Bats of the Night Ransacked the Office of Ustadh Imad ud-Din Haddouq, a Member of Hizb ut Tahrir

(Translated)

The office of Ustadh Imad ud-Din Haddouq, an attorney at the Court of Appeal and one of the well-known faces of Hizb ut Tahrir / Wilayah of Tunisia, was raided and broken into on 25/10/2018, in a cowardly operation in which the contents and files of the office were vandalized. The night hoodlums hung a threatening message on the office's walls.

These vile and despicable methods are not unknown to us, and it is not difficult to recognize those who carried out or those behind them. If the intention is to target Ustadh Imad ud-Din Haddouq and try to insult him in this way, it exposes their defeat and helplessness when facing Dawah carriers, despite the siege imposed on Hizb ut Tahrir by the Media and despite the pressure practiced on the owners of the halls in order to prevent Hizb ut Tahrir from using them.

We in Hizb ut Tahrir, vow to Allah and the sincere people in the Ummah that these cheap practices will not intimidate us and will not diminish our strength, and we will remain at the forefront of the revolutionaries from our Ummah until it mops away the remaining regimes of treason and subordination and regains its usurped power.
