ اللَّهَ شَدِيدُ الْعِقَابِ﴾

“Beware of a trial that will not only affect the wrongdoers among you. And know that Allah is severe in punishment” [Al-Anfal:25]
