**Pakistan is to “Do More” Whilst India “Gets More”
Allowing India to enter Afghanistan and Develop her Presence is
undermining Pakistan’s Security**

Afghan news agency TOLO reported that India’s symbolic gift of democracy to Afghanistan – its new parliament building – is almost complete with plans in the works for Prime Minister Narendra Modi to visit Kabul in the near future for the official inauguration.

The construction of the parliament building for Afghanistan by India is a sign that she is trying to ensure her new found presence and influence in Afghanistan, after America opened the doors for her. Initially, Pervaiz Musharaf, after 9/11 allowed Afghanistan to become an Indian grazing land as per American interests, because of his comprehensive support of the American invasion. Then the Kayani-Zardari regime and now the Raheel-Nawaz regime continued this policy, allowing India to expand her foothold. How is it possible that America, who cannot ensure a single objective in Afghanistan without Pakistan’s assistance, allowed India to make her presence felt in Afghanistan, without the knowledge of the traitors in Pakistan’s leadership? Although traitors in the political and military leadership complain of India’s intervention in Pakistan and its tribal regions through Afghanistan, they never compelled America to stop opening the doors to India in Afghanistan, because a slave never questions, let alone resist, his master, even when he beats him mercilessly.

Since the invasion of Afghanistan until today, traitors in Pakistan’s political and military leadership exploited the resources of Pakistan and its armed forces to secure American interests in Afghanistan. However, after losing thousands of soldiers and civilians for American interests America continues to demand from Pakistan to “do more,” whilst India “gets more” from America. The Afghan policy of traitors in the political and military leadership is not independent from any aspect, rather its only objective is to achieve the American interests, even it allows the belligerent enemy, India, to establish her presence in Afghanistan.

After the Peshawar Army Public School attack, the strenuous efforts of the Raheel-Nawaz regime in order to settle the Afghanistan issue according to American interests, are so obvious that even the families of the martyrs are declaring the attack as an inside job and their doubt about the sincerity of Raheel-Nawaz regime in their investigation. The mask is falling from the regime and its Nation Action Plan, which exploited the tragedy of the Peshawar school attack, and is indeed an American Action Plan. It is an obligation upon the sincere officers within the armed forces to stop this treachery, which was started by Musharaf and is ongoing. If this is not done, then next year, even after the change of guards in your command or an extension for Raheel is a reward for his treachery, traitors in the leadership will continue this treachery as well. Therefore it is imperative that sincere officers must come forward now to stop this treachery and give Nussrah to **Hizb ut Tahrir** for the establishment of Khilafah upon the method of the Prophethood.

﴿إِن يَتَفَوَّكُم يَكُونُوا لَكُمْ أَعْدَاءً وَيَبْسُطُوا إِلَيْكُمْ أَيْدِيَهُمْ وَأَلْسِنَتُهُم بِالسُّوءِ وَوَدُّوا لَوْ تَكْفُرُونَ﴾
