**By moving the Armies of the Ummah and Eradicating the Jewish entity from its Roots
The Massacres will be dealt with and Liberation and the Right of Return will be Achieved**

(Translated)

A horrific massacre was committed by the Jewish entity that killed dozens and wounded hundreds unarmed civilians; who participated in the return march on Earth Day. Despite the threats of the Jews, thousands participated expressing the sincerity and courage of the people of Palestine and their rejection of the invalid agreements that legitimized the Jewish occupation of most of Palestine.

The repeated crimes of the occupation against Palestine and its people, and the pure blood that irrigates the Blessed Land is a disgrace on the rulers and the leaders of the Palestinian Authority; who compromised and negotiated with the occupation, and recognized and legitimized its takeover of most of Palestine, thus the occupation escalated the shedding of blood of the people of Palestine and increased its brutality and arrogance and accelerated the identity change to the Jewification of the land and sanctities.

The movements of the people of Palestine emphasize that the true and correct meaning of the concept of return is the liberation of the whole of Palestine, and its return to the body of the Muslims, and its people return to it proudly and not humiliated by the weapons of the Occupation and its control. The promoted argument that calling for the right of return is linked with the recognition of the Jewish entity and its legitimacy on the Occupied Land of 1948, is a betrayal and political deception and allowing the conspiracy to abandon Palestine to take place.

The Ummah is able in hours of a day to restore Palestine to its people; it has the driving doctrine of jihad and martyrdom for the sake of Allah, and possesses weapons and mighty armies that are eager to march towards the Jewish entity to crush it and uproot it from existence, and to liberate the land and sanctities and realize the true meaning of the right of return by the return of the Blessed Land with honour to the authority of Islam. But the rulers and Palestinian Authority (PA) and those who follow them are satisfied with pushing the defenseless people to face the bullets of the occupation with their bare chests while they keep the armies shackled in their barracks or they bring them out to oppress the people and fight Muslims to serve America and the West.

The condemnation by the rulers of Turkey, Egypt, Jordan and others for the crimes of the occupation is nothing but a political deception; they are real partners of the Jews in killing the people of Palestine and in supporting the Jewish entity and protecting it. Egypt applies its siege on the Gaza Strip, Jordan is struggling to protect the longest border strip of the Jewish entity, and the weak PA is calling for international protection for the people of Palestine so that they live under a new international occupation that instills the existence of the Jews which brings on more criminality and more dangerous.

We in Hizb ut Tahrir confirm that the pure blood of Muslims is not a commodity for trading between colonial powers or regional states. It is not a ride to pass agreements and deals or a fuel for an authoritarian struggle or an excuse for bringing international occupation to Palestine. Rather for Palestine's sake the heavens tremble. And for its sake energies are united to topple the rulers who failed to support it and its people, and to pledge allegiance to the Ameer of the believers in the Khilafah Rashidah (rightly guided Caliphate) on the method of Prophethood, who will lead the Ummah and its armies in the battle fields of glory and victory and jihad for the sake of Allah, to liberate Al-Quds and all the occupied Muslim lands and uproot the entity of Jews and repel America and colonial countries from Muslim countries in humiliation.
