## Hizb ut Tahrir / Wilayah Lebanon Visits MP Ibrahim Mneimneh (Translated)

A delegation from Hizb ut Tahrir / Wilayah Lebanon, comprising Dr. Muhammad Jaber, Head of the Central Communications Committee of Hizb ut Tahrir in Wilayah Lebanon, and Engineer Saleh Salam, a member of the committee, paid a visit yesterday, Tuesday, 16 December 2025, to the Beirut MP Mr. Ibrahim Mneimneh.

At the outset, the delegation introduced the party, its ideas, and what distinguishes it from other parties, as well as its principled stance and its rejection of sectarianism, nationalism, and confessionalism.

The delegation then presented the party's vision for the radical solution for Lebanon, which lies in returning to the original reality as part of the Levant (Bilad al-Sham), away from un-Islamic and ineffective solutions that prolong the crisis, deepen it, and do not resolve it.

The delegation also addressed the problems of the region and the persistent efforts of Lebanon's rulers in actions that lead to official recognition of the Jewish entity and the establishment of economic relations with it.

The delegation warned of the necessity for all sincere deputies and politicians to stand against this project openly, at least through a clear stance and word.

At the end of the meeting, both sides agreed on future meetings to continue discussing developments.
