Satanic Political Movements Exploit the Pure Blood of the People of Palestine to Serve the Jews and Americans

(Translated)

Recent days have seen political movements and meetings by US Secretary of State with the Palestinian Authority President Mahmoud Abbas and King Abdullah II of Jordan, and he also held talks with Prime Minister of the occupation, Netanyahu. The focus of these meetings was to ease what they called the tension in Palestine and calm and maintain the existing "status quo" agreed between Jordan, the Palestinian Authority (PA) and the Jews in Al-Aqsa Mosque, which guarantees the Jordanian supervision of Al-Aqsa Mosque. The King of Jordan welcomed Netanyahu's remarks in which he promised to preserve the status quo and the attendance of the Muslims to pray at the Al Aqsa Mosque and non-Muslims to visit.

We in Hizb ut Tahrir/ Palestine condemn these meetings and reject the outcome altogether and emphasize the following:

These American actions come at a time when the people of Palestine showed courage, initiative, and sacrifice in confronting the occupation with bare chests and simple tools, and exposed the fragility of the entity of the Jewish occupation and its soldiers' cowardice, and fearing for the PA leaders and rulers, who were terrified by the demands of the people of Palestine and the Ummah to move the armies of the Ummah and to fight against the occupation and the elimination of its fragile entity and to support Al-Aqsa Mosque and the liberation of Palestine and its people from the clutches of the occupation.

These political moves pinned the issue with the occupation on the subject of supervision of the Al-Aqsa Mosque and the attendance of worshipers, and forgetting the wounds and pain of the people of Palestine and undermining the foundations of Al Aqsa Mosque resulting from the presence of the occupation and the establishment of its entity on the land of Palestine after it has displaced people and committed massacres and is still committing them to this day. The PA president went as far as to wipe out the question of Palestine and the uprising of its people to remove the occupation of its existence by saying to John Kerry, "These young men are angry, and lost hope and want independence", and he restricted the protection of the people of Palestine by requesting international protection, and the formation of an international investigation committee, and opening a political horizon for the completion of the final solution files on with solving of the issue refugees, prisoners, and Jerusalem at the top of the list, to restore the lost hope.

What the President of the PA proposed to Kerry carries the call for a new occupation of Palestine that supports the Jewish occupation in its occupation, and protects it from the wrath of the people of Palestine and prevents the Liberation of Palestine by the Ummah and its armies that are yearning to fight the Jews, and liberate the whole of Palestine, and the international commissions of inquiry are the best way to absorb these facts, like what happened in the massacres in Jenin and the Goldstone Report and the crimes of the Jews in Gaza. As for opening a political horizon and to end the final solution issues, it is an explicit call for the elimination of the question of Palestine in accordance with the American agenda, and installing the Jewish entity of occupation over most of Palestine, in return for the authority or scanty mini-state over a small part of Palestine without sovereignty, without basis and inability to provide security and food for the people of Palestine as well as protecting them.

Netanyahu and his army and the settlers have indulged in bloodshed in order to frighten the people of Palestine and to impose a new reality on the ground that strengthen their presence and serve their ambitions in the Blessed Land, but these pure blood send a clear message that Palestine and the Al Aqsa Mosque is in need of liberation from the clutches of the brutal Jewish occupation so that the people of Palestine live in security and safety with the rest of the Muslims in the world, and Palestine and Al-Aqsa Mosque returns to the sovereignty of the Islamic Ummah so it may protect it and all the sanctities and places of worship of Christians from the attacks, arsons, and demolition.

Let this entity, the PA, and rulers know that there are men devoted themselves to Allah (swt), working day and night to overthrow these rulers and give pledge of allegiance to a Khalif of the Muslims who will mobilize the Ummah and its armies chanting Takbeers (Allahu Akbar) and Tahlil (la ilaha ila Allah) to eliminate the Jewish entity and liberate the whole of Palestine, and that this will be soon, Allah willing, and despite the wishes of the Kuffar.

“And [mention] when your Lord declared that He would surely [continue to] send upon them until the Day of Resurrection those who would afflict them with the worst torment. Indeed, your Lord is swift in penalty; but indeed, He is Forgiving and Merciful” [Al-A’raf: 167]
