One Year After Al-Aqsa Flood

(Translated)

Tawafan Al-Aqsa (Al-Aqsa Flood) has left an impact on the Ummah and the world that will resonate far into the future. Thus, the verse of Allah (swt): ﴿لَنْ يَضُرُّوكُمْ إِلَّا أَذًى وَإِنْ﴾
﴿يُقَاتِلُوكُمْ يُؤَلُّوكُمْ يُلَاقُواكُمُ الْأَدْبَارَ ثُمَّ لَا يُنصَرُونَ﴾ **“They will not harm you except for [some] annoyance. And if they fight you, they will show you their backs; then they will not be aided.”** [Surat Aal-i-Imran:111] was realized as a clear reality before the eyes of the world.

It has made clear that the Jewish entity is weaker than a spider's web, and that all the wars it has fought and claimed victory in were merely superficial battles. The reality was proven on October 7, 2023, in the Battle of Al-Karama, the Battle of Al-Quds, and the October 6 War of 1973, if not for the ploys of treachery that followed.

It also demonstrated that all the claims of this monstrous entity about its military and technological superiority melt away with its cowardice, the cries of its soldiers, and their retreat alongside their leaders to shelters, their eyes spinning like those overcome by the fear of death.

How could it not be so, when Allah has said about them: ﴿ضُرِبَتْ عَلَيْهِمُ الذِّلَّةُ أَيْنَ مَا تَقِفُوا﴾
﴿إِلَّا بِحَبْلٍ مِّنَ اللَّهِ وَحَبْلٍ مِّنَ النَّاسِ﴾ **“They have been put under humiliation [by Allah] wherever they are overtaken, except for a covenant from Allah and a rope from the Muslims.”** [Surat Aal-i-Imran:112].

They cut off the rope of Allah through their disbelief and their killing of the prophets, and all that remains is the rope of the West and its followers, among our rulers, which the Ummah is on the verge of severing.

The cowardice of the Jewish entity would never have dared to do what it did in Gaza, the West Bank, and Lebanon if it weren't confident that the Muslim rulers are complicit in its crimes against the Islamic Ummah, its capitals, and its cities. These rulers believe that the rise of the Ummah would mean the end for them and their regimes. They stand united with the kafir West in its war against the Ummah.

The image of the mujahedeen of Gaza, engaged in zero distance, will remain in the memory of the Ummah, recalling the image of the righteous predecessors in their jihad and honor, inspiring the Ummah to follow their example. The likes of Maher Al-Jazi, Hassan Al-Turki, and Mohamed Salah, along with their brethren, represent the hopes of the Ummah in its aspiration to liberate Palestine. This hope was evident in the funeral of Hassan Al-Turki and the chants of the people of Jordan, declaring that

they are all Al-Jazi and that they long for the liberation of Palestine and prayer at Al-Aqsa Mosque.

The Islamic Ummah is ready to engage in its battle, to move from the resistance of individual groups to a widespread movement led by the armies, with the support of the Ummah that longs for the meanings of jihad, liberation, conquest, and victory. The armies of Egypt, Jordan, Turkey, Pakistan, and others, like Muslims all over the world, are eager for the decisive battle that will uproot the Jewish entity from its roots. However, it is the criminal regimes that bind them and prevent them from jihad for the sake of Allah. This is why October 7, 2023, must serve as a catalyst for the sincere members of these armies to break the chains, topple the thrones, remove the borders, and liberate the Ummah from the shackles of the rulers who are agents of America and the Jews. Then, the Ummah will unite with its armies and rise to carry its message under divine leadership, with the victory of Allah (swt) descending upon them, making America and its allies taste the humiliation of defeat.

Our enemies, the kafir West and the Jews, are closely watching the movements of our Ummah and fully realize that it is on the verge of seizing the throats of the agent regimes loyal to them. This is why they are racing against time, working to break the Ummah's strength, and bringing their armies to strike at its cities, hoping to impede the flood that will uproot them. Our enemy is in a state of defense, even though it may seem like it is initiating the attack. For them, this is a battle for survival, but for us, it is the labor pains of a new birth.

Today, the world has witnessed the degradation of its values and systems, and how its politicians and rulers have committed crimes against humanity. They are bloodthirsty, and this world has never known such misery as it has under Western civilization, which has claimed to uphold values, morals, and humanity, presenting itself as the moral compass of the world! The illusion has been shattered, and all that remains is for the Islamic Ummah to present its civilizational project as a saving alternative for all of humanity.

The Islamic Ummah and its armies have no choice but to rise to the occasion, on the level of October 7, 2023, on the level of the battle that the disbelievers and their allies are waging against us collectively, and on the level of saving humanity, lifting the dust of weakness and the sense of helplessness. This Ummah is the only one capable of changing the course of history.

﴿كُنْتُمْ خَيْرَ أُمَّةٍ أُخْرِجَتْ لِلنَّاسِ تَأْمُرُونَ بِالْمَعْرُوفِ وَتَنْهَوْنَ عَنِ الْمُنْكَرِ وَتُؤْمِنُونَ بِاللَّهِ﴾

“You are the best nation produced [as an example] for mankind. You enjoin what is right and forbid what is wrong and believe in Allah.” [Surat Aal-i-Imran:110]
