

Press Release

The Shifa Massacre is a Witness to the Failure of the Rulers and the Criminality of the Enemies!

(Translated)

At dawn on Monday, Jewish forces withdrew from Al-Shifa Medical Hospital and its surroundings, after an attack on the complex and its surroundings for two weeks, which led to the death, injury, and arrest of hundreds. Scenes showed the spread of charred bodies of martyrs in the streets and roads surrounding the Shifa Medical Complex, while medical sources reported that hundreds of bodies of martyrs were found in the complex and the streets surrounding it following the withdrawal of the occupation forces. Sources stated that the occupation forces burned the buildings of the medical complex and caused it to be completely out of service; confirming that the extent of the destruction in the complex and surrounding buildings is extensive.

Thus, the Jews continue their tyranny, corruption, and crimes against our people in Gaza, the pride. In scenes that the beasts of the jungle distance themselves from, in sight and even with the complicity of all the countries of the world, led by America, Europe, and the countries of the democratic world, advocates of freedom and human rights. And a stone's throw away from the Ummah's armies stationed in their barracks, in Egypt, Jordan, Turkey, the Hijaz and the rest of the Muslim countries. With the blessing of the treasonous and puppet rulers in the Muslim countries, the best of whom are content with counting the martyrs and the wounded, while they provide the usurping entity with a lifeline, and participate in supplying it with the food, clothing and weapons it needs, and contribute to besieging our people in Gaza and starving them to the point of death to force them to surrender and submit to the occupation.

Although we are in the blessed days in the month of Ramadan, the month of victories, jihad, and conquests, Muslim rulers and their intelligence services have increased their security measures to suppress the people and prevent the Ummah and its armies from moving to support Palestine, Al-Aqsa Mosque, and Gaza, just as the rulers of Jordan, Egypt, and the rest of the Muslim countries are doing.

Thus, the massacres against our people in Gaza continue and escalate, as the Jews and America seek to crush Gaza, its people, and its mujahideen, as long as they remain confident in the submission and connivance of the Arab and Muslim rulers with them, and even by giving their assistance by providing land bridges, misleading speeches, and treasonous mediations.

The Jews would not have been able to continue their devastating war on Gaza had it not been for the collusion of the Arab and Muslim rulers with them, especially the neighbouring rulers. There is no way to support Gaza and rescue its people except by the movement of the Ummah and its armies to overthrow the puppet rulers and march towards Gaza and Al-Aqsa Mosque liberating them, chanting "Allahu Akbar" and "La Ilaha Illa Allah". Then, they will be granted Allah's victory and He (swt) will heal the breasts of the believing people.

O Armies of the great Islamic Ummah: ﴿انْفِرُوا خِفَافًا وَثِقَالًا وَجَاهِدُوا بِأَمْوَالِكُمْ وَأَنفُسِكُمْ فِي سَبِيلِ اللَّهِ ذَلِكُمْ خَيْرٌ لَّكُمْ إِن كُنتُمْ تَعْلَمُونَ﴾
"Go forth, whether light or heavy,¹ and strive with your wealth and your lives in the cause of Allāh. That is better for you, if you only knew" [At-Tawba: 41].

And Allah is with you and will never deprive you of [the reward of] your deeds.
