**The Launch of the Activities of the Commemoration of the 98th Anniversary
of the Destruction of the Khilafah under the Slogan:**

"The Khilafah is a Victory from Allah and Imminent Conquest"

(Translated)

Hardly a day passes or even an hour, without the Ummah sensing its need for a strong body to resort to, it senses the need for a state that defends it in the face of the fierce colonial campaigns that target it, to stop its bloodshed, protect its honour, protect its sanctities, unites it and put an end to the abhorrent sectarian strife and artificial imaginary borders that tore and divided into parts the Ummah. Here in Palestine, there in Syria, in Iraq, Egypt, Libya, Sudan, Yemen, Afghanistan, Myanmar, and East Turkistan ... Throughout the globe, Muslims live in difficult conditions, surrounded by colonizers everywhere, and their plight grows and hardship is tightened and the Ummah awaits a close solution and near Dawn.

In the month of Rajab is the anniversary of the destruction of the Khilafah (Caliphate), a painful memory, but it carries with it the good news for an Ummah that is used to rising after every infliction, for an Ummah that holds the key for success; a divine ideology and a civilized project and men ready to fight for the sake of Allah and for the sake of His call, and propagate its message to the worlds.

On this occasion, Hizb ut Tahrir in the Blessed Land of Palestine this year commemorates this anniversary this year with various activities and events under the slogan: **"The Khilafah is a Victory from Allah and Imminent Conquest"**, to promote in the Ummah several ideas, the most important are:

- The Khilafah is the salvation of the Ummah, a Shariah obligation, the only practical way that liberates it from the hegemony of colonialism.
- The Ummah is capable of change despite what has struck it and what it is exposed to; having lessons in history and in the present.
- The Khilafah is the promise of Allah and the glad-tiding of His Messenger (saw) which will be established soon, Allah willing.
- The international colonial attack campaign have intensified against the Ummah is an evidence of the colonists' realization of the danger to their interests and influence in our country.
- The Khilafah protected Palestine from the enemies ... It is able to liberate it again after the regimes in the Muslim countries conspired against it and let it down
- The Khilafah will implement Islam, which will save humanity from the misery of capitalism and its political and economic crises. Islam in under the Khilafah will reach all the corners of the earth. This is what Allah and His Messenger promised us, and Allah and His Messenger are truthful.

We are aware of the greatness of the infliction and the seriousness of the stage, and we proceed with this awareness to overcome the difficulties for the sake of establishing the Khilafah Rashida (rightly guided Caliphate) on the method of Prophethood. We renew the call to all the Ummah's forces to mobilize their energies with us to work for this great objective, to revive our Ummah, restore our dignity and liberate our sanctities and bring out humanity from the darkness and oppression of Capitalism, to the justice and mercy of Islam. So for this let the competitors compete.
