

Press Release

**The Jordanian Regime No Longer Have a Place to Hide Its Defense of the Jewish Entity
Placing Actions in the Balance of Islam Directs Your Compass to the Shariah Solution**
(Translated)

News and information frequented in the official media and the social media platforms, satellite channels were full of local and international interviews to comment on the events taking place in the region since the war on Gaza. They were so contradictory and false that they astonished people following the issues of their Ummah and their countries. Viewpoints differed and multiplied in their search for the right action and setting the compass towards the Shariah path of truth, to come out with a position that will save them from the tampering of enemies and the conspiracy of the rulers, and to return to the pride and dignity of the Ummah that befits it as it was at the forefront of nations. This is only because the Islamic people adopted multiple standards in their judgment of events, thus differing in their outlook on solutions and practical steps to get out of their crises and the hardship in which they live, from the domination of the kaffir enemies and its control over its capabilities, and the empowerment of the lowest of people, the Jews, to control the great forces of the Ummah. People's distance from the rules and standards of Islam, and their adherence to patriotism and nationalism on the basis of which their country was divided, was the direct reason for the dispersion of their thoughts and the paralysis of their strength and political orientations in the search for an effective solution, and thus they lost their path to salvation.

Today, there is no regime or state that governs by Islam or implements Shariah rulings; which the majority of their people believe in and whose feelings are united around its belief, and aspire to put the rulings of Islam into practice in a single Islamic state. This is the opinion of the majority of Muslims in the world, but they deviate from the Shariah path that leads to the ultimate goal as stated by Islam!

Therefore, political understanding and the Islamic method of change are among the necessities that united the Ummah in its efforts towards liberation from those who shackle its authority and great powers, most notably the political doctrine of Islam, so it sets out to destroy whoever stands in the way of its great project of restoring its great state, the Khilafah (Caliphate) State, whether they are the Kaffir colonial powers or puppet regimes that have been suffocating the Ummah for more than a century.

Among the basics and references related to the Gaza war after the attack of October 7th, 2023, and Iran's partial entry into the scene of events and the subsequent reactions, are:

- None of the regimes in Muslim countries came to power through the legitimate Shariah method, but rather they usurped the authority of the Ummah and the authority of its people, so they must not be obeyed. They all do not make Islam a criterion for their internal or external policies, but rather take the side of the enemies of the Ummah, the colonial kaffir West, in its subordination to it and enabling it to control Muslim countries.

- Iran has been in America's orbit and has been able to achieve its interests in the region since it came to power, as happened in Afghanistan and Iraq with the recognition of their leaders, and the political games that are taking place in the countries of the region. Its criminal role in Syria is still continuing in defending the tyrant of Ash-Sham in the service of America, in exchange for achieving some of Iran's interests in military and political maneuvers for decades. The Iranian drones and missiles' play against the Jewish entity under the eyes of America and its control of the rhythm between the Jewish entity and Iran is only one of them, it did not move a finger to support the people of Gaza.

- The regime in Jordan is a functional and puppet regime, the goal of its existence is to protect and empower the Jewish entity. It will remain in power as long as it is needed. Transjordan was

founded as an entity for the sake of this mission, the people of Jordan have no interest in its existence, it is only there to harness the Jewish entity militarily and security-wise, and allows its land to be targeted with American, British, French, and German bases, from which it launches to carry out missions to protect their interests. The fact that the regime in Jordan confronted the Iranian drones and missiles directed at the Jewish entity reveals the role of the regime and the height of public betrayal in defending and protecting the Jewish entity, which no one with eyes and awareness can deny.

- On this occasion, social media platforms were filled with articles, interviews, and international news that expose the regime's actions, such as David Hearst's article in Middle East Eye, and George Galloway's interview with Scott Ritter. In a precedent announced by the Jordanian regime publicly under the pretext of protecting its citizens and its skies, which were once an open target for all the enemy forces of the West, led by America and the Jewish entity, as stated in the Arab Post in a special investigation about the presence of two Jewish planes roaming the skies of Jordan at the moment of the Jewish entity's response to Iran at dawn last Friday, from the north and the south.

- The actions of the Arab regimes, especially those surrounding Palestine and those closest to it, are no less in their failure and subordination to the kaffir West in their support of the Jewish entity, whether through normalization or the siege of the people of Gaza, and at the same time providing the Jewish entity with a trade corridor from the Emirates to Saudi Arabia via Jordan, to save it from a siege of the Red Sea.

- At a time when the reason for its repeated defeats has become clear to the Ummah, which is its ruling systems, it is not permissible for any of the people or the peoples of the region to line up alongside these regimes on the basis of national patriotism in its flags, the sanctification of its borders, and the glorification of its agent rulers, or to stand by them, and thus be one who aids the oppressive traitors. This is the patriotism that the rulers' agents, including media professionals, scholars, ministers, and parliamentarians champion, and whose foundations were established by the kaffir West to perpetuate the fragmentation and division of the Ummah and to defend these regimes that were the means of demolishing Muslim countries, protecting and empowering the Jewish entity, behind it America and Europe, and failing to support the people of Palestine, and even failing to expel America, its allies and their bases from Muslim countries.

O People... O our People in Jordan:

Looking for solutions derived from the corrupt and bitter reality, which is the control of the colonialist kuffar and the Jewish entity, and the servile submission to them that your rulers have established, their loyalty in protecting the Jewish entity, the plundering of your wealth, failure to support the people of Palestine, and the solutions derived on the basis of national patriotisms that divide and disperse, surrendering of your country through establishing colonial kaffir bases by the invitation of your rulers and their consent, all of this will only increase your humiliation and slavery.

Your return to your Deen, Islam, and the implementation of its rules by establishing its state, is what achieves the great values of Islam. In the Islamic state is your pride and dignity, and through it you will be freed from the slavery of your puppet rulers, and through it your armies will be led to liberate the occupied Muslim lands in Palestine and elsewhere. The Jewish entity will be uprooted forever and the colonialist Kuffar will be expelled, and you will obtain the satisfaction of the Lord of the Worlds, and the world will be blessed with mercy and justice after injustice and evil have spread in it.

﴿مَنْ كَانَ يُرِيدُ الْعِزَّةَ فَلِلَّهِ الْعِزَّةُ جَمِيعًا إِلَيْهِ يَصْعَدُ الْكَلِمُ الطَّيِّبُ وَالْعَمَلُ الصَّالِحُ يَرْفَعُهُ وَالَّذِينَ يَمْكُرُونَ السَّيِّئَاتِ لَهُمْ عَذَابٌ شَدِيدٌ وَمَكْرُ أُولَئِكَ هُوَ يُبْورُ﴾

“Whoever desires honor [through power] - then to Allah belongs all honor. To Him ascends good speech, and righteous work raises it. But they who plot evil deeds will have a severe punishment, and the plotting of those - it will perish” [Fatir: 10]
