Bomb Blast at Shah Noorani Shrine

**Muslims of Pakistan are Paying the Price in Blood of the
American and Indian Presence in Afghanistan**

On Saturday, 12th November 2016, fifty two people were killed by a bomb blast at the Shrine of Shah Noorani, situated in Kuzdar, Baluchistan, 250 km away from Karachi. Hizb ut Tahrir Wilayah Pakistan strongly condemns this brutal bomb blast and prays for the salvation of those who were killed in this attack and patience for their relatives.

Since August 2016, this is the third major atrocity in which dozens of people have been killed ruthlessly. As previously, the Raheel-Nawaz regime laid the blame on those who are against the China-Pakistan Economic Corridor (CPEC), meaning India. By doing so, the regime has shunned its responsibility of arresting the culprits and sent a message that to the people that they must accept this tragedy and move on. However, Hizb ut Tahrir asks the rulers that if India is responsible for these brutal incidents, then why do they not cut ties with India and deal with it on a hostile footing as Islam has mandated? And if India is using Afghan soil for these criminal activities then why are relations with America not ceased immediately, for it is the US that has opened the doors of Afghanistan to India, granting her an unprecedented presence there which it uses to attack Pakistan?

The Muslims are aware that atrocities from the Army Public School Peshawar to the attack on the Quetta police academy have never been investigated properly. Political, military and non-military officials are not booked for their negligence and these incidents are always used instead to promote the war of Fitna against Islam, which is being fought to secure American interests in this region. The Muslims are also aware that the Raheel-Nawaz regime blames India directly and America indirectly for these incidents, yet it is still working day and night to provide political and military support for ensuring American presence in Afghanistan, which has secured Afghan soil for India to use against Pakistan.

These incidents will not cease until the enemies of Islam and Muslims, America and India are not ejected from Afghanistan. However, this will not be done by the Raheel-Nawaz regime as it is a lion against Muslims but a mouse before the real enemy. So it is bold in suppressing the Muslims of Pakistan to accept the domination of America, but weak in front of America and India, the enemies of Muslims. Therefore, it is a must for the Muslims of Pakistan to become part of Hizb ut Tahrir in its struggle for establishing the Khilafah in Pakistan. Only a rightly guided Khaleefah will cut ties with America and India and mobilize the Muslim armed forces to eject both America and India from this region and restore peace and stability. Allah swt says,

﴿وَقَاتِلُوهُمْ حَتَّىٰ لَا تَكُونَ فِتْنَةٌ وَيَكُونَ الدِّينُ لِلَّهِ﴾

“And fight them until there is no more Fitnah and worship is for Allah (Alone)” [Al-Baqara:193].
