O Armed Forces of Pakistan! Respond to the American and Jewish Aggression Against Iran by Establishing the Khilafah (Caliphate) and Bury Trump's New Middle East Plan

On 28 February, the United States and the Jewish entity once again attacked the Muslim country Iran, and its leadership. In this attack, a large part of Iran's political and military leadership lost their lives. However, following this, the fire of war has spread throughout the region. While the US naval fleets and ships, together with the Jewish entity, are continuously bombing Iran, Iran's missiles and drones are targeting the Jewish entity and U.S. installations in Muslim countries across the region. By the third day alone, panic has already spread within the ranks of the disbelievers — the United States and the Jewish entity.

The U.S. is fearful of deploying ground troops in Muslim lands and has repeatedly expressed this openly. This is an ideal opportunity for sincere elements within Pakistan's armed forces not to be an ally of America against Iran, but rather to eliminate the American presence from the entire region. U.S. supply lines and logistical routes are being blocked, their "invincible" missile defense systems are weakening, public opinion in the U.S. has turned against the war, and economically, the U.S. cannot sustain a new prolonged war in this region. Therefore, this is the ideal opportunity to strike a decisive blow against the civilization that produced Epstein, and wrap up this foul civilization from the region, after which the Jewish entity will exist only for a few hours. This will bury the American New Middle East plan and begin the purification of Al-Masjid Al-Aqsa from the Jewish filth, when the Muslim armies, with the echo of Takbeers, enter the land of Al-Isra and Al-Mi'raj and respond to the atrocities committed by the occupying Jews in Palestine. Only Hizb ut Tahrir is capable of providing this visionary leadership. So step forward and give your Nussrah (military support) for the establishment of Khilafah under this leadership.

American power is a borrowed power, dependent on the treachery of the rulers of Muslims in the region. The dominance of the U.S. in this region is due to the division of Muslims into nation-states, and the imposition of traitors upon them. These agent rulers have handed over Muslim resources to the U.S., elevating its dominance beyond its natural capacity. Is not American supremacy in the region supported by military bases, supply lines, logistics, intelligence sharing, and other forms of assistance provided by countries such as Pakistan, Saudi Arabia, Bahrain, Kuwait, Qatar, UAE, Jordan, Syria, and Iraq? Imagine the situation when the armies of the Khilafah, under the leadership of a Khalifah, equipped with modern ballistic and cruise missile technology, will destroy U.S. naval fleets, unify artificial states

within the Arab lands into a single Khilafah, encircle and eliminate U.S. bases, and regain control of all strategic waterways. How long will we continue to watch Muslim states be destroyed one by one, hiding our heads in the sand like ostriches? If the Jewish entity and the U.S. cannot accept Iran's enriched uranium and missile program, how could they possibly tolerate Pakistan's nuclear and missile program? What are we waiting for? Now is the time to unite Muslim armies under a Khilafah and fulfill this Shariah obligation.

The attack on Iran has once again made it clear that any negotiations or compromises with the international order can only lead to gradual destruction. Whether it is the IMF or the World Bank, the International Atomic Energy Agency or the International Court of Justice, the UN Security Council or FATF, these are all tools of U.S. foreign policy. Any cooperation with them is tantamount to striking our own feet. The Islamic Ummah, including Pakistan, must develop an independent course of action, which is impossible under the current treacherous Muslim rulers. In reality, this is only possible when the people of military power and protection in Pakistan grant Nussrah (military support) to Hizb ut Tahrir for the establishment of the Khilafah Rashidah (Rightly-Guided Caliphate) on the Method of Prophethood.

Iran's limited strikes on U.S. and Zionist installations in the region have exposed their weaknesses, just as the resistance in Gaza had previously revealed their fragility. The Ummah has stirred and is eager to welcome a Khilafah. So advance, and do not let this opportunity pass.

Allah (swt) says, ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾ **“O you who have believed! Respond to Allah and the Messenger ﷺ when He calls you to that which gives you life.”** [TMQ Surah Al-Anfal: 24].
