

Press Release

We Call Upon the Rulers! Come On, Take Action! If Not Now, When?

(Translated)

On Saturday, October 7th, Muslims in Palestine and across Islamic countries woke up to joyful news and great enthusiasm because the Palestinian heroes launched a wide-ranging, comprehensive, and significant operation against the occupying Jewish entity at exactly six-thirty in the morning. In this operation, named Al-Aqsa Flood, Palestinian mujahideen from Gaza entered the occupied territories and attacked military bases, prisons, police stations, and strategic positions of the occupying Jewish entity. They captured the cowardly Jews, who believed they were safe under the Iron Dome, in the streets and roads, humiliated them, and killed hundreds of occupiers while capturing hundreds more.

The terrorist Jewish entity, which has expanded its occupation, deprived Muslims of their lands, and massacred innocent children and women since 1948, encouraged by cowardly Arab governments and the silence of rulers in Türkiye and other Islamic countries, has this time found itself helpless against the attacks of the mujahideen and has started fleeing in every corner. This situation has revealed to the whole world the true extent of the weakness and cowardice of the Jewish entity. While traitorous governments in Islamic countries compete to normalize relations with the occupying Jewish entity, hosting its murderous rulers and engaging in friendly talks with them, the people of Palestine and the heroic mujahideen have shown the world that the true and natural state is the humiliation and impotence faced by the occupier Jews today.

The people of Palestine have done what was expected of them, and now it's your turn, O rulers! The Jews who fled in all directions like startled deer in the face of this operation launched by the heroic Palestinians, what will they do in the face of Turkish soldiers and the Turkish army? The steps you take now will give you the opportunity to write history. You will be talked about for centuries in this great war that you are about to wage. Just as the victory of Salah al-Din al-Ayyubi, who drove the Crusaders out from the Quds, was never forgotten, this great victory will also be remembered for centuries. Do not fear America, which supports the occupying Jewish entity! Do not heed the threats of the senile American president, Biden! And do not forget that the downfall of the occupying Jewish entity will cause them much greater fear!

O Brave Leaders! This is a historic opportunity for you! You have seen what Muslims can achieve without the power of a state and with limited resources. They surprised the occupiers and made them flee without looking back. If you want, you can wipe this usurping entity off the map. You can inscribe your names in history with letters of gold. If you wish to seize this historic opportunity and elevate your status with Allah and the Muslims, act now, for if not now, then when?! You should never look back! The Muslim people of Türkiye will undoubtedly support you in every step you take on this path.

O Muslims! Do not be deceived by those who underestimate the pain and humiliation suffered by the usurping Jewish entity! The falsehood that the Jewish entity is very powerful has now been exposed, and it has been revealed that it is an inflated balloon and a cardboard "state." The next step is to bring it down and sweep it from the blessed land of Al-Aqsa. What will achieve this is the Khilafah Rashidah (rightly guided Caliphate) that will be established very soon, Allah willing. It is the State that will demolish the walls and fortifications of this cowardly enemy, eradicate its presence, and erase it from the map with its armies coming from all directions. Therefore, do not settle for the two-state solution, the American plan for Palestine proposed by Türkiye and other countries as a solution. Do not accept a small Palestine with borders drawn by the kafir America! Instead, demand the Khilafah because the only solution for Palestine is the one and only State: the Khilafah Rashidah on the method of the Prophethood!

﴿وَيَقُولُونَ مَتَىٰ هُوَ قُلْ عَسَىٰ أَنْ يَكُونَ قَرِيبًا﴾

“and they say, "When is that?" Say, "Perhaps it will be soon” [Al-Isra:51].
