

Press Release

The Crimes of Karimov Rage against the Muslims in Uzbekistan!

(Translated)

The dictator of the century and tyrant of his time, the criminal Jew, the president of Uzbekistan, Islam Karimov, is still launching his barbaric campaigns against the Muslims and in particular against the Da'wah carriers from amongst the Shabab of Hizb ut Tahrir. The crimes that he has already committed are not enough for him like his opening fire upon the civilian residents of Andijan and wiping out his political opponents and those who oppose him intellectually. He has also forbidden the symbols of Islam like the wearing of the Khimaar (veil), the growing of the beard and the wearing of the cap. He has prevented the state employees from performing the Salaah and forbidden the young to enter the Masajid in addition to many crimes that are too many to be counted. These include what the Uzbek regime practises in its prisons and detention centres where the prisoner is not safe and is continuously exposed to bouts of torture, punishment and a host of crimes that those regime following criminals undertake. This is done with the objective of breaking the resolution and honour of the prisoners, and their defiance of the regime's henchmen even in prisons as they remain firm upon the obedience to Allah and refusal to bow to falsehood.

The brothers in the prisons of the tyrant Karimov have sent a letter to their brothers which Hizb ut Tahrir in Uzbekistan included in the accompanying leaflet and in addition the Central Media Office of Hizb ut Tahrir has launched a global campaign in support of the Da'wah carriers in Uzbekistan.

Therefore we invite everyone to follow the activities of this campaign and to participate in it in support of these heroes who have taken the example of the Prophets and Messengers to stand against the tyrant Pharaohic rulers.
