What Does the Death of the Minister of Communications and Information Technology in the Government of Maeen Abdul Malik in the Emirates Indicate?

(Translated)

On Tuesday, 12/12/2023, the death of the Minister of Communications and Information Technology, Dr. Najib Al-Awj was announced; the minister in the government of the so-called legitimate government, in the city of Abu Dhabi. It is noteworthy that Dr. Al-Awj is a native of Ibb Governorate. He obtained his higher education in Moscow in the early 1990s and has held training courses in London, Britain. He has held previous government positions.

Al-Awj's death in the Emirates raises a big question about the nature of the circumstances he went through before his death, and the truth about his dispute with Prime Minister Maeen Abdul Malik over the sale of Aden Net Company. Especially since the Emirates has not issued any comment so far explaining the death of the Minister of Communications and Information Technology in the government of Maeen Abdul Malik. Is there a relationship between the desire of the UAE company NX in purchasing Aden Net Company, affiliated with the Ministry of Communications and Information Technology, headed by Al-Awj? And regarding the nature of the relationship between the Jewish entity and the Emirates in the partnership of the company NX?

Can it be said that the conflict within the government of Maeen Abdul Malik has reached the point of physical liquidation, as a message to the ministers in this collapsing government that they should obey the orders and dictates directed to them from the Prime Minister, or from Abu Dhabi and Riyadh, the regional players to those who stand behind them in the British-American conflict over Yemen?

What happened in the incident of Al-Awj's death in the Emirates was surrounded by media being poisoned by someone under a government that implemented the dictates of the kaffir colonialists and those who followed them from the Emirates and Saudi Arabia. Every rational person who is involved with these corrupt governments must not be an arrow in the hand of the kuffar, but rather an arrow in the hands of the kuffar. He must save himself, get out of this circle, atone for his sin, and work to serve his Deen and Ummah, otherwise he will regret it when regret is of no use.

These rulers were humiliated, so they despised themselves, some of them began to kill others, and brought in their followers and supporters behind them to implement the plans of the kuffar. Thus, rivers of blood flowed, and the people of the same faith were busy fighting each other instead of fighting the kuffar, after we had been sacrificing ourselves in battlefields fighting the kuffar, as martyrs for Allah under the raised Alokab banner! Will it flutter once again in the hand of the Rightly Guided Caliph after his pledge of allegiance under the Khilafah Rashidah (Rightly Guided Caliphate) on the method of the Prophethood?!

We in Hizb ut Tahrir have repeatedly clarified the reality of the conflict in this good country and made it clear that these rulers are nothing but employees of Western circles, implementing the plans drawn up in London or Washington. We will not exit from the spiral of this conflict except by cutting off the hand of the kaffir colonialists and establishing the rule of Islam in the Khilafah Rashidah (Rightly Guided Caliphate) on the method of Prophethood. This is why we call upon you, O Muslims, because in it is salvation. Allah says: ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾ "O you who have believed, respond to Allāh and to the Messenger when he calls you to that which gives you life" [Al-Anfal: 24].
