The Enemies of Allah, the Jews, Announced their Operation in the West Bank to Safeguard their Settlers So What Did the Palestinian Authority Do?

(Translated)

The Jenin camp returns to be the focus of the scene after Gaza. Although it was not absent from it before or during the aggression on the Gaza Strip. But it returns to express the state of Palestine in a clearer and more evident way of the affliction, and to express the state to which the Palestinian Authority (PA) has deteriorated, withdrawing its elements to its headquarters with every military operation carried out by the occupation against the people of Palestine.

After the Palestinian Authority carried out the dirty role, in implementation of the dictates of America and the Jews, in besieging the Jenin camp for more than 48 days, and fighting its people in a sinful operation called Protect the Homeland! That crime for which it recruited all its institutions, media, and online bullies, and mobilized for it the hypocrites and applauders who gave the mandate to shed the blood of their brothers. Then it accepted a deal with the people of the camp that coincided with the deal with the Jews in Gaza, which it broke, as their Jewish guardians usually do in breaking covenants. And here it is, as is its habit, it withdraws its elements with their equipment and weapons and leaves the camp's vicinity for the Jewish forces to enter it, under the eyes of its withdrawing apparatuses, their inner voice says to the PA and its henchmen: You failed the test and were unable to kill those we wanted to kill in the camp, so leave humiliated and defeated so that we can do the job. The PA left with its weapons, leaving Jenin and its camp with its civilians isolated to face the Jewish killing machine, which added ten martyrs to its initial tally, to the dozens of those who were previously wounded and killed by their brothers under the pretext of being "outlaws"!

All this is happening while the West Bank is being cut off by hundreds of barriers and gates, which have turned every city, and even every village, into a small prison. The only manifestations of alleged sovereignty left for the PA are the brutality of the people of Palestine, the violation of their sanctities, and the confiscation of their money. **But its men do not understand, and they still do not see the dark fate that awaits them, either at the hands of their masters when their role ends, or in the courts of the Ummah that will hold accountable those who oppressed it and colluded with its enemy against it.**

The aggression of the Jews against Jenin once again after their aggression against Gaza shows the great hatred and intense hostility they harbor towards the believers. The fire of their rage has not been extinguished, but rather it has been

further fueled by what they have encountered at the hands of the mujahideen of Gaza. It reveals what they have planned to do to impose new facts on the West Bank that will enable them to expand their settlements, confine the people of Palestine to cantons that can be closed at any moment, and give the people of Palestine two choices: either surrender and live in humiliation under their spears, and a humiliated authority that acts at their command as their security arm, or the second is to displace whoever they can from the people of Palestine, directly or indirectly.

O Ummah of Islam:

The people of Palestine with their blood, women, children, elderly and land, the land of Isra' and Mi'raj (which is the land of Islam), will remain a burden that you bear, and neither the Gaza deal, nor the heroism of its mujahideen, nor the steadfastness and patience of the people of Palestine will lift it.

The Blessed Land and its people will remain a burden and a heavy load on the necks on the Day of Judgment, which will not be removed by the condemnation of the rulers, nor the weeping of the people, nor the supplications of the mosques, nor the reconstruction, nor the food, drink, medicine or shrouds' supplies.

The Blessed Land and its people will remain a burden and a heavy load on the Day of Judgment unless you break the borders that have separated you, and reduced you to cautionary tales, and torn your country apart.

The Blessed Land will remain a burden and a heavy burden on the Day of Judgment unless you, O Ummah, deal with the harmful regimes that colluded with the Jews in their aggression and supported them against the people of Palestine with the siege and supply lines and prevented you and your soldiers from supporting their brothers, although victory can be in their hands if they rise up to support Allah and His Messenger.

The land of Isra' and its people will remain a burden and a heavy load on the Day of Judgment unless the banner of Jihad is raised and the Takbeers rise above the horizons of those marching to Palestine, leading to Allah's promise of liberation and returning Al-Quds and its environs to the authority of the Muslims, and the heart of the House of Islam.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا مَا لَكُمْ إِذَا قِيلَ لَكُمْ انْفِرُوا فِي سَبِيلِ اللَّهِ اثَّاقَلْتُمْ إِلَى الْأَرْضِ أَرْضَيْتُمْ بِالْحَيَاةِ الدُّنْيَا مِنَ الْآخِرَةِ فَمَا مَتَاعُ الْحَيَاةِ الدُّنْيَا فِي الْآخِرَةِ إِلَّا قَلِيلٌ﴾

“O believers! What is the matter with you that when you are asked to march forth in the cause of Allah, you cling firmly to ‘your’ land?¹ Do you prefer the life of this world over the Hereafter? The enjoyment of this worldly life is insignificant compared to that of the Hereafter” [At-Tawbah: 38].
