Sudanese Politicians are Executing America's Conspiracies to Tear the Country Apart!

(Translated)

On Thursday, February 13, 2025, Al-Sharq reported that Osama Saeed, a leader in the Revolutionary Front, stated: "Our group is planning to announce a government by the end of February." He was referring to a parallel government to the one currently based in Port Sudan. He further explained: "The levels of governance in the civilian government within areas controlled by the Rapid Support Forces (RSF) will include a Sovereign Council president, members, and a Council of Ministers."

The insistence of certain politicians—who were previously part of the Taqaddum coalition—on establishing a parallel government to Al-Burhan's administration in Port Sudan, specifically in RSF-controlled areas, comes at a time when the army is advancing and securing vast areas of Al-Jazira, Khartoum, and beyond. Meanwhile, RSF forces are moving toward Darfur, their stronghold, where they already control four-fifths of the region, with only North Darfur remaining outside their grasp. If, Allah forbid, Al-Fashir falls to them, all of Darfur would be under their control. It is in these areas that Osama Saeed and other politicians seem intent on establishing their government, making Darfur a prime candidate for secession—just as South Sudan did. This aligns with a long-standing colonial plan.

And sadly, this is happening at the hands of the very sons of this afflicted country—opportunistic politicians who are agents of the colonialist Western kufar. They are carrying out the project of Bernard Lewis, the American Jewish historian known as the "executioner of the Middle East," who advocated for further division and fragmentation of Muslim lands along ethnic, sectarian, and regional lines. In a secret session in 1983, the U.S. Congress adopted Bernard Lewis's vision, under which America seeks to break Sudan into five separate states, as former President Omar al-Bashir mentioned in one of his media interviews.

Through Al-Bashir and other politicians, America successfully separated South Sudan via the disastrous Naivasha Agreement. Now, it is striving to separate Darfur through politicians who have betrayed Allah, His Messenger, and the believers—selling their religion for the worldly gains of others!

We in Hizb ut Tahrir / Wilayah Sudan had previously warned against the separation of South Sudan and urged the people of Sudan to be aware of the colonialist kufar's schemes to tear our country apart. Now, we are exposing the plan to separate Darfur before it happens. We call on the sincere people of this country not to be bitten twice from the same hole. We urge them to stand firmly against the plots of the colonialist Western powers, especially America, and to restrain those politicians who have thrown themselves into the arms of imperialism and are carrying out its conspiracies against our land.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾

"O you who have believed, respond to Allah and to the Messenger when he calls you to that which gives you life." [Al-Anfal:24].
