

Press Response

The Separation of Darfur Is a Heinous Crime Carried Out by Agents A Response to the Article of Dr. Issam Dakeen

(Translated)

I have reviewed an article on WhatsApp under the title: “The separation of Darfur will not be rejected by a rational one! Dakeeniyat (1753) 6/4/2026. Dr. Issam Dakeen,” and among what came in it was: “The title came direct because Darfur has become a stake for Sudan and I have become not hesitating in writing about the separation of Darfur because it is the best and most suitable solution in my view for this historical stake due to what we have seen from the violations of the rebellious, terrorist Darfuri Rapid Support Forces militia in the war of 15 April 2023, and due to what we hear from the youth of Darfur of insults and words not befitting the Sudanese people...”

Due to the seriousness of what came in the article, especially with regard to the calling for the separation of Darfur, the separation which is originally a heinous crime and a filthy American plan to tear apart our country and control it, it was necessary to respond to these points and clarify what was ambiguous to its writer, so that he realizes the reality of the matter and corrects the concept.

I begin my response with a number of questions and inquiries:

Firstly: Is the separation of Darfur really a solution and a remedy, or is it a crime and a conspiracy? And who is the one who plans and executes this conspiracy? Who is the one who made for Darfur a special status and a special rule according to the Doha Agreement so that it is prepared for an evil that was intended for it and planned for it in the dens of evil in the embassies of America, the enemy of Islam and the Muslims?

Secondly: Who is the one who created the Rapid Support Forces (RSF) so that it carries out this filthy task? And who is the one who armed it and made it legal? Who is the one who brought it into the capital? And who is the one who handed to it the strategic places? And who is the one who legislated for it the law in the army so that it becomes legitimized and legalized? Who is the one who protected it with military and political statements so that it is not dissolved? Who is the one who withdraws for it from the cities and hands to it the sites and leaves for it the weapons and equipment to re-supply so that it remains strong?! And who is the one who holds the reins of the army from eliminating the danger of this militia, so that it continues in its project to destroy Sudan and the separation of Darfur?!

Indeed the plan of separating Darfur is part of the plan of the borders of blood; the plan of America to tear apart the lands of the Muslims, which was prepared by the architects of the new American Sykes-Picot agreement to fragment the fragmented, among them Bernard Lewis, the British-born Jewish historian and American citizen, and the architect of the project of dismantling the Islamic lands, especially Egypt, Sudan, Lebanon, Syria, Iran, Turkey, and Afghanistan, into a group of cantons and ethnic, sectarian, and tribal mini-states, by assignment from the American Department of War (the Pentagon).

Likewise, this plan was confirmed by the map of the retired American general Ralph Peters, which he published in the year 2006, and which divides the Middle East into cartoonish mini-states.

And the plan has succeeded by separating the government of al-Bashir the south of Sudan, in collusion with the Popular Movement, under the leadership of the late John Garang, and today is the government of al-Burhan with the RSF proceeding to separate Darfur with the same plan, through suspicious withdrawals, handing over army camps and cities to the RSF, and not moving the armies or the aircraft to end its rebellion! With the knowledge that the army is capable of

ending the war and liberating the land and the people, if only its reins were released from the one who holds it.

Al-Bashir had previously admitted that he passed the tearing of the south under American pressures, stating: "The separation of the south was under American pressure, and the American plan is the division of Sudan into five states" (Interview of Sputnik Russian website with al-Bashir, 25/11/2017). And the confessions of the key figures in his regime and his foreign ministers, among them Ibrahim Ghandour who said: "Indeed the separation of the south was in origin a conspiracy but we accepted it" (Anadolu Agency, 13/4/2017). And on 21/11/2018 the foreign minister of Sudan al-Dirdiri Muhammad Ahmad clarified in an interview with France 24 that his country "helped America in solving the biggest dilemma in the region which is South Sudan".

This implies that they were aware of the plan and were executing it, and today the same scenario is repeated in Darfur, where they made for it a special status by the Doha Agreement on 14 July 2011. A referendum was even conducted for it to become a separate region in the year 2016, and by planning for its separation through the RSF, which the commander of the army, al-Burhan, supervised strengthening it. The conspiracy of fragmentation has already begun since the establishment of the RSF at the hand of the former president al-Bashir, under American sponsorship. This war, which comes within the framework of the international conflict, was ignited by America to secure its influence in Sudan and to remove the agents of Britain from the scene, and it was planned for it that the RSF gather, in the end, in Darfur, and that has been achieved by the strange withdrawals of the Sudanese army from its positions of deployment, and handing them over to the RSF, and then allowing the establishment of a founding government, with a capital, an airport, and a border crossing prepared for it, which the government of al-Burhan renews opening it whenever its period expires. It was allowed to use the old currency, and it receives delegations within a stone's throw from the forces of the army capable of eliminating this government if it were given the instructions to do so, if not for the clear collusion of the agents of America so that this criminal plan passes.

Indeed, it is truly painful that the head of evil and the disbelieving colonizer, America, is able to manage a bloody conflict that harvests lives in Sudan, through its agents who execute the plan openly not secretly, and publicly not covertly, aided in that by a complicit misleading media and mercenary politicians who have no concern except worn-out chairs upon which they sit, which the disbeliever colonizer manages and controls.

Indeed, tearing apart the lands of the Muslims is a great crime, and the one who participates in it bears its sin. From 'Arfajah ibn As'ad, the Prophet (saw) said: «مَنْ أَتَاكُمْ وَأَمْرُكُمْ جَمِيعٌ عَلَى رَجُلٍ وَاحِدٍ، يُرِيدُ أَنْ يَشُقَّ عَصَانَكُمْ، أَوْ يَفْرَقَ جَمَاعَتَكُمْ، فَاقْتُلُوهُ» **"Whoever comes to you while your matter is united upon one man, wanting to undermine your solidarity or divide your unity, then kill him."** And Muslim narrated from Abu Sa'id al-Khudri the saying of the Prophet (saw): «إِذَا بُويعَ لِخَلِيفَتَيْنِ، فَاقْتُلُوا الْآخَرَ مِنْهُمَا» **"If bay'ah is given to two caliphs, then kill the latter of them,"** which confirms the obligation of preserving the unity of the Ummah and not its division.

Therefore, it is obligatory upon the sincere ones from the officers of the army, and the people of strength and power, that they stop this condemned crime, and prevent America, and all the colonial states and their tools, from executing their catastrophic plans in our county, and that they support the great project of the Ummah, by establishing the Khilafah Rashidah (Rightly Guided Caliphate) on the method of Prophethood; for it alone is the exit and the salvation.

The Prophet (saw) said: «...فَإِنَّهُ مَنْ يَعِشْ مِنْكُمْ بَعْدِي فَسَيَرَى اخْتِلَافًا كَثِيرًا، فَعَلَيْكُمْ بِسُنَّتِي وَسُنَّةِ الْخُلَفَاءِ الرَّاشِدِينَ الْمَهْدِيِّينَ، فَتَمَسَّكُوا بِهَا وَعَضُوا عَلَيْهَا بِالنَّوَاجِذِ» **"...Indeed whoever lives among you after me will see much difference, so upon you is my Sunnah and the Sunnah of the Rashideen Khulafaa' (rightly guided caliphs), hold onto it and bite onto it with the molar teeth."**
