

Press Release

O People of Denunciation and Condemnation! Have you found the solution in dividing Al-Quds (Jerusalem) into two?

(Translated)

Following the press conference of the concieted Kaffir Trump, the president of America, in which he declared his recognition of Jerusalem as the capital of the occupying Jewish entity, President Erdogan called for an emergency meeting of the Organization of Islamic Conferences (OIC) in Istanbul to discuss the developments. It was stated in the final statement: "We reject and condemn, in the strongest terms, the unilateral, illegal and irresponsible decision of the President of the United States of America, that recognizes Jerusalem as the capital of the alleged 'Israel', the occupying power, we consider it as null and legally void, and an attack on the historical, legal, natural and national rights of the Palestinian people, a deliberate undermining of all peace efforts, an impetus for extremism and terrorism, and a threat to international peace and security."

Once again the flock of condemning rulers gathered, who are like thunder without rain, and as always the "mountain went into labour" and gave birth to a mouse, and once again they could do nothing but condemn and denounce. But we Muslims have rushed to the squares for a week in all the Islamic countries, especially the Turkish cities, and requested the leaders and rulers to move the armies towards Jerusalem to remove the usurper Jewish entity and expel them from the blessed land...

But they did not listen to the voices of the Muslim people, but to their masters as usual, and rather they stopped, unashamedly, at warning that Trump's decision would give impetus to extremism and terrorism that harms American interests. After many experiences, they continued to talk about peace and international law. This is exactly what US President Trump wanted, because America wanted by preparing this cunning game to bring the question of Palestine back to the agenda and to prepare the international basis for a two-state solution.

"We affirm our commitment to a just and comprehensive peace based on the two-state solution and that East Jerusalem is the capital of the State of Palestine, in accordance with the adopted international guidelines and the Arab peace initiative of 2002 adopted by the extraordinary Islamic summit in Mecca in 2005 as a strategic option," the final statement said.

O Officials! We ask you! Did you find the solution in dividing Palestine into two parts after Trump's arrogant decision? Did you see the solution in the recognition of the Jewish entity within the 1967 borders? Couldn't you come out with a decision to remove the Jewish entity and expel them from Palestine, and yet you posses 57 countries and armies that are in the millions? Couldn't the Islamic Army, which you created and displayed in a great parade, defend your red line? These decisions taken by the OIC are only clear evidence of their association with the American solution of the partition of Palestine into two states. So you will not be the protectors of the Al-Aqsa Mosque, and you will not be able to liberate Jerusalem from the domination of the Jewish entity in this way. You are even incapable of cutting off your relations with America and the Jewish entity.

O Muslims! There is no hope in the group of the leaders of denunciation and condemnation. They are nothing but protectors of the interests of their masters, let alone to liberate Palestine from the hands of the occupiers; they have shamelessly surrendered West Jerusalem to them. All of them do not equal one person like Sultan Abdul Hamid. Once again, it became clear that the liberation of Jerusalem and Palestine would be possible only under the Khilafah Al-Rashida (rightly guided Caliphate) on the method of Prophethood, and if so, then move and work for this cause.
