End Democracy, Establish Khilafah:

Pakistan's Dying Regime Desperately Seeks Trump's Support by Slandering and Seizing the Advocates of Khilafah

As Muslims increased their worship in Shaban in preparation for the blessed month of Ramadhan, Pakistan's rulers strove to earn more of the anger of Allah (swt). Not satisfied with launching their thugs to seize the advocates of the Khilafah (Caliphate), Pakistan's rulers then deployed their whispering shayateen to slander Hizb ut Tahrir with bare-faced lies. They first tested the waters on 10 May with a televised ticker and then secured a newspaper report on 11 May, accusing the advocates of Khilafah with possession of "explosive" materials! By doing so, Pakistan's rulers have confirmed their own weak stance before the "explosive" call for the ruling by all that Allah (swt) has revealed, by resorting to force because they have nothing from the Quran and Sunnah to support them. Indeed, Hizb ut Tahrir is known and respected throughout Pakistan for its non violent call for the re-establishment of the Khilafah on the Method of the Prophethood and previous slander campaigns have only undermined those who launched them.

As for why the regime would drop a hammer on its own feet by seizing and slandering the advocates of the Khilafah, it is through desperation as it sees its end. With the anger of the people rising against them to unprecedented levels, Pakistan's rulers resort to appealing to their masters in Washington for support in their stubborn cling to power, both in the federal government and in the Punjab province. So, the rulers insisted on announcing an IMF- approved budget, just before elections, to confirm to the colonialists that they will continue to lay waste to Pakistan's economy. To win Trump's affection, they repeatedly cry for peace with Modi, even as he soaks his hands in the blood of our soldiers and our civilians through relentless aggression across the Line of Control. And to score extra marks with their handlers in America's global terrorist organization, the CIA, Pakistan's rulers have launched a blistering campaign against the advocates of the Khilafah, knowing that the prospect of the re-establishment of the Khilafah in Pakistan is that which deprives the crusaders of sleep.

Thus, Hizb ut Tahrir/ Wilayah Pakistan proclaims to the rulers and their Western masters, ﴿قُلْ﴾ **Say: Die in your anger.** [Surah Aal-Imran 3:119]. It calls upon the media to counter the black slander of the regime, with truthful words about the call for the Khilafah on the Method of the Prophethood. It calls upon the sincere within Pakistan's security agencies to ignore the orders of a dying regime and ensure all obstacles are removed before the advocates of the Khilafah, who have given hope and direction to the Muslims of Pakistan. And it calls directly to the sincere within the armed forces to seize the treacherous rulers, who depend on our enemies for support rather than our good people, and grant the Nussrah to Hizb ut Tahrir for the re-establishment of the Khilafah on the Method of the Prophethood. Is it not time for the end of the rule of force, so that we celebrate the glad tidings of RasulAllah (saaaw)? Ahmed narrated that RasulAllah (saaw) said, ﴿ثُمَّ﴾ **Then there will be rule of force, and it will remain as long as Allah wills it to remain. Then Allah will end it when He wills. Then there will be a Khilafah on the Way of the Prophethood.** Then he fell silent.
