

Congratulations on the Blessed Eid ul Fitr

We in Hizb ut Tahrir / Wilayah Sudan are pleased to congratulate you and the whole Ummah on the blessed Eid ul Fitr, we ask Allah (swt) to accept your fasting and night prayers (Qiyam), and that next Eid descends to find that the Muslim Ummah have united under the banner of Okab, the banner of the Prophet (saw), and rejected all the Sykes-Picot flags, and have cut off the meddling hands of the Kaffir colonizer in our lands, and the rest of the Muslim lands, and to find it carrying the good and light and guidance to the deviated (from the truth) world, so that everyone enjoys the laws of the Lord of the Worlds, the Creator of all mankind.

Eid ul Fitr comes this year, and our country Sudan is going from bad to worse in various aspects of life; political, economic, social ... and others, because the politicians in Sudan wanted to be servants of the American project aimed at explicitly secularizing the country, and tearing up what is left of Sudan after the separation of the South. The Government of National Reconciliation's Prime Minister Bakri warned the people of more hardship, and an increase in high prices, when he said to people: "Sudan's economy will not recover except by lifting subsidies, and continuing the policy of economic liberalization", and lifting the alleged subsidies increases the burden on people, by increasing the prices of goods and services.

As the health situation deteriorates in the country, the Minister of Health finally admitted the presence of cholera epidemic, which the government does not want to call it with this scary name, and instead called it "watery diarrhea", many people died as a result, and people are still dying, because this is a government of tax collection not taking care of people's affairs.

We ask Allah to remove from our Ummah the epidemic and the wave of high prices, and the rulers of evil, and to honor us with a righteous Khilafah (Caliphate) on the method of Prophethood, that will restore things to normal, and care for people's affairs with Islam, and everyone will enjoy being looked after in this World, and the pleasure of Allah in the Hereafter.

Eid Mubarak.
