The People of Palestine are Being Killed by the Hands of the Jews and Their Cheap Arm, The "Palestinian Authority."

(Translated)

The Palestinian Authority security forces killed Yazid Ja'ayseh from Jenin camp, and Muhammad al-Amer (13 years old) in front of his father, after killing the boy Rabhi al-Shalabi in cold blood a few days ago. They stormed Ibn Sina Hospital a week ago and opened fire in the emergency department, and deployed their forces and snipers on the roofs of buildings and in the streets, in a scene that matches the scene of the crimes of the Jews in Gaza inch by inch and arm by arm. They operate with the mentality of the Jews who hate the people of Palestine and take revenge on those who harmed them even with a word, then when people go out rejecting the crimes of the Authority, they fire tear gas at them, so that it and its forces reveal their face, which becomes increasingly ugly and bleak, time after time, and they prove that they are with the Jews and from them, and have no connection to the people of Palestine even if they are of their own skin.

Dayton's devices were moved by order and guidance from Abbas: "Do not leave until the mission is accomplished." The (holy) Security Coordination Authority recruited its mouthpieces to legitimize its crime against the people of Jenin camp and its mujahideen, starting with its prime minister, passing through its electronic flies, and not ending with the Ministry of Awqaf, which instructed Khutaba' to glorify the security services and call on people to rally around them while they kill people in the name of maintaining security and preventing chaos, until the role of the Endowments becomes the role of the shabiha sheikhs! If the Ministry of Awqaf and the Authority behind it had an ounce of shame, they would have reconsidered their calculations after people left Friday prayers at the Hajj Maazuz al-Masri Mosque in Nablus, rejecting its positions calling for support for the security services loyal to the Jews.

The crime of those being pursued today in Jenin camp or elsewhere is that they directed their weapons towards the occupation, and said that they were fighting in the path of Allah against the Jews, so they killed as many Jews as they killed in Jenin, Nablus, Tulkarm and all of the West Bank. It was difficult for them to eliminate the struggling youth, who chose to carry their souls in one hand and their weapons in the other, despite their knowledge that the battle was not equal, and that their hand was incapable of liberation without soldiers to help Palestine and its people.

This crime committed by the Palestinian Authority (PA) is a service to the Jewish entity. It accepted, and even rejoiced, that it would be the hand with which it kills the

people of Palestine. What it failed to achieve in terms of disarming the Jenin camp and killing its fighters is being carried out by the Authority and its apparatuses. ﴿هُم﴾
﴿الْعَدُوُّ فَاحْذَرُهُمْ فَاتْلَهُمُ اللَّهُ أَنَّى يُؤْفَكُونَ﴾ **“They are the enemy, so beware of them. May Allah condemn them! How can they be deluded ‘from the truth’?”** [Al-Munafiqun 63:4]

The justifications of the PA for “maintaining security,” “fighting ISIS and terrorism,” and “imposing order” do not deceive the people of Palestine, who detest the PA and its henchmen and have witnessed their failure to support our people in Gaza, and their failure to face the rampage of settler herds in the West Bank. They have seen them hide in their headquarters during the occupation forces’ raids, even on their security squares, and they have come to know that they are a distorted image of the existing and defunct regimes in the Muslim countries, such as Bashar, Gaddafi, Sisi, and Ibn Salman, who killed and tortured the Ummah under these slogans and similar ones.

O Our People in the Blessed Land: The ones who have been cursed are moving rapidly to strengthen the settlements and create new facts that will leave you with two choices: surrender or displacement, and the Palestinian Authority knows this, and has decided to submit to them and be their dirty tool in implementing their criminal policies, thinking that in doing so it will preserve its existence, but it is impossible, impossible, for it is a dirty tool for them, and if it is exhausted and its validity expires it will be thrown into a deep valley.

Today, the people of Palestine are caught between two hammers; The Jewish entity and its cheap arm (the Palestinian Authority), they do not doubt, with their firm faith and trust in Allah, that the Holy House will be cleansed from the filth of the Jews and their supporters, with pure hands as it was in Hattin, and today they see the entire Ummah of Muhammad (saw) escaping the shackles of the systems of subservience and treason, until it witnesses with its faithful soldiers the prayer of liberation in the Al-Aqsa Mosque, at which time the excuses of the oppressors will be of no use, and the Ummah will not forgive them, nor will it leave the blood of its sons, and will pursue the traitors even if they cling to the cloth of the Kaaba.

﴿وَيَقُولُونَ مَتَى هُوَ فُلْ عَسَى أَنْ يَكُونَ قَرِيباً﴾

“When will that be?” Say, “Perhaps it is soon!” [Al-Isra 17:51]
